Lender Narrative

Section 232/223(f) Refinance

U.S. Department of Housing and Urban Development

Office of Residential
Care Facilities

OMB Approval No. 2502-0605 (exp. 11/30/2022)

Public reporting burden for this collection of information is estimated to average 70 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. The information is being collected to obtain the supportive documentation that must be submitted to HUD for approval, and is necessary to ensure that viable projects are developed and maintained. The Department will use this information to determine if properties meet HUD requirements with respect to development, operation and/or asset management, as well as ensuring the continued marketability of the properties. Response to this request for information is required in order to receive the benefits to be derived from the National Housing Act Section 232 Healthcare Facility Insurance Program. This agency may not collect this information, and you are not required to complete this form unless it displays a currently valid OMB control number. While no assurance of confidentiality is pledged to respondents, HUD generally discloses this data only in response to a Freedom of Information Act request.

Warning: Anyone who knowingly submits a false claim or makes a false statement is subject to criminal and/or civil penalties, including confinement for up to 5 years, fines, and civil and administrative penalties. (18 U.S.C. §§ 287, 1001, 1010, 1012; 31 U.S.C. §3729, 3802).

Privacy Act Statement: The Department of Housing and Urban Development, Federal Housing Administration, is authorized to collect the information requested in this form by virtue of: The National Housing Act, 12 USC 1701 et seq. and the regulations at 24 CFR 5.212 and 24 CFR 200.6; and the Housing and Community Development Act of 1987, 42 USC 3543(a). The information requested is used to review applications within HUD. No information will be disclosed outside of HUD. The information requested is mandatory to receive the mortgage insurance benefits to be derived from the National Housing Act Section 232 Healthcare Facility Insurance Program. No applications will be reviewed or approved without the necessary information requested. No confidentiality is assured.

INSTRUCTIONS:

The narrative is a document critical to the Lean Underwriting process. Each section of the narrative and all questions need to be completed and answered. If the lender's underwriter disagrees and modifies any third-party report conclusions, sufficient detail to justify the change must be provided. This narrative is to identify the strengths and weaknesses of the transactions and demonstrate how the weaknesses are mitigated by the underwriting.

- <u>Charts</u>: The charts contained in this document have been created with versatility in mind; however they will not be able to accommodate all situations. For this reason, you are allowed to alter the charts as the situation demands. Be sure to state how you have altered the charts along with your justification. Include all the information the form calls for. Charts that include blue text indicate names that should be modified by the lender as the situation dictates.
- **Applicability:** If a section is not applicable, state so in that section and provide a reason. **Do not delete a section heading that is not applicable**. The narrative will be checked to make certain all sections are provided. If a major section is not applicable, add " Not Applicable" to the heading and provide the reason. For instance:

Parent of the Operator – Not Applicable

This section is not applicable because there is no operator.

The rest of the subsections under the inapplicable section can then be deleted. This instruction page may also be deleted.

• **Format:** In addition to submitting the PDF version of the Lender Narrative to HUD, please

also submit an electronic Word version.

Instead of pasting large portions of text from third-party reports into the narrative, it is preferred that the lender simply reference the page number and the report. The focus of this document is for lender conclusions, analyses, and summaries.

Italicized text found between these characters << EXAMPLE>> is instructional in nature, and may be deleted from the lender's final version. Please use the gray shaded areas (e.g.,) for your response. Double click on a check box and then change the default value to mark selection (e.g.,).

Transaction Overview

Key Questions

J			Yes	No
1.	Is a	any of the current project debt HUD-insured or HUD-held?		
2.	cri	the borrower a non-profit or public entity <u>and</u> are the non-profit mortgage teria utilized in the underwriting? (If yes, operator must also be a non-ofit entity.)		
3.	adu be d are	the underwriting include income from adult day care? (Note: Non-resident all day care space may not be located on a separate site. The adult day care space will not considered commercial space; however, the space may not exceed 20% of the gross floor a of the facility and the income may not exceed 20% of gross income. Provide a tificate of Need or operating license, if applicable.)		
4.	Is t	here a ground lease?		
5.		any real estate tax abatement or exemption included in the underwriting numptions?		
6.	Is t	the property subject to any special assessments?		
7.	Is a	an Initial Operating Deficit escrow required for this transaction?		
8.	Ar	e there any special escrows or reserves proposed for this transaction?		
9.		the transaction being processed as a purchase? (If yes, answer questions 'through "f" below.)		
	a.	Will the purchased facility have negative working capital (current assets minus current liabilities) at the date of purchase?		
	b.	Are any of the work write-up repairs or replacement reserves included in the purchase agreement? (If yes, these are not allowable and should be deducted from the price.)		
	с.	Is a non-identity of interest operator purchasing the facility and including the costs of debt-financed improvements in the purchase price? (If yes, these are not allowable and should be deducted from the price.)		
	d.	Does the value exceed the purchase price (less seller financing)?		
	e.	Is state regulatory approval needed for license transfer?		
	f.	If there are critical repairs, is there a plan for the buyer to gain access to the property to complete critical repairs prior to closing?		
10.	Is a	a REIT involved?		

	1 63	110
11. Are there any waivers proposed for this transaction?		
12. If the MEDICARE.GOV Star Rating applies to this project, is the project's overall rating less than a three?		
13. Does the facility require more than four residents share a full bathroom (see 24 CFR 232.7)?		
14. Are any residents required to access a qualifying bathroom by moving through a public corridor or area (see 24 CFR 232.7)?		
15. Has the property changed ownership within the last 2 years?		
16. Does the underwriting reflect a change in operations that departs from the historical number of potential resident days?		
17. Does the project share walls/floors (and/or allocate expenses) with any other project?		
18. Is the operator, parent company, affiliates or subsidiaries the subject of an ongoing investigation or judicial or administrative action involving and Federal, State, municipal and/or other regulatory authority, which could have a detrimental impact on the operator's financial condition or may jeopardize the operator's license and or its provider agreements?		
<for "yes"="" a="" above,="" and="" answer="" any="" describe="" discuss="" discussion="" each="" effect="" issue="" its="" narrative="" on="" p="" potential<="" pplicable,="" provide="" regarding="" the="" top="" underwriting.=""></for>		<u>d</u> the

<<For each "yes" answer above, provide a narrative discussion regarding the topic. As applicable, discuss the issue and its effect on underwriting. Describe any potential risks <u>and</u> the mitigants. For waivers, identify specific provisions (for example, a handbook reference) to be waived and justification for the waiver.>>

Purpose of the Transaction

<< Provide a brief summary of the unique characteristics of the project and key deal points that HUD's underwriter and loan committee should be aware of while reading the narrative. Examples of unique issues and key deal points:

- *Identity of interest purchase being treated as a refinance*
- Borrower proposed repairs are adding units
- Facility is master leased
- Timing issues for closing or pay-off, etc.
- Shared costs/expenses with other facilities

This section should not be a lengthy restatement of the rest of the narrative. It is merely to highlight key points. If there are no unique characteristics or key deal points to highlight, you can make a simple statement, such as "The purpose of this transaction is to refinance the existing debt.">>>

Sensitivity Analysis

<< Provide a Sensitivity Analysis and identify sensitivities that exist in the proposed census mix.</p>
In addition, the analysis shall provide the following: >>

<u>Pr</u>	ogram Eligibility		
Key	Questions	Yes	No
1.	Does the facility charge "founder's fees," "life care fees," or other similar charges associated with "buy-in" facilities?		
2.	Has the facility, borrower, operator, or any of their affiliates' renamed or reformulated companies, or filed for or emerged from bankruptcy within the last 5 years?		
3.	Is the facility, borrower, operator, or any of their affiliates' renamed or reformulated companies, currently in bankruptcy?		
4.	Is less than continuous protective oversight provided at the facility?		
5.	Are there any "minimum assistance" requirements necessary to qualify under the Section 232 mortgage insurance program that the facility does not plan to offer?		
6.	If an ALF, are there residents who do not meet the statutory definition of frail elderly (at least age 62 and in need of assistance with at least three (3) Activities of Daily Living)?		
7.	Are there floodways or coastal high hazard areas located onsite*?		
8.	Is the project a hospital, clinic, diagnostic center, group practice facility, halfway house, or other type of facility that does not meet 232 program intent?		
9.	Is the project designated by the Centers for Medicare and Medicaid Services (CMS) as a Special Focus Facility or similar future designation?		
10.	. Is the project a long-term acute care facility?		
11.	For Green MIP projects, did the project Architect or the energy design professional determine that the project will not achieve the selected green building certification, energy and water reductions, and Energy Star Score required for the reduction of the Green MIP rate?		
	For Green MIP projects, are the energy conservation measures limited to the area of repairs, alterations, addition and/or a new construction rather than covering the entire project?		
13.	For Green MIP projects, does the energy design professional lack the relevant experience and qualifications as provided in ORCFs Green MIP

