Lender Narrative – Substantial Rehabilitation

Section 232 – 2 Stage, Initial Firm Submission U.S. Department of Housing and Urban Development Office of Residential Care Facilities

Public reporting burden for this collection of information is estimated to average 70 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. The information is being collected to obtain the supportive documentation that must be submitted to HUD for approval, and is necessary to ensure that viable projects are developed and maintained. The Department will use this information to determine if properties meet HUD requirements with respect to development, operation and/or asset management, as well as ensuring the continued marketability of the properties. Response to this request for information is required in order to receive the benefits to be derived from the National Housing Act Section 232 Healthcare Facility Insurance Program. This agency may not collect this information, and you are not required to complete this form unless it displays a currently valid OMB control number. While no assurance of confidentiality is pledged to respondents, HUD generally discloses this data only in response to a Freedom of Information Act request.

Warning: Anyone who knowingly submits a false claim or makes a false statement is subject to criminal and/or civil penalties, including confinement for up to 5 years, fines, and civil and administrative penalties. (18 U.S.C. §§ 287, 1001, 1010, 1012; 31 U.S.C. §3729, 3802).

Privacy Act Statement: The Department of Housing and Urban Development, Federal Housing Administration, is authorized to collect the information requested in this form by virtue of: The National Housing Act, 12 USC 1701 et seq. and the regulations at 24 CFR 5.212 and 24 CFR 200.6; and the Housing and Community Development Act of 1987, 42 USC 3543(a). The information requested is used to review applications within HUD. No information will be disclosed outside of HUD. The information requested is mandatory to receive the mortgage insurance benefits to be derived from the National Housing Act Section 232 Healthcare Facility Insurance Program. No applications will be reviewed or approved without the necessary information requested. No confidentiality is assured.

INSTRUCTIONS:

The narrative is a document critical to the Lean Underwriting process. Each section of the narrative and all questions need to be completed and answered. If the lender's underwriter disagrees and modifies any third-party report conclusions, provide sufficient detail to justify the changes must be provided. This narrative is to identify the strengths and weaknesses of the transactions and demonstrate how the weaknesses are mitigated by the underwriting.

- <u>**Charts</u>**: The charts contained in this document have been created with versatility in mind; however, they will not be able to accommodate all situations. For this reason, you are allowed to alter the charts as the situation demands. Be sure to state how you have altered the charts along with your justification. Include all the information the form calls for. Charts that include blue text indicate names that should be modified by the lender as the situation dictates.</u>
- **Applicability:** If a section is not applicable, state so in that section and provide a reason. Do not delete a section heading that is not applicable. The narrative will be checked to make certain all sections are provided. If a major section is not applicable, add "– Not Applicable" to the heading and provide the reason. For instance:

Parent of the Operator – Not Applicable

This section is not applicable because there is no operator.

The rest of the subsections under the inapplicable section can then be deleted. This instruction page may also be deleted.

- **Format:** In addition to submitting the PDF version of the Lender Narrative to HUD, please also submit an electronic Word version.
- Historical Information: Substantial rehabilitation can encompass a wide range of renovations—from "gut" rehabilitations that replace or newly construct nearly everything, to replacements and renovations that barely exceed the substantial rehabilitation threshold. Because of these types of variables, historical financial data on the previous operations may not be available or applicable. In those instances where historical information is not applicable, the underwriter should follow the above instructions for inapplicable sections and provide the reason. Acceptable reasons for not providing historical data include: the lack of data due to a sale or previous use or a significant change in use. Be cautioned that changes in census mix without a change in the type of license will likely not warrant elimination of the historical data as an underwriting tool.

Instead of pasting large portions of text from third-party reports into the narrative, it is preferred that the lender simply reference the page number and the report. The focus of this document is for lender conclusions, analyses, and summaries.

Italicized text found between these characters $\langle EXAMPLE \rangle$ is instructional in nature, and may be deleted from the lender's final version. Please use the gray shaded areas (e.g.,) for your response. Double click on a check box and then change the default value to mark selection (e.g., \bigotimes).

Portfolios

Program Guidance: Handbook 4232.1, Section II Production, Chapter 17.	
It is the lender's responsibility to read the handbook chapter and provide HUD with full disclosure of all other HUD insured projects of the borrower and operator utilizing Forms HUD-90013-ORCF, Consolidated Certifications - Borrower and HUD-90014-ORCF Consolidated Certifications.	

