(Bald and Golden Eagle Protection Act, 50 CFR 22.22)
U.S. Fish and Wildlife Service

National Eagle and Wildlife Property Repository

NOTE: A Federal Migratory Bird Eagle Parts and Feathers Request Form will authorize Native Americans to use eagle parts and feathers for religious and cultural purposes, including healing, marriage, and naming ceremonies. Recognizing the significance of eagles to Native Americans, the U.S. Fish and Wildlife Service (Service) established the National Eagle Repository (Repository) in the early 1970s to provide Native Americans with the remains, parts and feathers of Golden and Bald eagles for religious purposes.

You should review Title 50 Parts 10, 13, 22.22 of the Code of Federal Regulations (CFR), Morton Policy, DOJ Eagle Feather Policy, Bald and Golden Eagle Protection Act. You are responsible for reviewing and understanding these regulations before you request and accept a permit. Please read "[Frequently Asked Questions](#)" and the pertinent regulations before you sign and submit your application. Please provide the information requested below. If additional information needs to be provided that does not fit in the designated spaces, add additional sheets to your application submission. You may use as many additional sheets as needed. Please number pages accordingly using the page number box provided at the bottom of the sheet, and the corresponding question number.

You should be as thorough and specific as possible in your responses. Incomplete applications will be returned.