6.	Are there any identity of interest issues involving the underwriting lender, mortgage broker, or seller?		
7.	Does the lender know, or have any reason to believe, that any of the assertions in the other Consolidated Certifications submitted herewith, are inaccurate or incomplete?		
app opei	For each "yes" answer above, provide a narrative discussion regarding the top licable, describe the risk and how it will be mitigated. For example: The borro rator are related parties – John Doe has ownership in both entities. No other i rest are disclosed. >>	wer and	of
Ris	sk Factors		
Key	Questions		
		Yes	No
1.	Is the proposed mortgage higher than 80% (85% for non-profit facilities) of the lender's concluded value?		
2.	Is the debt service coverage of the loan less than 1.45?		
3.	Is the project being underwritten at an NOI that is significantly above historical NOI?		
4.	Is this a "special use facility" that serves a "niche" type of market (i.e., psychiatric facilities; drug, alcohol, or eating disorder recovery facilities; hospice facilities; or short-term rehabilitation facilities)?		
5.	Is this an Intermediate Care Facility (ICF), Institution for Mental Diseases (IMD), or any other type of facility that caters to a significant population with mental illness (MI), developmental disabilities (DD) or individuals with intellectual disabilities (IID)?		
6.	Is the project in a state with an Olmstead Plan, pending Olmstead-related cases, an Olmstead-related settlement agreement or order, or is the project's state active in initiatives to "right-size" nursing facilities or otherwise working to "rebalance" long-term supports and services toward home and		
7.	community-based settings? Does the project rely on Medicaid Waivers or State Plan Options for a significant portion of its resident population, MI/DD residents, or for residents in the assisted living portion of a combined SNF/ALF Facility, subjecting it to HCRS Settings requirements?		
	subjecting it to HCBS Settings requirements?		

<>For each "yes" answer above, provide a narrative discussion on the topic describing the risk and how it will be mitigated.

If you answer "yes" to question 4, the narrative discussion should include an analysis of the following: 1. The long-term viability of funding sources for this client group; 2. The facility's ability to maintain stabilized occupancy over the long term, and/or the ability to fill the beds occupied by residents with the special use diagnosis, should the funding source cease; this analysis should include a demonstration that a market exists for increasing reliance on a more "traditional" SNF resident; 3. The extent of the successful experience of the operator in dealing with the contemplated population; 4. How the principals of this facility address the higher risk associated with the targeted population (e.g. higher Professional Liability Insurance, etc.); 5. The facility's capacity to continue servicing the debt in the event that market/provider payment changes dictate that alternative/modified uses of the subject portion of the facility be pursued; and 6. Risk Mitigation.

If you answer "yes" to question 6, the narrative discussion should include a discussion of any of the state's efforts above that might have an impact on the subject facility and what efforts the owner and/or operator will take to respond to these impacts. Be sure to reference the state's strategy for moving the following populations: the elderly from skilled nursing facilities, individuals with intellectual or developmental disabilities (ID/DD) from ICFs, the physically disabled, non-elderly from skilled nursing facilities or the mentally ill from psychiatric facilities or other facilities, as appropriate.

If you answer "yes" to question 7, the narrative discussion should include a discussion of the facility's compliance with the HCBS Settings requirements. The discussion might include the State's progress in implementing the HCBS Settings Rule, references to the Statewide Transition Plan, CMS responses to or approval of the Plan, State Regulatory language, or State Medicaid Agency input. If it appears that the facility will not, or will not be able, to comply with the Rule, the Lender should provide a Sensitivity Analysis showing the project's ability to operate without these residents.

Other Risk Factors Identified by Lender

Additionally, the lender has identified the following risk factors:

<< Provide discussion on other risk factors identified by the lender and how they are mitigated.>>

Strengths

<< Provide discussion of the strengths of the transaction. This is an appropriate place to talk about any capital improvements that have been made in recent years.>>

<< All charts call for total dollars, not per resident day amounts, unless otherwise noted. >>

Hypothetical Conditions and Extraordinary Assumptions

<Typically, the only Assumptions and/or Limiting Conditions should be the completion of proposed repairs/construction completion. On rare occasions, there may be other assumptions, such as the execution of a proposed land lease. Under the Section 232/223f program, it is generally not appropriate to assume stabilized operations if the property is not currently achieving stabilized operations. This is a change from MAP procedure. In cases where there will be added units or a change in operations, the lender is advised to discuss the proposal with HUD before submission. These cases may need to be treated more like sub-rehab in terms of the market study and environmental review requirements. In these cases, the appraiser will be asked to supply both an "as repaired based upon current configuration/operations" value and an "as stabilized" value. In addition, the lender may need to include a Debt Service Reserve (DSR) in addition to any required initial operating deficit escrow. An operating deficit escrow covers the losses sustained in reaching break-even occupancy whereas a DSR is meant to cover the risk of not achieving the proposed incomes used in the loan sizing/valuation. A DSR escrow is not needed when the underwriting reflects the subject's current operations.>>

Hypothetical Conditions

<<Identify any conditions that are contrary to what exists but are supposed for the purpose of analysis. For example, "The appraisal assumes that the proposed/required repairs are completed. There are no other hypothetical conditions.">>

Extraordinary Assumptions

<< Identify any assumptions specific to this assignment that if found to be false, could alter the appraiser's opinions or conclusions.>>

Jurisdictional Exceptions

<< These are rare and should be discussed with HUD before invoking. >>

Obsolescence/Depreciation and Remaining Economic Life

Functional Obsolescence

<<How the physical plant compares to an optimally configured project and how does that impact income potential? (Discuss for example, 3 and/or 4 bed wards, unusual design issues, etc.)>>

External Obsolescence

<< How do the market, economic environment, and location impact the income potential of the project? >>

Physical Depreciation

<< What is the typical life of the facility? What is the effective age of the facility? The remaining economic life is XX years. >>

Market Analysis

<< The Market analysis may appear under the same cover as the appraisal report. If under separate cover, the Market Study should have the same author as the appraisal, so the valuation is consistent with the market conclusions. The analysis may be presented as a truncated market study if:</p>

- no beds are being added,
- the property is operating at, and is expected to continue to operate at its estimated stabilized occupancy,
- an improved census mix is not forecasted,
- there are no anticipated increases in the competitive supply in the foreseeable future,
- and there are no anticipated decreases in demand in the foreseeable future.>>

Da	te of Analysis:		
Ma	arket Analyst:		
Co	mpany:		
Key	Questions	V	NIo
		Yes	No
1.	Is the subject located in a declining market in terms of population, target population, real estate values, or employment?		
2.	Are there any negative market influences that require special consideration?		
3.	Is there a projected or current oversupply that could affect the subject?		

<>For each "yes" answer above, provide a narrative discussion regarding the topic, describing the risk and how it is mitigated. Example: <u>Oversupply</u>: The projected oversupply is specifically addressed in the Risk Factors section of this narrative. >>

Market Analysis Overview

<< Provide an overview of the market analysis, including general growth and population information, barriers to entry, unique market influences, etc. Please be brief in this section and refrain from pasting large sections from the appraisal here. >>

Primary Market Area (PMA)

<<Describe primary market area and method of selection (e.g., distance, zip codes, etc.). When making your conclusions about the size of the PMA, pay close attention to where the existing competitors are drawing their tenants from. >>

Target Population

<< Describe age, income, and type of resident (AL, IL, dementia, etc.) and acuity of care.>>

Demand

<>Describe age, income, and type of resident (AL, IL, dementia, etc.) and acuity of care of the target population. Describe target population demographics and demand factors. >>

Competitive Environment (Supply)

<<Describe and identify: competing facilities; planned facilities; facilities under construction; and other supply factors that compete with the subject facility. Description of supply should include types of facilities; acuity; and occupancy. Discuss recent and/or historic absorption of competitive units. Discuss any perceived changes to competitive environment. >>

Conclusion

<< Provide conclusion of market analysis: summarize demand, market saturation, continued health of market, negative and positive factors impacting the continued demand for the subject's units/beds. >>

Income Capitalization Approach

Financial Statements

The appraiser and underwriter have analyzed the following historical financial statements pertaining to the operation of this facility:

<<If less than three years of financial information is available for the project's operations, provide a narrative justifying why the data is not available. Even in acquisition cases, the current owners have typically been provided income and expense information from the previous owner. >>

Market Occupancy & Census Mix

Care Type Comparable Name

Subject Occupancy History

A summary of the subject's occupancy is provided below.

(Double click inside the Excel tables to add information. You may delete rows for care types that do not apply.)