Key Questions

		Yes	No
1.	Is the subject project part of a small, medium or large portfolio? (If yes, specify type)		
	Small (two or more projects, up to \$90 Million)		
	Medium (\$90 Million to \$250 Million)		
	Large (> \$250 Million)		
2.	Have principals of the borrower disclosed participation in any other HUD-		
	insured projects in completing Form HUD-90013-ORCF, Consolidated		
ъ	Certification – Borrower?		
з.	Have principals of the Operator disclosed participation in any other HUD- insured projects in completing Form HUD-90015-ORCF, Consolidated		
	Certification – Operator?		

		Yes	No
4.	Have principals of the borrower submitted any applications for HUD mortgage insurance or TPA in the <i>past</i> 18 months OR do they plan to submit any applications for HUD mortgage insurance or TPA in the <i>next</i> 18 months?		
5.	Have principals of the operator submitted any applications for HUD mortgage insurance or TPA in the <i>past</i> 18 months OR do they plan to submit any applications for HUD mortgage insurance or TPA in the <i>next</i> 18		
	months?		

<< For Medium and Large Portfolios (>\$90 Million) provide name/number of portfolio and date Corporate Credit Review approval was granted by ORCF.

Provide listing of projects, for the borrower and/or operator, that have been insured by HUD in the past 18 months, that are currently in application processing, or projects that the borrower and/or operator plans to submit for mortgage insurance in the next 18 months.>>

Special or Atypical Underwriting Considerations

There are NO special or atypical underwriting considerations.

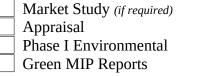

The following are unique characteristics, key deal points, special, or atypical underwriting considerations:

<< Examples:

- *Facility will be master leased*
- Identity-of-interest issues
- Timing issues for closing or permits, land, licensing, etc.
- Land will be added to the existing site
- Shared costs/expenses with other facilities
- The proposed project will be part of a building with shared walls/floors with non-HUD insured or other HUD-insured project and underwritten expenses/or capital costs were based on allocations.

This section should not be a lengthy restatement of the rest of the narrative. It is merely to highlight key points.>>

Program Eligibility

Substantial Rehabilitation

This project qualifies for substantial rehabilitation because:

The hard costs of rehabilitation/construction \$<<*amount*>>, represents % of the value as rehabilitated, which exceeds 15% of the project's value after completion. (*Note: the hard costs of an addition to the building are included in this calculation.*)

The scope of rehabilitation includes substantial replacement of two or more major building components, including: *<<list all applicable components here>>*.

Key Questions

-		Yes	No
1.	Will the facility charge "founder's fees," "life care fees," or other similar charges associated with "buy-in" facilities?		
2.	Has the facility, borrower, operator, or any of their affiliates renamed or reformulated companies, or filed for or emerged from bankruptcy within the last 5 years?		
3.	Will less than continuous protective oversight be provided at the facility?		
4.	Are there any "minimum assistance" requirements necessary to qualify under the Section 232 mortgage insurance program that the facility does not plan to offer?		
5.	If an ALF, are there residents who will not meet the statutory definition of frail elderly (at least age 62 and in need of assistance with at least three (3) Activities of Daily Living)?		
6.	Will the facility require more than four residents share a full bathroom (see 24 CFR 232.3)? (<i>Not applicable for SNFs.</i>)		
7.	Are any residents required to access a qualifying bathroom by moving through a public corridor or area (see 24 CFR 232.3)? (<i>Not applicable for SNFs.</i>)		
8.	Are there floodways or coastal high hazard areas located onsite*?		
9.	Is the project a hospital, clinic, diagnostic center, group practice facility, halfway house, or other type of facility that does not meet 232 program intent?		
10	. Has construction or site work commenced without prior HUD approval?		
11	. Is the project designated by the Centers for Medicare and Medicaid Services (CMS) as a Special Focus Facility or similar future designation?		
12	. Is the project a long-term acute care facility?		
13	. Does the owner or operator/management agent lack the relevant experience (with similar type of facility, regulatory environment, payor		

		Yes	No
	mix, etc.) to lease-up and operate the subject project?		
14.	For Green MIP projects, did the project Architect or the energy design professional determine that the project will not achieve the selected green building certification, energy and water reductions, and Energy Star Score		
	required for the reduction of the Green MIP rate?		
15.	For Green MIP projects, are the energy conservation measures limited to the area of repairs, alterations, addition and/or a new construction rather than covering the entire project?		
16.	For Green MIP projects, does the energy design professional lack the relevant experience and qualifications as provided in ORCFs Green MIP Program Guidance?		

