▼ Paperwork Reduction Act Burden Disclosure Statement

Public reporting burden for this collection of information is estimated to average 10 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to DOEPRA@hq.doe.gov. Submission of this data is voluntary.

▼ Privacy Act Statement***Purpose:**

The Department of Energy (DOE) will collect two broad types of data: Application Data and Demographic Data. Application Data will include a resume and information about a candidate's contact information, education, work experience, and work interests. DOE will use this information to evaluate an individual's qualifications for employment opportunities in support of the Infrastructure Investment and Jobs Act (IIJA) of 2021, Public Law 117-58 and other direct-hire authorities and to refer potential candidates to relevant application platforms. These positions may consist of term, temporary, or permanent appointments with DOE. Existing federal employees may also submit information to be evaluated for employment opportunities under this process. The Demographic Data is strictly voluntary and will not be used to evaluate any individual candidate or inform consideration for any position. This demographic information will be used to evaluate agency marketing and outreach strategies to expand both the size and diversity of our talent pool.

Authority:

DOE is authorized to collect the information pursuant to its direct hire authorities, including Section 301 of the Infrastructure Investment and Jobs Act (IIJA) of 2021, Public Law 117-58; 5 CFR 337.201; and Office of Personnel Management GW-007, Direct Hire Authorities (October 11, 2018), for Scientific, Technical, Engineering, and Mathematics (STEM) positions. DOE is using existing hiring authorities, including government-wide direct hiring authorities, to identify potential candidates for positions. This information will be collected and maintained under the Privacy Act System of Records Notice OPM/GOV-5, Recruiting, Examining, and Placement Records, 79 FR 16834 (March 26, 2014), with a modification published in 80 FR 74815 (November 30, 2015) and OPM/GOV-7 Applicant Race, Sex, National Origin, and Disability Status Records, 71 Fed. Reg. 35351 (June 19, 2006), amended 80 Fed. Reg. 74815 (Nov. 30, 2015).

Routine Uses:

The Application Data requested on this form is intended for internal DOE purposes for use in identifying, recruiting, and/or direct appointments of highly qualified potential candidates for employment within the Department. The Demographic Data collected is strictly voluntary and will be used to inform DOE's Diversity, Equity, Inclusion and Accessibility (DEIA) initiatives aimed at increasing access to DOE opportunities and supporting a more diverse and inclusive workforce. Demographic data collected will be kept confidential, analyzed in the aggregate and will not be available by individual candidates. The use of this information advances DOE's mission by expanding both the size and variety of DOE's applicant pool and enabling hiring managers to efficiently review interested candidates for positions, including IIJA competitive service opportunities. The Application Data submitted may be used to refer potential candidates to specific job opportunity announcements posted on USAJobs and other hiring platforms used by the Department. In certain circumstances, it may be necessary to disclose this information externally. For example, hiring officials at another federal agency may need to be contacted, in cases where a potential candidate is currently employed by that federal agency. In addition, Application Data collected through this form may need to be disclosed: to DOE contractors in performance of their contracts; for the purpose of collecting additional information to support the Department's evaluation of an individual's qualifications, and other information necessary to evaluate the hiring or retaining an employee. A complete list of the routine uses can be found in OPM/GOV-5 and OPM/GOV-7.

Additional information:

DOE hiring managers may contact individuals to inform them of other DOE opportunities of interest and to direct the individual to the appropriate hiring platform, such as USAJobs.

Consequence of Failure to Provide Information:

Providing this information is voluntary. However, if you fail to provide the requested Application Data, your submission may not be referred to a hiring manager for further consideration for employment opportunities with the Department under this process. A failure to provide Demographic Data will not impact the Department's consideration of an applicant for any positions.