CARE TYPE Historical Occupancy		Year ending xx/xx/xx	Year ending XX/XX/XX
	Potential Days		
Skilled	Actual Days		

<< Provide a brief narrative discussion the occupancy of conclusions. Address any significant shifts in occupancy. >>

<< The number of competitors will depend on the size of the market. Please expand or reduce the chart above as needed. Discuss the reliability of the market averages.>>

Subject Census Mix History

<<The percentages should be based on people not dollars.>>

(Double click inside the Excel Tables to add information)

Course	Year ending xx/xx/xx	Year ending xx/xx/xx	Year ending xx/xx/xx	T-12 specify dates	Appraigal	Len der
Source	XX XX XX	XX XX XX	XX XX XX	uates	Appraisal	Lender
Private-pay	0.0%	0.0%	0.0%	0.0%	0.0%	0.0%
Medicaid	0.0%	0.0%	0.0%	0.0%	0.0%	0.0%
Medicare	0.0%	0.0%	0.0%	0.0%	0.0%	0.0%
e.g. V.A.	0.0%	0.0%	0.0%	0.0%	0.0%	0.0%

<< Provide a brief narrative discussion of the census mix conclusions. Address any significant shifts in census mix from one Payor source to another. >>

Rent Schedule - As Is

The rent schedule is currently as follows:

- << Insert a summary chart of the rent schedule here that shows rents, number of units, and room/service types.>>
- <<Discuss the subject Rent Schedule. For skilled nursing and other facilities, a daily rate may be more appropriate than a monthly conclusion. For continuum of care facilities (e.g., skilled and assisted living), it may be appropriate to provide a separate schedule for each care type.>>

Historical Revenue Summary

<< Please adapt the chart to show the income sources specific to your facility. Bad debt can either included in the table below or dealt with as an expense. >>

History by Revenue Source (Double click inside the Excel Tables to add information)

Period	Year Ending xx		
Income Source	Total \$	# of Days	
SN-Private-pay			
Period	Voor Ending w		
renou	Year Ending xx		
Income Source	Total \$	# of Days	
SN-Private-pay			

<<In the charts above, the most recent reporting period must be presented as the 12 trailing months (*T-12*) of income that overlaps into the prior reporting period.

Above you are asked to report the number of resident days, not occupied units. Although Assisted Living is typically reported on an occupied unit basis, we ask that you convert that number to resident days. Do not enter potential gross incomes here, but rather effective gross income, wherein vacancy has already been accounted for.>>

<< Discuss any departures from historical reimbursements, mix, and trends here.>>

<< Provide narrative discussion and support for each other income category as appropriate. An equivalent analysis of the information provided above is required. Additional analysis can be provided at the lender's option to support their conclusion, as appropriate.</p>

Example: Additional Personal Care Fees: The project bases additional care fees on levels of care needed as determined by the initial assessment and subsequent assessments as needed. The appraiser concludes to a net amount of X annually. The underwriter has analyzed the history to determine the average monthly charge of X, net of vacancies. Insert historical or comparable data as appropriate.

Example: Second Occupant Income: The appraiser has included a net annual projection of X second occupants at X per month. Over the last 12 months, the facility has averaged X second occupants per month. Competitive facilities in the market place report second occupant charges ranging between X and X with a range of X to X second occupants. Based on the history and the market, the underwriter concurs with the appraiser's conclusion for a net annual income of X.

Example: <u>Other Income</u>: In addition to room rents, additional care, and second occupant income, the project receives miscellaneous income from X (list miscellaneous). The appraiser has included a net annual projection of \$X. Historically, typical miscellaneous income is between X and X percent of effective income. The appraiser's conclusion is X. The underwriter has concluded to a net X per annum (calculation shown). >>

<< <u>Instructions</u>: Each type of care should have its own subsection below discussing the Payor source identified in the rent schedule, as demonstrated below. You may delete the sections (Skilled Nursing, Assisted Living, and Independent Living) that do not apply to your subject. >>

SKILLED NURSING

Private Pay

In addition to an analysis of the subject's rent roll, the appraiser and underwriter analyzed the private pay rates at X comparable facilities. A summary of their analysis is provided below.

Private Pay Rates Comparability Analysis

(Double click inside the Excel Tables to add information)

Skilled Nursing - Private Pay	Unadjusted Rate	Optiona	
Unit Type	Select		
Subject (Current Achieving)	\$0		
Rent Comn 1 - Name	\$0	a d clinari	

<< Provide narrative discussion of private pay rate conclusion. Discuss how the rate conclusion compares to the achieved rents shown on the rent roll. Expand or shorten the table above as needed to accommodate the types of rooms or the number of comparables used. Additional analysis can be provided at the Lender's option to support its conclusions, as appropriate. Identify any modification from the appraiser's concluded rent and provide justification. >>

ASSISTED LIVING & MEMORY CARE

Private Pay

In addition to an analysis of the subject's rent rolls, the appraiser and underwriter analyzed the assisted living rents at comparable facilities. A summary of their analysis is provided below.

Rent Comparability Analysis

(Double click inside the Excel Tables to add information. Delete or add rows as needed. This table can be used for either Assisted Living or Memory care, or duplicated to separate the two.)

Select	Unadjusted Rate	Adjuste
Unit Type	Select	
Subject (Current Achieving)	\$0	
Rent Comn 1 - Name	\$0	(

<< Provide narrative discussion of the private pay conclusion. Include a discussion on achieved rents shown on the rent roll versus asking rates. >>

Medicaid

<<If applicable, provide narrative discussion of state's reimbursement system and how the subject's or tenant's rate is determined. If rate is facility specific, discuss evidence of current or prospective rate. If rate is based on resident care requirements, provide an analysis of the last 12-months of rates for this Payor source, as appropriate. Identify and discuss any other sources or copayments that are required (e.g., SSI). >>

Independent Units

In addition to an analysis of the subjects rent rolls, the appraiser and underwriter analyzed the independent living rents at comparable facilities. A summary of their analysis is provided below.

Rent Comparability Analysis

(Double click inside the Excel Tables to add information)

Independent Living - Private Pay	Unadjusted Rate	
Unit Type	Sel	
Subject (Current Achieving)	\$0	
Rent Comn 1 - Name	\$0	

<< Provide narrative discussion of conclusion. Include a discussion on achieved rents shown on the rent roll versus asking rates. >>

Expenses

The appraiser concludes to total expenses of \$\\$ including reserve for replacement of \$\\$. The underwriter concludes to total expenses of \$\\$ including reserve for replacement of \$\\$. An analysis of subject's history is provided below. The appraiser also compared the subject's expense conclusions to comparable projects located in .

<<Explain how the appraiser's expenses used for valuing the facility differ from the expenses used by the lender for the Debt Service Coverage analysis. Typically, these may differ in the categories of reserves, management fee, and taxes. The appraiser's numbers will represent market expenses and the lender's expenses for DSC analysis will represent what will actually be paid. >

Historic Comparison

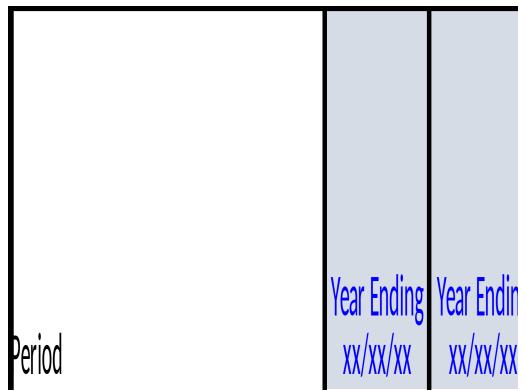

<<The data in the following table must be in totals, not per resident day or per occupied unit. Cells with grey shading will calculate automatically. You are given some latitude in defining the expense categories. The expense categories in black text are required items. Data is to be presented in the form of trailing 12 months (T-12) of expense. The lender must include the most current historical income and expense data available to them, and not the dated information from the appraisal.>>

Expense Analysis –Subject

Expense Categories	Year Ending xx/xx/xx	
e.g. General & Administrative		
e.g. Payroll Taxes and Benefits		
e o Resident Care		

Historical Income Reconciliation

Compare the historical Net Operating Income from the appraisal to the historical bottom line income on the income and expense statements and address adjustments made to historical data for one-time expenditures, capital expenditures, etc. in the following chart.

Note: Balancing to the dollar is not necessary.

<< Provide narrative discussion of historical information. Include three full years of data plus any partial years as available. For skilled nursing and other facilities, resident days are more appropriate than units available per year. For continuum of care facilities (e.g., skilled and assisted living), it may be appropriate to provide a separate schedule for each care type.</p>

Address any significant fluctuations/anomalies in the historical data. Comment on any expenses that were reimbursable, such as a provider tax, and how they were incorporated into the historical table.