<< If you answered "yes" to any of the questions above, this facility is <u>not eligible</u> under this program. Note: HUD will not consider changes to participate in the Green MIP program after the issuance of a Firm Commitment.>>

*Exception: The floodway and coastal high hazard area prohibitions do not apply if only an incidental portion of the project is in the 100-year floodplain, or for critical actions, the 500-year floodplain, and certain conditions are met in accordance with 24 CFR 55.12(c)(7).

Commercial Space/Income

Program Guidance: Handbook 4232.1, Section II Production, 2.6.E.

Select one of the following:

There will be <u>no</u> commercial space at the subject. There will be commercial space at the subject; however, it will not exceed the program limitations of 10% of the gross floor area of the project and 15% of the effective project income.

a. Total gross floor area:		d. Effective Project Income:	
b. Gross floor commercial area:		e. Commercial income:	
c. % of commercial area:	< < b / a>>	f. % of commercial income:	< <e d="">>></e>

<<*Provide further explanation, if necessary. If the facility does not meet either of the criteria above, the loan is not eligible under this program.*>>

Licensing/Certificate of Need/Keys Amendment

Number of Beds to be licensed:

Lender has verified that the beds or units in operation are in compliance with the State licensing agency.

<< Provide affirmative statement along the lines of: "The facility is to be licensed by the State of {State}'s Department of Health and Welfare as a {Type of Facility} for {X} beds. The license is to be issued to {Name of Entity on License}." Describe the licensing process. It is effective {date}, through {date}. The license covers {number of beds}.">>

<<Provide affirmative statement along the lines of: "There is no Certificate of Need (CON) requirement in {State} for {Type of Facility}." – OR – "A Certificate of Need (CON), dated {XXX} was issued by the State of {State} authorizing XX beds...">> For skilled nursing, where the state does not require a CON, discuss the required independent study conducted by the state or commissioned by the state of market need and feasibility. Include in the discussion the number of beds and the date through which it is current.

<<(Applicable on projects with added units/beds.) If a new/updated CON is required by the local regulatory authorities, it is to be issued to the current license holder. Provide affirmative statement along the lines of: "There is no Certificate of Need (CON) requirement in [State] for [Type of Facility]."-OR- "A Certificate of Need (CON) dated [xxx] was issued by the State of [State] authorizing the addition of xx beds.">>

<<(Applicable to B&C's.) Provide affirmative statement along the lines of: "The State of {State} has certified its compliance with Section 1616(e) of the Social Security Act (Keys Amendment). Discuss documentation provided in the application that shows that the state where the facility is located is in compliance with Section 1616(e) of the Social Security Act (Keys Amendment) AND that the facility itself is regulated by the state pursuant to Section 1616e. Note on this last point that the requirement is not only that the facility be regulated, but that it be regulated specifically pursuant to 1616e. >>

Identities-of-Interest

Program Guidance: Handbook 4232.1, Section I, Chapter 1.6

Key Questions

		Yes	No
1.	Have you, as the lender, identified any identities of interest on your certification?		
2.	Does the borrower's certification indicate any identities of interest?		
3.	Do any of the certifications provided by principals of the borrower identify any identities of interest?		
4.	Does the operator's certification (if applicable) indicate any identities of interest?		
5.	Does the management agent's certification (if applicable) indicate any identities of interest?		
6.	Does the general contractor's certification indicate any identities of interest?		
7.	Does the HUD Addendum to the AIA Agreement of the Design Architect identify any identities of interest?		
8.	Does the lender know, or have any reason to believe, that any of the assertions in the other Consolidated Certifications submitted herewith, are inaccurate or incomplete?		

