Abstract: Title 5 of the U.S. Code section 5911 authorizes Federal agencies to provide housing for Government employees under specified circumstances. In compliance with OMB Circular A-45 (Revised), Rental and Construction of Government Housing, a review of private rental market housing rates is required at least once every 5 years to ensure that the rental, utility charges, and charges for related services to occupants of Government Furnished Housing (GFH) are comparable to corresponding charges in the private sector. To avoid unnecessary duplication and inconsistent rental rates, the Department of the Interior, Office of the Secretary,

Interior Business Center (on behalf of the Office of Acquisition and Property Management), conducts housing surveys in support of employee housing management programs for the Departments of the Interior (DOI), Agriculture, Commerce, Homeland Security, Justice, Transportation, Health and Human Services, Veterans Affairs, and other agencies. In this survey, two collection forms are used for rental unit data: OS-2000 covering "Houses-Apartments-Mobile Homes," and OS-2001 covering "Trailer Spaces."

Respondents are typically property management companies or significant property owners in specific communities and are contacted by email or telephone. They may provide the rental unit information requested in OS-2000 and OS-2001 verbally, update rental data collected during a previous survey, enhance/complete rental data gathered from published sources, or provide lists of rental units they manage.

This collection of information provides data that is essential for DOI and the other Federal agencies to manage GFH in accordance with the requirements of OMB Circular A-45 (Revised). If this information were not collected from the public, DOI and the other Federal agencies providing GFH would be required to use professional real estate appraisals of private market rental costs, again, in accordance with OMB Circular A-45, but at an increased cost to the taxpayer.

Title of Collection: Private rental Survey.

OMB Control Number: 1084-0033.

Form Number: None.

Type of Review: Extension without change of a currently approved collection.

Respondents/Affected Public: Businesses and other for-profit institutions.

Total Estimated Number of Annual Respondents: 1,883.

Total Estimated Number of Annual Responses: OS-2000: 3,180; OS-2001: 359; Total: 3,539.

Estimated Completion Time per Response: 6 minutes for OS-2000 and 4 minutes for OS-2001.

Total Estimated Number of Annual Burden Hours: 342 hours.

Respondent's Obligation: Voluntary.

Frequency of Collection: Once per respondent every fourth year. Three or four of 16 total survey regions are surveyed every year. Therefore, a respondent or business may potentially be surveyed every fourth year if the exact same unit is surveyed again four years later. In addition, if an individual respondent or business is a significant

rental property manager or rental property owner in the community, they may provide multiple responses in the same survey. Approximately 63% of respondents furnish more than one rental unit (OS-2000 and OS-2001). About 60% of respondents validate published data (tax records, advertisement, etc.), 30% update their previous survey data, and 10% furnish a new OS-2000 or OS-2001. Participation is optional.

Total Estimated Annual Nonhour Burden Cost: None.

An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Notice of Inventory Completion: Federal Bureau of Investigation, Art Theft Program, Washington, DC

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: The Federal Bureau of Investigation (FBI) has completed an inventory of human remains in consultation with the appropriate Indian Tribes or Native Hawaiian organizations, and has determined that there is a cultural affiliation between the human remains and any present-day Indian Tribes or Native Hawaiian organizations. Lineal descendants or representatives of any Indian Tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains should submit a written request to the FBI. If no additional requestors come forward, transfer of control of the human remains to the Indian Tribes or Native Hawaiian organizations stated in this notice may proceed.

DATES: Lineal descendants or representatives of any Indian Tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these

human remains should submit a written request with information in support of the request to the FBI at the address in this notice by September 12, 2022.

FOR FURTHER INFORMATION CONTACT: Federal Bureau of Investigation, FBI Headquarters, Attn: Supervisory Special Agent (SSA) Randolph J. Deaton IV, Art Theft Program, 935 Pennsylvania Avenue NW, Washington, DC 20535, telephone (954) 931-3670, email artifacts@ic.fbi.gov.

SUPPLEMENTARY INFORMATION: Notice is here given in accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), 25 U.S.C. 3003, of the completion of an inventory of human remains under the control of the Federal Bureau of Investigation, Washington, DC. The human remains were removed from various locations throughout New Mexico and Arizona.

This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 25 U.S.C. 3003(d)(3). The determinations in this notice are the sole responsibility of the museum, institution, or Federal agency that has control of the Native American human remains. The National Park Service is not responsible for the determinations in this notice.

Consultation

A detailed assessment of the human remains was made by FBI professional staff in consultation with representatives of the Fort Sill Apache Tribe of Oklahoma; Gila River Indian Community of the Gila River Indian Reservation, Arizona; Hopi Tribe of Arizona; Mescalero Apache Tribe of the Mescalero Reservation, New Mexico; Pueblo of Acoma, New Mexico; Pueblo of Jemez, New Mexico; Pueblo of Laguna, New Mexico; Pueblo of Picuris, New Mexico; and the Salt River Pima-Maricopa Indian Community of the Salt River Reservation, Arizona (hereafter referred to as "The Tribes").

History and Description of the Remains

At various unknown dates, human remains representing, at minimum, 24 individuals were removed from undisclosed locations throughout New Mexico and Arizona. The human remains were transported to Indiana, where they remained as part of a private collection of Native American antiquities and cultural heritage. In April of 2014, the human remains were seized by the FBI as part of a criminal investigation. Although these human remains were heavily co-mingled at the time of recovery, a preponderance of the evidence shows that these human remains are Native American and were

removed from the Southwest region of New Mexico and Arizona. No known individuals were identified. No associated funerary objects were present.

The composition of the soil matrix present on the human remains, in addition to other evidence obtained through non-invasive/non-destructive skeletal analysis, indicates that the remains of these individuals were taken from various undisclosed locations in the American Southwest, specifically New Mexico and Arizona. Based on biological, archeological, geographical, and anthropological information and expert opinion, these individuals are affiliated with the present-day Native American people of the American Southwest.

Determinations Made by the Federal Bureau of Investigation

Officials of the Federal Bureau of Investigation have determined that:

- Pursuant to 25 U.S.C. 3001(9), the human remains described in this notice represent the physical remains of 24 individuals of Native American/Southwest ancestry.
- Pursuant to 25 U.S.C. 3001(2), there is a relationship of shared group identity that can be reasonably traced between the Native American human remains and The Tribes.

Additional Requestors and Disposition

Lineal descendants or representatives of any Indian Tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains should submit a written request with information in support of the request to the Federal Bureau of Investigation, FBI Headquarters, Attn: Supervisory Special Agent (SSA) Randolph J. Deaton IV, Art Theft Program, 935 Pennsylvania Avenue NW, Washington, DC 20535, telephone (954) 931-3670, email artifacts@ic.fbi.gov, by September 12, 2022. After that date, if no additional requestors have come forward, transfer of control of the human remains to The Tribes may proceed.

The Federal Bureau of Investigation is responsible for notifying The Tribes that this notice has been published.

Dated: August 3, 2022.