Address adjustments made to historical data for one-time expenditures, capital expenditures, etc.>>

Comparable Expense Data

<<Unlike the previous table, the information for the expense comparables should be entered on a per resident day basis (# beds x 365 x occupancy rate) or per occupied unit basis (# units x 12 x occupancy rate). A minimum of three expense comps are required. More columns or tables can be added if needed.>>

Expense Analysis – Comparables

(Double click inside the Excel Tables to add information)

Expense Comparables - As Is	Name, City State
Expense Categories	Comp 1
e.g. General & Administrative	
e.g. Pavroll Taxes and Benefits	

<<Provide narrative discussion of comparable information. The appraiser should trend the expense comparables to the effective date of the appraisal. An explanation of the adjustments should be included here. Explain any other adjustments made to the comparables such as for normalization of reserves, management fee, taxes, etc., required to put the comparables on the same footing as the subject. For skilled nursing and other facilities, resident days are more appropriate than occupied units. For continuum of care facilities (e.g., skilled and assisted living), it may be appropriate to provide a separate schedule for each care type.>>

Net Operating Income (NOI)

<<Provide narrative discussion as necessary. Summarize and compare the NOI of the appraiser and the lender's NOI that incorporates all potential changes to incomes and expenses. Typically, the lender would explain here that the appraiser's "market" NOI was used for valuation and loan sizing based on value. The lender's NOI, which may vary from the appraiser's due to the Office of Residential Care Facilities (ORCF) requirements (e.g., specific reserve requirements, tax abatements that the appraiser was not allowed to recognize, or unusual management fees) will be used for loan sizing based on Debt Service Coverage.>>

Capitalization Rate

<<The selection of the capitalization rate should be primarily based on recent sales rather than from investment models. Ideally, these rates would come from the Building Sales Comparables. However, these are often chosen by location before sale date. Recent cap rate data should be included every time, even if an additional set of cap rate comps or a survey needs to be introduced. In the table below, please add columns or duplicate the table as needed to accommodate additional comps.>>

Capitalization Rate Summary

City

(Comp Name)

<< Provide narrative discussion as necessary. If the subject was sold within the past 3 years, include the cap rate analysis here. An equivalent analysis of the information provided above is required. For continuum of care facilities (e.g., skilled and assisted living), it may be appropriate to provide a separate schedule for each care type. Additional analysis can be provided at the lender's option to support its conclusion, as appropriate.>>

Sales Comparison Approach

<<If large adjustments are required in the sales comparison approach, extra attention and explanation are required to support the determination of the adjustments. Generally, those sales that require the smallest adjustment are the most desirable.>>

Summary of Comparable Sales Data (Double click inside the Excel Tables to add information)

Summary of Comparable Sales
City
Sales Comp 1 - Name
Sales Comp 2 - Name

Price per Unit/Bed

<<Provide narrative discussion and summary of the appraisal conclusions. For continuum of care facilities (e.g., skilled and assisted living), it may be appropriate to provide a separate analysis for each care type. Include a general discussion of adjustments made to the sales and the comparables that best represent the subject facility. Additional analysis can be provided at the lender's option to support its conclusion, as appropriate.>>

Effective Gross Income Multiplier (EGIM)

<< Provide narrative discussion. An equivalent analysis of the information provided above is required. For continuum of care facilities (e.g., skilled and assisted living), it may be appropriate to provide a separate analysis for each care type. Additional analysis can be provided at the lender's option to support its conclusion, as appropriate. >>

Subject Purchases

<< Provide analysis of subject's purchase price for all sales that have occurred within the last 3 years. (The analysis should provide: date of purchase; purchase price; whether the purchase was an arms-length transaction; and the financing term. In addition, the analysis should also state whether the sale was a market price. If not, explain.)>>

Cost Approach

Development Costs

<< Provide narrative discussion. If this approach was not expanded by the appraiser, indicate so here. Instead of deleting the remainder of the subsection, provide any lender insights in each category.>>

Depreciation

<< Provide narrative discussion of depreciation assumptions and conclusion.>>

Major Movable Equipment

<< Provide narrative discussion of assumptions and conclusion. Address discrepancies between appraiser and cost analyst. Additionally, address ownership of the major movable equipment (e.g., borrower or operator). >>

Land Value

<< Provide narrative discussion of assumptions and conclusion. A land valuation is no longer required if the cost approach is not utilized.>>

Overall Value Reconciliation

<<Provide narrative discussion of how the value approaches were reconciled to reach the final conclusions. The statement may be simple. For example: "As demonstrated in the Appraisal Overview section above, the underwritten value conclusion is based on the income approach to value." If the value conclusion is based on weighting multiple approaches provide an explanation of the rationale.>>

(Double click inside the Excel Tables to add information)

Market Value Summary			
Approach	Appraisal	Un derwrit er	
In come Capitalization			
Sales Comparison			
Cost Approach (if utilized)			
Conclusion:			

Lender Modifications

<<State if the lender concurs (or not) with the appraiser's value conclusion. When there is a disagreement, summarize the valuation modifications made by the lender underwriter. Insert a pro forma to highlight the differences in conclusions as needed. View the appraisal as a tool to do your underwriting and loan sizing correctly. Lenders should not use a value they disagree with and are allowed to use a lower value/NOI for loan sizing purposes. If lenders feel they are prohibited from doing this, they should cite the FIREA rule at issue in the narrative.>>

ALTA/ACSM Land Survey

Da Fir			
Key	Questions	Yes	No
1.	Are there any differences between the legal description on the survey and legal description included in pro forma title policy, third party appraisal, Phase I and Exhibit A of the Firm Commitment?		
2.	Are there any revisions or modifications required to the survey prior to closing?		
3.	Does the survey indicate any boundary encroachments?		
4.	Does the survey evidence any buildings encroaching on utility or other easements or rights-of-way?		
5.	Are there any unusual circumstances or items that require special attention or conditions?		

<>For each "yes" answer above, provide a narrative discussion on the topic describing the risk and how it will be mitigated and the effect on value or the marketability of the project.

Example: **Encroachments**: The survey indicates an encroachment of the adjoining property fence on the easterly portion of the property.... An encroachment endorsement will be received at closing. There is no impact on the value or marketability of the project. >>

Fir			
	nsultant:		

	Was the Phase I Environmental Site Assessment (ESA) performed in conformance with the scope and limitations of ASTM Practice E 1527-13 (or the most current version)? Was the Phase I consultant provided with an accurate description of all repairs,	Yes	No
	site work, construction and/or demolition to be completed?		
3.	Does the Phase I investigation include all of the following?		
	A reconnaissance of the subject site and the immediate surrounding area, a review of regulatory agency information, a survey of local geological and topographical maps, a review of aerial photographic studies, a survey of water sources, and a review of historical information.		
<< <u>1</u>	Explain any "no" answer above. >>		
Key	Questions		
		Yes	No
1.	Does the Phase I ESA recommend a Phase II assessment, other reports, or additional testing?		
2.	Does the Phase I or Phase II assessment indicate that remediation is required or ongoing?		
3.	Does the Phase I ESA indicate that a monitoring well or testing well (operating on non-operating) is located on the site?	r	
4.	Does the report indicate evidence of any soil staining or distressed vegetation, unusual odors, pools of liquid, leaking containers or equipment, hazardous materials, or other unidentified substances?		
5.	Does the report indicate evidence of any chemical misuse or unlawful dumping at the site?	t	
6.	Does the report indicate the presence or suspected presence of any underground storage tanks or aboveground storage tanks on the site?		
7.	Does the report's review of all major governmental databases for listings of potentially hazardous sites within the ASTM required search distances from the property identify any potential contamination concerns for the property?		
8.	Do the Phase I or II reports recommend any required repairs?		
9.	Does the Vapor Encroachment Screen identify a "vapor encroachment condition" (VEC)? (The vapor encroachment screen must be performed using Tier 1 "non-invasive" screening pursuant to ASTM E 2600-10 or most recent edition.)		
	Is the Phase I site inspection date more than 180 days before the date the firm commitment application was submitted? A Phase I that was conducted more than 180 days before the application's submission, but not more than one-year before the submission, must be updated pursuant to ASTM E 1527-13 or the most recent edition. (A Phase I ESA that was originally conducted more than one year prior to the application's submission date, even if updated within 180 days of submission, is not acceptable. ORCF is not able to waive this requirement.) Does the land area in the Phase I differ from the land area in the survey and		

<< For each "yes" answer above, provide a narrative discussion on the topic describing the risk and how it will be mitigated. >>

Radon

Program Guidance: Handbook 4232.1, Section II, Production, Chapter 7.8.		
Date of Testing:		
Firm:		
Radon Professional:		
Certification/License		
Information:		
EPA Radon Zone:		
Kay Questions		
Key Questions	Yes	No
1. Was the radon report conducted by a qualified Radon Professional?		
2. Was testing performed no earlier than 1 year prior to application		
submission?		
3. Were occupants informed of the testing in the manner described in ANSI-AARST MALB-2014 (or more recent edition)?		
4. Is mitigation required due to radon levels at or above 4.0 picocuries per	-	
liter (4.0 pCi/L)? (If no, move on).		
a. Is a mitigation plan in compliance with ANSI-AARST RMS-		
LB 2014, Radon Mitigation Standards for Schools and Large Buildings included in the repairs?		
b. Was an Operations and Maintenance Plan included in the		
application?		
<< Provide narrative discussion of radon risk applicable to the subject project.	-	
was not required per HUD Handbook 4232.1, Chapter 7.8, please explain why	the radon repo	rt
was not required.>>		