<<For each "yes" answer above, provide a narrative discussion regarding the topic. As applicable, describe the risk and how it will be mitigated. For example: The borrower and operator are related parties – John Doe has ownership in both entities. No other identities of interest are disclosed.>>

Risk Factors

Key Questions

		Yes	No
1.	If the project is proposing new construction of assisted living units, is the proposed mortgage higher than the maximum loan-to-value (LTV) ?		
2.	Is the debt service coverage of the loan less than 1.45?		
3.	Is this a "special use facility"—one that serves a "niche" type of market (e.g., psychiatric facilities; drug, alcohol, or eating disorder recovery facilities; hospice facilities; or short-term rehabilitation facilities?		
4.	Is this an Intermediate Care Facility (ICF), Institution for Mental Diseases (IMD), or any other type of facility that caters to a significant population with mental illness (MI), developmental disabilities (DD) or individuals with intellectual disabilities (IID)?		
5.	Is the project in a state with an Olmstead Plan, pending Olmstead-related		

		Yes	No
	cases, an Olmstead settlement agreement or order, or is the project's state active in initiatives to "right-size" nursing facilities or otherwise working to "rebalance" long-term supports and services toward home and community- based settings?		
6.	Does the project rely on Medicaid Waivers or State Plan Options for a significant portion of its resident population, MI/DD residents, or for residents in the assisted living portion of a combined SNF/ALF Facility, subjecting it to HCBS Settings requirements?		
7.	Is the operator, parent company, affiliates or subsidiaries the subject of an ongoing investigation or judicial or administrative action involving any Federal, State, municipal and/or other regulatory authority, which could have a detrimental impact on the operator's financial condition or may		
	jeopardize the operator's license and or its provider agreements?		

<< For each "yes" answer above, provide a narrative discussion on the topic describing the risk and how it will be mitigated.

If you answer "yes" to question 3, the narrative discussion should include an analysis of the following: 1. The long-term viability of funding sources for this client group; 2. The facility's ability to maintain stabilized occupancy over the long term, and/or the ability to fill the beds occupied by residents with the special use diagnosis, should the funding source cease; this analysis should include a demonstration that a market exists for increasing reliance on a more "traditional" SNF resident; 3. The extent of the successful experience of the operator in dealing with the contemplated population; 4. How the principals of this facility address the higher risk associated with the targeted population (e.g. higher Professional Liability Insurance, etc.); 5. The facility's capacity to continue servicing the debt in the event that market/provider payment changes dictate that alternative/modified uses of the subject portion of the facility be pursued; and 6. Risk Mitigation.

If you answer "yes" to question 5, the narrative discussion should include a discussion of any of the state's efforts above that might have an impact on the subject facility and what efforts the owner and/or operator will take to respond to these impacts. Be sure to reference the state's strategy for moving the following populations: the elderly from skilled nursing facilities, individuals with intellectual or developmental disabilities (ID/DD) from ICFs, the physically disabled, non-elderly from skilled nursing facilities or the mentally ill from psychiatric facilities or other facilities, as appropriate.

If you answer "yes to question 6, the narrative discussion should include a discussion of the facility's compliance with the HCBS Settings requirements. The discussion might include the State's progress in implementing the HCBS Settings Rule references to the Statewide Transition Plan, CMS responses to or approval of the Plan, State Regulatory language, or State Medicaid Agency input. If it appears that the facility will not, or will not be able, to comply with the Rule, the Lender should provide a Sensitivity Analysis showing the project's ability to operate without these residents.

Third Party Reviewers

Key Questions – Environmental Consultant(s)

		Yes	No
1.	Does the environmental consultant(s) meet all the qualification requirements of Appendix X2 of ASTM E 1527-05?		
2.	Does the environmental consultant(s) meet the license/certification, educational, and experiential requirements of Section X.2.1.1(2)(i), (ii), or (iii) of Appendix X2 of ASTM E 1527-05?		
3.	Were any Phase II investigations performed by environmental investigator(s) specifically qualified to meet the responsibilities for the issue(s) of concern?		
Key	v Questions – Market Analyst		
U		Yes	No
1.	Does the market analyst have the knowledge and experience to complete the assignment competently?		
2.	Is the market analyst currently active in the market analysis of other healthcare properties?		
3.	Is the market analyst experienced in the market area that the subject property is located in or established expertise by a thorough investigation of the market?		
4.	Did the market analyst personally inspect the property, perform the market analysis, and prepare and sign the market study?		
Key	v Questions - Appraiser		
		Yes	No
1.	Is the appraiser a Certified General Appraiser under the appraiser certification requirements of the state where the subject property is located as of the effective date of the appraisal? (See note below this section.)		
2.	Does the appraiser meet the requirements of the Competency Rule described in USPAP?		
3.	Did the appraiser sign the appraisal and the required certifications?		
4.	Does the appraiser have experience appraising a minimum of five similarly licensed healthcare facilities?		
5.	Is the appraiser currently active in the appraisal of other healthcare properties?		