Lender Comments

<< Provide a brief summary of comments made by underwriter. If none, state none.>>

Other Environmental Concerns

Key Questions

		Yes	No
1.	Is the subject located within a designated coastal barrier resource area? (If no, provide evidence.)		
2.	Noise:		
	a. Is the subject located within 5 miles of a civil airport or within 15 miles of a military airfield?		
	b. Is the project located within 1,000 feet of major highways or busy roads?		
	c. Is the project located within 3,000 feet of a railroad?		
	d. Is the subject's marketability impacted by noise?		
3.	Are there existing or proposed stationary tanks containing explosive or fire- prone materials on the site or nearby the site that are visible from satellite images or site reconnaissance?		
	a. Was a safety letter from the state or local fire department NOT provided for each tank? $\ \ \ \ \ \ \ \ \ \ \ \ \ $		
4.	Are there any wetlands on or adjacent to the subject site?		
	a. If so, will the project impact or disturb wetland areas or their buffer zones?		
5.	Are any repairs or modifications to the project likely to affect any listed or proposed endangered or threatened species or critical habitats?		
6.	Is the subject located on a sole source aquifer?		
7.	Are there any known landfills within ½-mile of the site?		
8.	Is the project subject to an Activity and Use Limitation, Engineering Control, and/or Institutional Control related to an environmental concern? (If so, provide the information to the Phase I environmental consultant.)		
9.	Does the project utilize a private water supply? (If so provide evidence that the water quality meets local, state or Federal standards; for example, evidence that the water meets the EPA Primary Drinking Water Standards.)		
10.	Does the project involve a private sewage treatment system?		
11.	Are any on-site structures located within the easement of an overhead high voltage transmission line?		
12.	Are any buildings located in the fall zone of a support structure for high voltage transmission lines or any other towers?		
13.	Is any structure located within 10 feet of an easement for a high pressure gas or liquid petroleum transportation pipeline?		
	Is a residential structure located within 300 feet of an operating or abandoned oil or gas well? (If so, refer to Handbook 4232.1, Section II, Production, 7.5.K.3.)		
15.	Do any of the repairs change the footprint of the building(s)?		

			Yes	No
16.		es the project site include a structure that was built before 1978? (If no, ve on)		
	a.	Was a comprehensive asbestos survey performed by a qualified asbestos inspector pursuant to the "baseline survey" requirements of ASTM E 2356-10 (or most recent edition) NOT provided? (Required for all buildings constructed before 1978. If provided, check "No.")		
	b.	Did the asbestos survey identify any friable and/or damaged asbestos?		
	c.	Does the project involve asbestos removal? (Asbestos removal may involve additional risk, and may have a direct impact on residents and workers and ongoing facility operations. An operating deficit, for example, may need to be required if removal is to occur after endorsement.)		
17.		es the proposal include demolition of a structure that was built before 78? (If no, move on)		
		Was a comprehensive asbestos survey performed by a qualified inspector pursuant to the "pre-construction survey" requirements of ASTM E 2356-10 (or most recent edition) NOT provided?		
	ide	ner than the aforementioned, are there any other environmental issues ntified by the Phase I or II reports or lender's due diligence?		
19.		s a floodplain map with the subject site clearly marked on it NOT vided?		
20.	on	s a preliminary or pending flood map of the project's location available the FEMA website? If so, provide a copy of this map with the subject marked on it.		
21.		s a wetland map with the subject site clearly marked on it NOT vided?		
ind webs Zond step oart mpl estin	howsite E X dec icip eme nate	each "yes" answer above, provide a narrative discussion on the topic. Descrit will be mitigated. For example: "A preliminary flood map is available of (Preliminary Flood Map #XXXXXXXXX) which identifies the project's flood (shaded), a 500-year flood zone. Documentation for the completion of an absision making process is provided at Exhibit 2-4. The project has prepared at ates in an early warning system. An emergency evacuation and relocation particle. Evacuation routes out of the 500-year floodplain have been identified at flood level has been marked at 3 feet above ground level at the southerly one of the building. An example of the floodplain notice that will be signed by agents is provided.">>	on the FEI I zone as breviated and lan has be gand the and northe	MA 8- een erly
Site	e W	ork, Ground Disturbance or Digging		
Prog	jrar	n Guidance: Handbook 4232.1, Section II Production, 7.5.		

If the project includes any ground disturbance, contact <u>LeanThinking@hud.gov</u> in advance of application submission so that ORCF may initiate agency to agency contact. Include a project description including type of project, purpose of the project, the proposed activities/site work, and the current condition of the site (what is on the site now) as well as a location map, aerial view map, site layout map and a topographic map in your request to Lean Thinking.

Examples of ground disturbance include, but are not limited to, tree removal, burying a tank, new parking, increases in building footprint, adding a new fence, etc. If there is uncertainty regarding what may constitute ground disturbance, contact LeanThinking@hud.gov in advance of application submission.

Key	Questions	Yes	No
1.	Will there be any site work, construction, ground disturbance or digging? (If	1 es	No
1.	no, move on)		
2.	Was a request for Tribal Consultation submitted to <u>LeanThinking@hud.gov</u>		
	in advance of application submittal?		
3.	Was a site plan provided showing where site work, ground disturbance		
	and/or digging will occur?		
4.	Was documentation provided showing that a Section 7 Endangered Species		
_	review was completed?		
5.	Was evidence that the project is in compliance with the State's Coastal Zone		
C	Management Program provided if located in a designated coastal zone? Did the correspondence with the State Historic Preservation Office (SHPO)		
0.	accurately reflect the proposed site work, ground disturbance or digging as		
	well as any planned repairs and/or construction?		
7.	Are there any wetlands on or adjacent to the site that could be potentially		
	impacted by the construction or site work either directly or indirectly via		
	drainage, etc.?		
	a. If yes, was HUD contacted in advance to conduct an 8 step?		
8.	Is the project site located in a flood plain?		
	a. If the footprint of the building or pavement will be significantly		
	increased, was HUD contacted in advance to conduct the 8-step		
	decision making process (24 CFR Part 55.20)?		
_			
	reases in Units or Beds		
Key	Questions		
1	Tatill about he are in course in couries and a degree of the course of t	Yes	No
1.	Will there be an increase in units or beds? (If no, move on.) a. Are there any current Aboveground Storage Tanks (ASTs) on or		
	a. Are there any current Aboveground Storage Tanks (ASTs) on or directly visible from the site?		
	b. Will any Aboveground Storage Tanks be added?		H
	c. Was an ASD calculation or mitigation plan submitted for all		
	current or proposed ASTs? (Note that a tank safety letter IS		

		Yes	No		
	NOT sufficient for projects that are increasing in units or beds.				
	Refer to Handbook chapter 7.5.F.) d. Was a HUD compliant noise analysis provided?				
	d. Was a 110D compilant noise analysis provided.				
Sta	ate Historic Preservation Office (SHPO) Clearance				
For	ogram Guidance: Routine maintenance definition. r SHPO review purposes, HUD has a specific definition of routine maintenance, v fer from other definitions of routine maintenance. See Notice CPD-16-02 for HU. finition.		ay		
	te, if the answer to Key Questions 4 or 5 is yes, then the SHPO must be contacted y submit a Section 106 request to SHPO in order to expedite the process.	. The le	nder

Key	Questions		
1.	Does the community participate in the National Flood Insurance Program (NFIP)? (A project located in a FEMA-identified special flood hazard area, where the community has been suspended for or does not participate in the NFIP, is not eligible for mortgage insurance.)	Yes	No
2.	Is flood insurance required for this property?		
3.	Is the subject site located within a100- year floodplain (1% annual chance flood) or 500-year floodplain(0.2% chance of annual flood)? (If no, move of (Use the effective FEMA Flood Insurance Rate Map (FIRM) or, when FEMA provides into flood hazard data such as Advisory Base Flood Elevations, preliminary or pending maps, at the latest of these sources except when the base flood elevations from interim data are lower than the elevations on the current FIRM.)	rim use	
4.	If located in a 100-year or 500-year floodplain*, is the 8-step documentation provided in the application materials? a. <i>Preparation of and participation in an early flood warning system</i>	I/A	
	 Was the specific method(s) used to monitor weather conditions a flooding alerts provided? b. <i>Emergency evacuation and relocation plan:</i> Was a relocation plant that includes names and addresses of like facilities that have 	and	
	agreements or contracts with the subject to serve as a temporary relocation site for the subject's residents provided?c. <i>Identification of evacuation route(s) out of the 500-year floodple</i>		
	Were road maps and flood zone designations for the relocation s provided?d. <i>Identification marks of past or estimated flood levels:</i> Was evidence that identification marks showing past or estimated floor		
	levels have been placed on the structure provided? e. <i>Resident Notification:</i> Was an example resident notice to reside provided and does the notice advise residents of the portions of t	nts he	
	site that are in the floodplain and that flood insurance is availabl for their personal property?	e	

<< *Provide a narrative discussion evaluating the floodplain exhibits required on checklist Exhibit X. Include the elevation of the property, the elevation of the floodplain, and the location of the life support systems.