		Yes	No
6.	Is the appraiser experienced in the market area in which the subject property is located, or establish competency as per USPAP?		
7.	Did the appraiser meeting the above qualifications, personally inspect the property being appraised?		
8.	If more than one appraiser worked on the appraisal, did they all sign the report and certifications?		
Key	Questions – Green MIP Energy Professional		
U		Yes	No
1.	Does the energy professional's qualification comply with ORCFs Green		
	MIP Program Guidance?		
2.	Does the energy professional have experience with energy modeling for the		
	type of healthcare project proposed ?		

NOTE: Any "no" answers should be thoroughly explained and justified. The appraiser <u>must</u> be a Certified General Appraiser under the appraiser certification requirements of the state that the subject property is located, as of the effective date of the appraisal (temporary certifications are permissible) and must meet all requirements of the Competency Rule of the USPAP. Lender verification of an appraiser's current standing can be done at <u>http://www.asc.gov</u>. The Energy Professional must have the requisite qualifications as outlined in the Green MIP Program Guidance.

The report was prepared to comply with the reporting requirement outlined under the USPAP as a self-contained report. The report also complies with the requirements of the Code of Professional Ethics of the Appraisal Institute and the Financial Institutions Reform, Recovery and Enforcement Act of 1989 (FIRREA), Title XI Regulations

The report was prepared in accordance with the ORCF Appraisal Guidelines.

Key Questions

		Yes	No
1.	Will there be a ground lease?		
2.	Are any tax credits involved in this transaction?		
3.	Are any real estate tax abatement or exemptions included in the underwriting assumptions?		
4.	Are there any special escrows or reserves proposed for this transaction?		
5.	Does the underwriting include income from adult day care? (<i>Note: Non-</i> resident adult day care space <u>may not</u> be located on a separate site. The adult day care space will not be considered commercial space; however, the space may not exceed 20% of the gross floor area of the facility and the income may not exceed 20% of gross income. Provide a Certificate of Need or operating license, if applicable.)		
6.	Are there any other issues that require special or atypical underwriting considerations?		
7.	Does the submission date of the application (date the application enters the queue) exceed the 120-day timeframe from the effective date of the appraisal?		

<<For each "yes" answer above, provide a narrative discussion regarding the topic. For example, Item 3, Real Estate Tax Abatement – The borrower will be receiving an abatement of real estate taxes for at least two years after opening the facility. The abatement is to be 70% of the taxes due. We have not assumed the abatement for valuation purposes. The underwriter has, however, excluded 70% of the underwritten taxes from the debt service calculation and from the initial operating deficit calculation.>>

Hypothetical Conditions and Extraordinary Assumptions

Hypothetical Conditions

<< Identify any conditions that are contrary to what exists but are supposed for the purpose of analysis. For example, "The appraisal assumes that the proposed construction is complete, and the property has attained the operating levels concluded by the appraiser. There are no other hypothetical conditions.">>

Extraordinary Assumptions

<<Identify any assumptions specific to this assignment that if found to be false, could alter the appraiser's opinions or conclusions. For example, "The appraisal assumes the subject project meets the state licensing requirements and that the facility is constructed as planned. There are no other extraordinary assumptions.>>

Jurisdictional Exceptions

<< These are rare and should be discussed with HUD before invoking. >>

Market Analysis

<< The Market Study may be an integral part of the appraisal and need not appear under separate cover. If under separate cover, the Market Study should have the same author as the appraisal, so the valuation is consistent with the market conclusions.>>

Key Questions

		165	INU
1.	Is the subject located in a declining market in terms of population, target population, real estate values, or employment?		
2.	Are there any negative market influences that require special consideration?		
3.	Is there a projected or current oversupply that could affect the subject?		

<< For each "yes" answer above, provide a narrative discussion regarding the topic, describing the risk and how it is mitigated. For example, "Oversupply: The projected oversupply is specifically addressed in the Risk Factors section of this narrative.">>

Market Analysis Overview

<< Provide an overview of the market analysis, including general growth and population information, barriers to entry, unique market influences, etc. Please be brief in this section and refrain from pasting large sections from the market study here.>>

Vac

Ma

Primary Market Area

<< Describe primary market area and method of selection (e.g., distance, zip codes, etc.). When making your conclusions about the size of the PMA, pay close attention to where the existing competitors are drawing their tenants from.>>

Target Population

<< Describe age, income, and type of resident (i.e., assisted living, independent, dementia, etc.) and acuity of care.>>

Demand

<< Describe age, income, and type of resident (i.e., assisted living, independent, dementia, etc.) and acuity of care of the target population. Describe target population demographics and demand factors.>>

Competitive Environment (Supply)

<< Describe and identify competing facilities, planned facilities, facilities under construction, and other supply factors that compete with the subject facility. Description of supply should include types of facilities, acuity, and occupancy. Discuss recent and/or historic absorption of competitive units. Discuss any perceived changes to competitive environment.>>

Conclusion

<< Provide conclusion of market analysis: summarize demand, market saturation, continued health of market, negative and positive factors impacting the continued demand for the subject's units/beds.>>

Income Capitalization Approach – As-Is

Financial Statements

The appraiser and underwriter have analyzed the following historical financial statements pertaining to the operation of this facility:

<<If less than three years financial information is available for the project's operations, provide a narrative justifying why the data is not available. Even in the cases where there was an acquisition within the past 3 years, the owners will usually have been supplied with the income and expense information from the previous owner.>>

<<Discuss any departures from historical reimbursements, mix, and trends here.>>

<< Provide narrative discussion and support for each other income category as appropriate. An equivalent analysis of the information provided above is required. Additional analysis can be provided at the lender's option to support their conclusion, as appropriate.

Example: <u>Additional Personal Care Fees</u>: The project bases additional care fees on levels of care needed as determined by the initial assessment and subsequent assessments as needed. The appraiser concludes to a net amount of \$X annually. The underwriter has analyzed the history to determine the average monthly charge of \$X, net of vacancies. Insert historical or comparable data as appropriate.

Example: <u>Second Occupant Income</u>: The appraiser has included a net annual projection of X second occupants at X per month. Over the last 12 months, the facility has averaged X second occupants per month. Competitive facilities in the market place report second occupant charges ranging between X and X with a range of X to X second occupants. Based on the history and the market, the underwriter concurs with the appraiser's conclusion for a net annual income of X.

Example: **Other Income:** In addition to room rents, additional care, and second occupant income, the project receives miscellaneous income from X (list miscellaneous). The appraiser has included a net annual projection of X. Historically, typical miscellaneous income is between X and X percent of effective income. The appraiser's conclusion is x. The underwriter has concluded to a net X per annum (calculation shown). >>

<<<u>Instructions</u>: Each type of care should have its own subsection below discussing the payor source identified in the rent schedule, as demonstrated below. You may delete the sections (Skilled Nursing, Assisted Living, and Independent Living) that do not apply to your subject. >>

unusual management fees) will be used for loan sizing based on Debt Service Coverage.>>

Capitalization Rate – As Is

Fir	m:		
Со	nsultant:		
1.	Was the Phase I Environmental Site Assessment (ESA) performed in conformance with the scope and limitations of ASTM Practice E 1527-13 (or the most current version)?	Yes	No
2.	Was the Phase I consultant provided with an accurate description of all repairs, site work, construction and/or demolition to be completed?		
3.	Does the Phase I investigation include all of the following?		
	A reconnaissance of the subject site and the immediate surrounding area, a review of regulatory agency information, a survey of local geological and		
	topographical maps, a review of aerial photographic studies, a survey of water sources, and a review of historical information.		

<< Explain any "no" answer above. >>

-		Yes	No
1.	Does the Phase I ESA recommend a Phase II assessment, other reports, or additional testing?		
2.	Does the Phase I or Phase II assessment indicate that remediation is required or ongoing?		
3.	Does the Phase I ESA indicate that a monitoring well or testing well (operating or non-operating) is located on the site?		
4.	Does the report indicate evidence of any soil staining or distressed vegetation, unusual odors, pools of liquid, leaking containers or equipment, hazardous materials, or other unidentified substances?		
5.	Does the report indicate evidence of any chemical misuse or unlawful dumping at the site?		
6.	Does the report indicate the presence or suspected presence of any underground storage tanks or aboveground storage tanks on the site?		
7.	Does the report's review of all major governmental databases for listings of potentially hazardous sites within the ASTM required search distances from the property identify any potential contamination concerns for the property?		
8.	Do the Phase I or II reports recommend any required repairs?		
9.	Does the Vapor Encroachment Screen identify a "vapor encroachment condition" (VEC)? (<i>The vapor encroachment screen must be performed using Tier 1 "non-invasive" screening pursuant to ASTM E 2600-10 or most recent edition.</i>)		
10.	Is the Phase I site inspection date more than 180 days before the date the firm commitment application was submitted? A Phase I that was conducted more than 180 days before the application's submission, but not more than one-year before the submission, must be updated pursuant to ASTM E 1527-13 or the most recent edition. (A Phase I ESA that was originally conducted more than one year prior to the application's submission date, even if updated within 180 days of		
	submission, is not acceptable. <u>ORCF is not able to waive this requirement</u> .)		
11.	Does the land area in the Phase I differ from the land area in the survey and Exhibit A to the Firm Commitment?