(If citing 24 CFR Part 55.12(c)(7) for an exemption from floodplain management regulations, provide a narrative summary confirming that the project qualifies for the regulatory exception. Note that the permanent restrictive covenant or comparable restriction that must be placed on the property's continued use to preserve the floodplain must run with the land and will not be dependent on the mortgage instrument.) >>

Project Capital Needs Assessment (PCNA)

Date of Inspection:			
Firm:			
Needs Assessor:			
Units Inspected:	units (% of units)	
Name of energy design professional (if applicable):			

The scope of the inspection consisted of a visual evaluation of the project site, building exteriors, roof, interior common areas, all mechanical rooms, and a sampling of resident units (as indicated above). The report was prepared in accordance with the Project Capital Needs Assessment Statement of Work, and, if applicable, in accordance with the Green MIP Program Guidance.

Following is a summary of the PCNA and underwriting conclusions.

PCNA Repair Summary			
	PCNA	Lender	
Critical Repairs			
Non-Critical Repairs			
Energy Conservation			
Retrofits (Green MIP):			
Borrower Proposed Repairs:			
Total Repairs:			

Key Questions Yes No 1. Will the non-critical, energy conservation retrofits, or borrower proposed repair escrow be less than 120% of the repair estimate? N/A 2. Will the escrowed repairs take more than 12 months to complete? N/A 3. Will replacement reserve funds be used to fund any of the required or proposed repairs? N/A 4. Do any of the repairs require drawings and/or specifications? N/A 5. Do any of the repairs require relocation of the tenants? N/A 6. Will any of the repairs create vacancy issues requiring an operating deficit escrow? N/A N/A 7. Will any of the repairs require permits or locality approvals? 8. Will any of the repairs require a review by the state licensing authority? N/A 9. Were any specialty reports (e.g., seismic, wood destroying organisms, etc.) required? 10. Has the lender suggested a lower dollar amount or fewer repairs than the Needs Assessor's repair conclusions and are they justified? N/A 11. Is further description and detail of the repairs needed in terms of inspectability (location and what the need is)? N/A 12. Are there any non-compliance issues with regard to the Fair Housing Act, Section 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act, including the applicable accessibility requirements (e.g., the Uniform Federal Accessibility Standards (UFAS), ADA Standards, and Fair Housing Accessibility Guidelines)? (If yes to any of the listed circumstances, the Key Question answer should be marked Yes and noncompliance described below.) 13. Does the proposed underwriting require any increases to the annual replacement reserve deposit over the next 15 years? 14. Will the facility require repairs to be in compliance with the Department of Health & Human Services, Centers for Medicare & Medicaid Services final rule, entitled "Medicare and Medicaid Programs; Fire Safety Requirements for Long Term Care Facilities, Automatic Sprinkler Systems?"

<>For each "yes" answer above, provide a narrative discussion on the topic describing the risk and how it will be mitigated.>>

Lender Modifications

<< Provide a brief summary of modifications made by underwriter. If none, state none.</p>
Example: "The PCNA's analysis of reserve requirements for major movable equipment included replacement of the facility's bus/van. The underwriter has deleted this item as it is not eligible

for reimbursement from the replacement reserve account." Note: the lender or borrower cannot make any modifications to the energy conservation retrofits associated with the Green MIP reduction program.>>

Fire/Building Codes and HUD Standards

<< Provide narrative description regarding needs assessor's finding.>>

Accessibility for Persons With a Disability

Program Guidance: Project Capital Needs Assessment (PCNA) Statement of Work and Accessibility Matrix for Section 232, located at HUD.gov.

<< Provide a brief summary of modifications made by underwriter. If none, state none.</p>
Example: "Per the needs assessor, the facility is in substantial compliance with the Fair Housing Accessibility Guidelines. The needs assessor calls for installation of enunciator/strobe light smoke detectors in one unit in each building under Section 504... >>

Seismic Evaluation

<< Provide narrative discussion. Example: "The facility is located within seismic zone 2B, an area of limited potential for earthquake ground shaking. No additional evaluation is required regarding seismic activity.">>

Green MIP Summary

<<Provide narrative discussion. Include the name of the Standard Keeper and also the name of the green building certification and level that will be provided (e.g., LEED, Silver, Gold, etc.). Include the current Energy Star Score and provide the current baseline Energy Use Intensity (kBtu/ft²) as analyzed in the Statement of Energy Performance (SEP), or, if an addition is contemplated, provide the design (proposed) Energy Use Intensity (kBtu/ft²) results and prospective Energy Score Rating as analyzed in the Statement of Energy Design Intent (SEDI) Report. Confirm that the proposed energy and water reductions, the green building certification and the required Energy Star Score will be achieved per ORCFs Green MIP Program Guidance. Energy conservation measures must be designed for the entire project. >>

If the existing mortgage is FHA insured with a green-MIP rate, and its green building certification is more than 15 years old, then the project must certify to the next level of retrofits/repairs.

Repairs

Critical Repairs

<< Provide a brief summary of the required critical repairs. If none, state none.

Example: The needs assessor identified the following non-critical repair items totaling \$X:

- 1. Remove and replace . Estimated cost: \$
- 2. Install in all units. Estimated Cost: \$

Non-Critical Repairs

<< Provide a brief summary of the required non-critical repairs. If none, state none. Example: The needs assessor identified the following non-critical repair items totaling \$

- 1. Remove and replace . Estimated cost: \$
- 2. Install in all units. Estimated Cost: \$

Non-Critical Repairs for Green MIP Projects:

<<Provide a brief summary of the required non-critical repairs for energy conservation
retrofits. Example: The energy design professional identified the following non-critical
repair/retrofit items totaling \$:</pre>

- 1. Remove and replace . Estimated cost: \$
- 2. Install in all units. Estimated Cost: \$

Borrower Proposed Repairs

- << Provide a brief summary of the borrower proposed repairs. If none, state none. >>
- 1. Remove and replace . Estimated cost: \$
- 2. Install in all units. Estimated Cost: \$

Completion and Inspection

The repair list attached to Exhibit C of the Draft Firm Commitment <u>clearly</u> describes the location of the repairs and what is required. The description is sufficiently detailed so that an experienced person can perform the work and an experienced inspector can inspect with minimal additional direction or consultation.

Replacement Reserves

Replacement Reserve Summary				
	Amount	Per Unit		
Initial Deposit	\$	\$		
Annual Deposit Years: 1-15	\$	\$		

<< Annual deposits should not change from year to year.>>

General Overview

The replacement reserve analysis includes a combined analysis of both capital items and major movable equipment. The underwriter has reviewed the replacement reserve schedule and provided a summary analysis below. The full 15-year replacement reserve schedule, including the major movable analysis, is provided as Exhibit B to the Draft Firm Commitment submitted with this narrative.

In the analysis below, the underwriter spreads the anticipated replacements by year based on the needs assessor's replacement reserve analysis and assumes an interest of % and an inflation rate of %.

Reserve for Replacement Fund Schedule

(Double click inside the Excel Table to add information)

Year	0	1	2	3	4	5
Interest Earned	1.5%	\$0	\$0	\$0	\$0	\$0
Annual Deposit		\$0	\$0	\$0	\$0	\$0
Initial Deposit	\$0					
Total Deposits	\$0	\$0	\$0	\$0	\$0	\$0
Claims		\$0	\$0	\$0	\$0	\$0
Cumulative Claims		\$0	\$0	\$0	\$0	\$0
Balance	\$0	\$0	\$0	\$0	\$0	\$0

Year		6	7	8	9	10
Interest Earned		\$0	\$0	\$0	\$0	\$0
Annual Deposit		\$0	\$0	\$0	\$0	\$0
Initial Deposit						
Total Deposits		\$0	\$0	\$0	\$0	\$0
Claims		\$0	\$0	\$0	\$0	\$0
Cumulative Claims		\$0	\$0	\$0	\$0	\$0
Balance	\$0	\$0	\$0	\$0	\$0	\$0

Year		11	12	13	14	15
Interest Earned		\$0	\$0	\$0	\$0	\$0
Annual Deposit		\$0	\$0	\$0	\$0	\$0
Initial Deposit						
Total Deposits		\$0	\$0	\$0	\$0	\$0
Claims		\$0	\$0	\$0	\$0	\$0
Cumulative Claims		\$0	\$0	\$0	\$0	\$0
Balance	\$0	\$0	\$0	\$0	\$0	\$0
Claims		\$ -	\$ -	\$ -	\$ -	\$ -
Cumulative Claims		\$ -	\$ -	\$ -	\$ -	\$ -
Balance		\$ -	\$ -	\$ -	\$ -	\$ -

As you can see, the year-end balance for each year through year 15 has the recommended minimum balance of \$1,000 per unit in years 2 through 15, indicating that the initial and annual deposit are sufficient based on these assumptions. The HUD program requires the lender to reanalyze the capital needs in year 10.

	material accounts receivable over 12			
6.	not fully funded)?	pancies related to tenant deposit accounts (e.g.,		
7.	material concerns or weakness			
8.	Within the last 3 fiscal years w	vas NOI negative or declining?		