Other Potential Environmental Concerns

Key Questions

		Yes	No
1.	Is the subject located within a designated coastal barrier resource area? (If no, provide evidence.)		
2.	Noise:		
	a. Is the subject located within 5 miles of a civil airport or within 15 miles of a military airfield?		
	b. Is the project located within 1,000 feet of major highways or busy roads?		
	c. Is the project located within 3,000 feet of a railroad?		
	d. Is the subject's marketability impacted by noise?		
3.	Are there existing or proposed stationary tanks containing explosive or fire- prone materials on the site or nearby the site that are visible from satellite images or site reconnaissance?		
	a. Was a safety letter from the state or local fire department NOT provided for each tank?		
4.	Are there any wetlands on or adjacent to the subject site?		
	a. If so, will the project impact or disturb wetland areas or their buffer zones?		
5.	Are any repairs or modifications to the project likely to affect any listed or proposed endangered or threatened species or critical habitats?		
6.	Is the subject located on a sole source aquifer?		

Yes

No

		Yes	No
7.	Are there any known landfills within ½-mile of the site?		
8.	Is the project subject to an Activity and Use Limitation, Engineering Control, and/or Institutional Control related to an environmental concern? (If so, provide the information to the Phase I environmental consultant.)		
9.	Does the project utilize a private water supply? (If so provide evidence that the water quality meets local, state or Federal standards; for example, evidence that the water meets the EPA Primary Drinking Water Standards.)		
10.	Does the project involve a private sewage treatment system?		
11.	Are any on-site structures located within the easement of an overhead high voltage transmission line?		
12.	Are any buildings located in the fall zone of a support structure for high voltage transmission lines or any other towers?		
13.	Is any structure located within 10 feet of an easement for a high-pressure gas or liquid petroleum transportation pipeline?		
14.	Is a residential structure located within 300 feet of an operating or abandoned oil or gas well? (If so, refer to Handbook 4232.1, Section II, Production, 7.5.K.3.)		
15.	Do any of the repairs change the footprint of the building(s)?		
16.	Does the project site include a structure that was built before 1978? (If no, move on)		
	 a. Was a comprehensive asbestos survey performed by a qualified asbestos inspector pursuant to the "baseline survey" requirements of ASTM E 2356-10 (or most recent edition) NOT provided? (Required for all buildings constructed before 1978. If provided, check "No.") 		
	b. Did the asbestos survey identify any friable and/or damaged asbestos?		
	c. Does the project involve asbestos removal? (Asbestos removal may involve additional risk, and may have a direct impact on residents and workers and ongoing facility operations. An operating deficit, for example, may need to be required if removal is to occur after		
1 7	endorsement.)		
17.	Does the proposal include demolition of a structure that was built before 1978? (If no, move on)		
	 Was a comprehensive asbestos survey performed by a qualified inspector pursuant to the "pre-construction survey" requirements of ASTM E 2356-10 (or most recent edition) NOT provided? 		
18.	Other than the aforementioned, are there any other environmental issues identified by the Phase I or II reports or lender's due diligence?		
19.	Was a floodplain map with the subject site clearly marked on it NOT provided?		
20.	Was a preliminary or pending flood map of the project's location available on the FEMA website? If so, provide a copy of this map with the subject site marked on it.		

	Yes	No
21. Was a wetland map with the subject site clearly marked on it NOT		
provided?

Site Work, Ground Disturbance or Digging

Program Guidance: Handbook 4232.1, Section II Production, 7.5.

If the project includes any ground disturbance, contact <u>LeanThinking@hud.gov</u> in advance of application submission so that ORCF may initiate agency to agency contact. Include a project description including type of project, purpose of the project, the proposed activities/site work, and the current condition of the site (what is on the site now) as well as a location map, aerial view map, site layout map and a topographic map in your request to Lean Thinking.