<< If you answer "yes" to any of the above questions, please identify each risk factor and how it is mitigated below. The Accounts Payable and Accounts Receivable analysis provides information regarding an entity's collection and payment practices, policies, and potential risks to the new project. Discuss your analysis of these issues and how the lender determined they are an acceptable risk.

Example: <u>No Financial Statements</u>: The operator is a newly formed entity and does not have a financial history to report. At this time, the operation of this facility is the new entity's sole purpose, so there is no need to review financial data from other facilities or sources.

Example: <u>Tenant Security Deposits</u>: The tenant security deposits do not appear to be fully funded. At closing, however, the borrower will not be the operator and the tenant deposit obligation will fall to the new operator; therefore, the underwriter has included a commitment condition requiring the new operator to set up project accounts by closing and to provide an acceptable, certified Balance Sheet showing that the tenant security deposits are fully funded.

Projects with material accounts receivables over 120 days that do not intend to have Accounts Receivable Financing should address the project State's recent trends in length of time until reimbursement is made. The Lender should address these projects' ability to handle delayed payments, e.g. access to sources of liquidity in an amount comparable to material accounts receivable over 120 days.)>>

General Overview

<< Provide narrative and analysis of financial statements as appropriate. In addition to the Key Questions above, working capital should be discussed along with the general financial stability and strength of the entity. >>

Management fee:	Ma	anag	gement fee:		

Key Questions Yes No 1. Does the agreement fail to sufficiently describe the services the agent is responsible for performing and for which the agent will be paid management fees? 2. Does the agreement fail to state that the management fees will be computed and paid according to HUD requirements? 3. Does the agreement fail to state that HUD may require the owner to terminate the agreement without penalty and without cause upon written request by HUD and contain a provision that gives no more than a 30-day notice of termination? 4. Does the agreement fail to state that HUD's rights and requirements will prevail in the event the management agreement conflicts with them? 5. Does the agreement fail to state that the management agent will turn over to the owner all of the project's cash trust accounts, investments, and records immediately, but in no event more than 30 days after the date the management agreement is terminated? 6. Does the agreement exempt the agent from gross negligence and or willful misconduct? 7. Is the Form HUD-9839-ORCF inconsistent with the Management

<< For each "yes" answer above, provide a narrative discussion on the topic describing the risk and how it will be mitigated. >>

Management Certification

Agreement?

<<Provide narrative review. For example: "The Form HUD-9839-ORCF, Management Agent Certification, provided in the application package indicates a management fee of XX percent of the residential, commercial and miscellaneous income collected, which is in line with industry standards for projects of this size. The term of the agreement is for XX-years. The stated fee and term match those stated in the management agreement. The fee calculations on page 4 are coordinated with the underwriting conclusions.">>

Conclusion

<< Provide narrative discussion of underwriter's conclusion and recommendation. For example: "The management agent has demonstrated an acceptable credit history and has the experience to continue to successfully manage this facility. The underwriter recommends this management agent for approval as an acceptable participant in this transaction.">>

Risk Management Program

Program Guidance: See Risk Management Program grid on the Section 232 program website
for additional guidance. Note that the below tier descriptions are general descriptions and HUI
retains discretion to require additional risk management measures, as warranted, on a case by case basis.
cuse busis.
Risk Management Tier General Descriptions:

Tier 1 Baseline: For most assisted living and low-risk skilled nursing projects with no more than one incident of actual harm/immediate jeopardy in the past three years. In these instances, the risk management program may be administered internally or by a third party provided the party administering the program is qualified.

Tier 2 Elevated Risk: Higher risk projects with two more incidents of actual harm/immediate jeopardy within the past three years. In these instances the risk management program should be administered by a third party.

(Note both Tier and Internal/Externa

Tier 1 Baseline	Internally Administered Risk Management Program
Tier 2 Elevated Risk	External 3 rd Party Administered Risk Management Program

Describe the Risk Management Program and how it meets the following requirements

- 1. Real-time incident reporting and tracking that informs senior management:
- 2. Experience of Staff:
- 3. Training:
- 4. Continuous Improvement:

<< If a third party is involved, describe the contractual arrangement, what company has been contracted, what the contract provides for, when the contract was entered into, when it expires, what results have been seen thus far if the contract has been in place, etc.>>

Staffing

<< Provide narrative description of review. For example: "The appraiser and underwriter have reviewed the current and proposed staffing to be charged to the facility and found it to be acceptable and within reason...">>

Historical AR Loan Costs

<<If there is an existing AR loan that is not yet approved by HUD, provide a financial analysis that explains how the cost of the AR loan has been factored into the NOI calculation. Complete the Historical AR Loan Costs table.>>

Historical AR Loan Costs

(Double click inside the Excel Table to add information)

20XX	20XX	20XX	YTD specify months	20XX-20XX Average	UW

Proposed AR Loan Costs

<<If the AR borrower is obtaining AR financing for the first time, provide a financial analysis that demonstrates that the AR borrower has sufficient financial capacity to pay all projected operating expenses, AR financing costs and loan payments, and all rent or debt service payments. The analysis must assume the maximum AR loan amount to stress test the AR financing based on the lesser of the operator's 12-month trailing operating statements or the underwritten NOI. Calculate the impact on the borrower's debt coverage after payment of the AR loan expenses and payments.>>

Assuming the \$ maximum AR loan limit, an annual interest rate of %, and that the entire amount is outstanding for the year, the maximum annual interest expense would be \$. In addition to the interest, the other associated fees are the fees << list types of fees>>, that total \$ per year for the same assumed balance. An analysis of the operator's 12 month trailing financial statement (Month 20XX – Month 20XX) is below:

12-Month Trailing Operating History			
Operating revenue	\$		
Less: Operating expenses			
Net operating income (NOI)	\$		
Annual P&I + MIP	\$		
AR fee: Interest			
AR fee: Other			
Total annual mortgage & AR debt service	\$		
DSCR including AR			

The underwriting assumed an NOI of \$. The 12-month trailing NOI is \$. The annual debt service including the MIP amount is \$ per year. Adding the AR fees equates

to a total mortgage and AR debt service expense of \$ per year. This equates to prospective debt service coverage.

<<If multiple HUD-insured facilities have access to the AR loan, repeat the analysis above with the consolidated revenues and expenses for all those facilities.>>

Recommendation

<<The lender recommends approval of the AR loan.>>

Insurance

Professional Liability Insurance (PLI) Coverage

Program Guidance: Handbook	x 4232.1, Section II Production, Appendix 14.1.
	•
Name(s) of Insured:	
Insurance company:	
Rating:	Rater:
Insurance company is licensed in the United States:	Yes No
Statute of limitations:	
Current coverage:	Per occurrence:
	Aggregate:
	Deductible:
Policy Basis:	Per occurrence Claims made
Current Expiration:	
Retroactive Date:	
Policy Premium:	

Summary of Six-Year Loss History for Operator or its Parent of Operator					
	Year	Total claims paid under this policy (dollars)	Total claims paid under this policy (no. of claims)	Total bed count covered under the policy	Dollars paid in claims per bed
1					
2					
3					
4					
5					
6					
Total/average					

Key Questions

		Yes	No
1.	Does the insurance policy cover multiple properties?		
2.	Is less than 6 years of loss history available?		
3.	Does the loss history indicate any professional liability claims over \$35,000?		
4.	Does the loss history or potential claims certification indicate any uncovered claims?		
5.	Does the loss history or potential claims certification indicate any claims that would exceed the per occurrence or aggregate coverage limits at the facility?		
6.	Has the facility been covered by a "claims made" policy at any time during the statute of limitations for the State in which the facility is located?		
7.	Is the policy funded on a "cash front" basis?		
8.	Is an actuarial study applicable (self-insurance)? (If yes, discuss results below.)		
9.	For all facilities Owned, Operated or Managed by the operator and/or parent of the operator, are there any surveys/reports that have open G-level or higher citations outstanding? (As appropriate, provide a complete analysis of the surveys.)		
10.	Are any entities that provide resident care (as discussed in the Provider Agreements and Resident Care Agreements/Rental Agreements) not covered by the PLI policy?		
11.	Are there any PLI issues that require special consideration?		
- 1	7 1 4 7 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1	.11	. ,

<< For each "yes" answer above, provide a narrative discussion on the topic describing the risk

and how it will be mitigated.

Example: **1.**<u>Multiple properties</u>: The underwriter notes that the professional liability policy is a 'blanket' policy covering XXX facilities, including the subject...{address potential impact of other facilities on the subject's coverage}

Example: **2.Less than 6-year loss history**: The claims history reports were examined for the period XX through XX. The underwriter determined that there were no professional liability XX claims during that period... {Address claims and sufficiency of coverage, etc. based on history}.

Example: Claims made coverage: The project's previous professional liability insurance coverage was a "claims made" form policy with XXXX, which expired XXXX, when the current policy was put in place. In XXXX the borrower purchased a "nose coverage" policy which is the coverage needed when going from a "claims made" form of insurance to a "per occurrence" form of insurance. The premium for this "nose" coverage liability was a one-time charge and was paid in XXX. Because of that additional insurance coverage, the insurance expense for XXXX was substantially higher than the current expense. The current "per occurrence basis" insurance policy covers the entire statute of limitations. The project's professional liability insurance is in compliance with HUD's requirements. >>

Lawsuits

<<Identify all potential or expected professional liability insurance (PLI) claims in excess of \$35,000 that have been or may be filed for all periods within the statute of limitations for the state where the claim occurred. Identify any reserves held for potential claims. Discuss the risk associate with each potential PLI claim. Discuss how that risk is mitigated. Describe the circumstances, identify the potential award amount, provide evidence and analysis showing that the suits are covered by PLI insurance, and if the insurance is not sufficient, does the insured demonstrate adequate funds to cover the potential excess? Describe any other information that mitigates the risk.</p>

As applicable, discuss other types of lawsuits (non-PLI) and describe the potential risk related to the party's participation in the proposed project. Discuss how that risk is mitigated. If the suit is closed, does it contribute to a pattern? Does it materially affect the party's ability to participate in the project? If not closed, describe the circumstances, identify the potential award amount, provide evidence and analysis showing that the suits are covered by insurance (general liability), and if the insurance is not sufficient, do they demonstrate adequate funds to cover the potential excess? Describe any other information that mitigates the risk.>>

Commercial General Liability Insurance

<<Provide narrative discussion of policy coverage for bodily injury, property damage and personal injury. For example: General liability insurance will be provided by XX. The underwriter has confirmed estimates of the cost and coverage for underwriting and will re-verify</p>

this information prior to closing. The insurance coverage will comply with HUD requirements prior to closing.>>

Recommendation

<<Provide narrative recommendation regarding acceptability of professional and general liability insurance. For example: "The borrower's professional and general liability insurance was analyzed in accordance with Handbook 4232.1, Section II Production, Chapter 14 and Appendix 14.1.). The property has XX current potential (threatened) insurance claims at this time as reflected on the certification provided by the borrower. It is {lender's} opinion that the information provided above and in the application sufficiently demonstrates that the existing professional liability coverage meets HUD's requirements and that the risk from professional liability issues is sufficiently addressed. No modifications to the current coverage are recommended.">>>

Property Insurance

<<Provide narrative discussion of policy coverages as applicable, including property damage, ordinance and law coverage, and boiler and machinery/equipment breakdown insurance. For example: "Property insurance will be provided by XX. The underwriter has confirmed estimates of the cost and coverage for underwriting and will re-verify this information prior to closing. The insurance coverage will comply with HUD requirements prior to closing.">>

Fidelity Bond/Employee Dishonesty Coverage

<<Provide narrative discussion of fidelity bond/crime insurance coverage. For example: "The current insurance policy reflects fidelity (crime) insurance with the limit of \$XX and \$XX deductible. The HUD requirement for at least two months **potential** gross income receipts would total \$XX. The current level of coverage is sufficient for this project." If not sufficient, recommend commitment condition.

Mortgage Determinants

Overview

The mortgage criteria shown on the Form HUD-92264a-ORCF are summarized as follows:

Requested amount:	\$
Amount based on loan-to-value:	\$

Amount based on debt service coverage:	\$
Amount based on cost to refinance:	\$
Amount based on deduction of loans, grants, gifts for mortgageable items:	\$

The proposed mortgage is \$ and is constrained by

Mortgage Term

The underwriter concluded that the estimated remaining economic life of the project is years based on the analysis of the appraiser. The estimate has been multiplied by 75% to arrive at the maximum mortgage term of years. << Note: Term not to exceed 35 years.>>

Type of Financing

The type of financing available to the borrower upon issuance of the commitment will likely be in the form of .

Amount Based on Required Loan-to-Value

(Criterion D of HUD-92264a-ORCF)

The \$ fair market value limit was calculated in accordance with HUD guidelines. Based on % of the underwriter's value of \$. No deductions for ground leases, grants or loans, excess unusual site improvements, cost containment, or special assessments are applicable to this project. << Note: If the loan-to-value exceeds 80% (85% for non-profit), justification/mitigation of the additional risk to HUD must be addressed in the Risk Factors section of this narrative.>>

Amount Based on Required Debt Service Coverage

(Criterion E of HUD-92264a-ORCF)

The \$ debt service limit was calculated using HUD's guidelines. This is based on % of the underwriter's net operating income for debt service purposes of \$, interest rate of % and a -year term. The proposed mortgage is constrained by ; therefore, the underwritten debt service coverage is , which is % of the estimated net operating income for debt service and MIP payments.

<< Note: If the debt service coverage rate is less than 1.45, justification/mitigation of the additional risk to HUD must be addressed in the Risk Factors section of this narrative.>>

Amount Based on the Cost to Refinance

(Criterion H of HUD-92264a-ORCF)

The costs to refinance associated with the project totals \$ on the Form HUD-92264a-ORCF that is used to calculate the mortgage amount for this criterion. This total includes the following:

Existing indebtedness		\$
Repayment of investor debt		
Estimate of repair cost (critical & no	n-critical)	
Initial deposit to the reserve for repla	acement	
Prepayment penalty		
Appraisal (including update)		
Phase I ESA/HUD 4128		
PCNA		
Financing/placement fee		
Lender legal		
Borrower legal		
Title & recording		
HUD inspection fee		
First year MIP		
HUD application fee	-	
Other fees (<< <i>describe</i> >>)		
Other fees (<< <i>describe</i> >>)	-	
Other fees (<< <i>describe</i> >>)		
Other fees (<< <i>describe</i> >>)		
TOTAL HUD-ELIGIBLE	COSTS	\$

Amount Based on Deduction of Grants, Loans, Gifts

(Criterion L OF HUD-92264a-ORCF)

The Criterion 11 limit was calculated in accordance with HUD guidelines as follows:

a.	Transaction Cost from Criterion 7 or 10	\$
b.	(1) Grants/loans/gifts	
	(2) Tax credits	
	(3) Value of leased fee	
	(4) Excess unusual land improvement cost	
	(5) Unpaid balance of special assessment	
	(6) Sum of lines (1) through (5)	\$
	T. 1. 1. (6)	ф
c.	Line a minus line b (6)	\$

The secondary sources are discussed in detail below in the Sources & Uses section of the narrative.

Existing Indebtedness

Program Guidance:	Handbook 4232.1, Section II Production, 3.3.
-------------------	--

<<For a purchase, this section should be titled "Purchase Price" and the information below should be replaced by an appropriate narrative section describing the pertinent terms of the purchase transaction, generally including: purchase price, itemization of costs to be paid by seller, date of agreement and addendums, expiration date, date by which sale must occur, etc.>>

<<Provide detailed breakdown of all existing debt(s) being included in requested mortgage
amount below. Include similar detail on HUD-92264a-ORCF.>>

<t and discuss all existing long-term debt that will survive closing. >>

Other Uses

<< Discuss any Uses not previously discussed in this narrative. >>

<u>Circumstances that May Require Additional Information</u>

In addition to the information required in this narrative, depending upon the facility for which mortgage insurance is to be provided, the mortgagor, operator, management agent and such other parties involved in the operation of the facility, current economic conditions, or other factors or conditions as identified by HUD, HUD may require additional information from the lender to accurately determine the strengths and weaknesses of the transaction. If additional information is required, the questions will be included in an appendix that accompanies the narrative.

Special Commitment Conditions

<tist any recommended special conditions. If none, state "None.">>

1.

2.

Conclusion

<< Provide narrative conclusion and recommendation.>>

Signatures