Examples of ground disturbance include, but are not limited to, tree removal, burying a tank, new parking, increases in building footprint, adding a new fence, etc. If there is uncertainty regarding what may constitute ground disturbance, contact <u>LeanThinking@hud.gov</u> in advance of application submission.

Key Questions

U	-	Yes	No
1.	Will there be any site work, construction, ground disturbance or digging? (If no, move on)		
2.	Was a request for Tribal Consultation submitted to <u>LeanThinking@hud.gov</u> in advance of application submittal?		
3.	Was a site plan provided showing where site work, ground disturbance and/or digging will occur?		
4.	Was documentation provided showing that a Section 7 Endangered Species review was completed?		
5.	Was evidence that the project is in compliance with the State's Coastal Zone Management Program provided if located in a designated coastal zone?		
6.	Did the correspondence with the State Historic Preservation Office (SHPO)		
7	accurately reflect the proposed site work, ground disturbance or digging as well as any planned repairs and/or construction?		
7.	Are there any wetlands on or adjacent to the site that could be potentially impacted by the construction or site work either directly or indirectly via		
	drainage, etc.?		
	a. If yes, was HUD contacted in advance to conduct an 8 step?		
8.	Is the project site located in a flood plain?		
	a. If the footprint of the building or pavement will be significantly		
	increased, was HUD contacted in advance to conduct the 8-step		
	decision making process (24 CFR Part 55.20)?		

Increases in Units or Beds

Key Questions

-		Yes	No
1.	Was a request for Tribal Consultation with Exhibit 2-6 submitted to

Program Guidance:
The lender may submit a Section 106 request to SHPO in order to expedite the process.

<< Provide narrative description indicating that the SHPO has been contacted, information sent to SHPO, and any response received.>>

		Yes	No
1.	Was the SHPO contacted?		
2.	Was the SHPO website for the project's state reviewed for any specific information required by that SHPO and was this information provided?		
3.	Was all correspondence with the SHPO provided in the application?		
4.	Are there any known historic preservation issues related to the subject?		
5.	Does the project involve repairs in excess of routine maintenance (as defined in Notice CPD-16-02), construction, or ground disturbance?		
6.	Have any other archeological or cultural resource centers been consulted?		

<<As applicable, for each "yes" answer above, provide a narrative discussion on the topic. For example: "We have received a letter from the XXXX State Historic Preservation Office, dated XXXX. It was determined that the site is of no historical or suspected cultural significance. No additional investigation was recommended by the State." Please indicate if a response has not been received. If the SHPO concluded that the project will have an adverse effect, please explain how this will be mitigated.>>

In that instance (individuals), follow the Principal of the Borrower template and modify it appropriately for an operator. >>

		Y es	NO
1.	Is the parent of the operator rated by S&P or another rating agency?		
2.	Is or has the parent of the operator been delinquent on any federal debt?		
3.	Is or has the parent of the operator been a defendant in any suit or legal action?		
4.	Has the parent of the operator ever filed for bankruptcy or made compromised settlements with creditors?		
5.	Are there judgments recorded against the parent of the operator?		
6.	Are there any unsatisfied tax liens?		
7.	Does the parent of the operator have other HUD properties which are master leased separately from the subject project?		

<<As applicable, for each "yes" answer above, provide a narrative discussion on the topic describing the risk and how it has been or will be mitigated. Example: **<u>S&P Rating</u>**: The entity is rated X by S&P. The rating agency indicates the outlook for the company is X.>>

Other Business Concerns/232 Applications

Key Questions

		105	110
1.	Does the parent of the operator identify any other business concerns?		
	a. Do any of the other business concerns have pending judgments; legal actions or suits; or, bankruptcy claims? (<i>If so, a credit report must be obtained on the business concern.</i>)		
	b. Do the credit reports on the 10% sampling of the other business concerns indicate any material derogatory information?		
2.	Does the Principal identify any other Section 232 program (i.e., 223(f), 241(a), 223(a)(7), 232(i), or 223(d)) loans on the Consolidated Certification – Parent of Operator (Form HUD-90016-ORCF) and Attachment 2 thereof?		

<<For each "yes" answer above, provide a narrative discussion on the topic describing the risk and how it will be mitigated. Example: **Other Business Concerns**: XXXXX identified XX other business concerns in addition to the borrower and the newly formed operator discussed in this narrative. The underwriter reviewed Dunn and Bradstreet credit reports for XX Other Business Concerns identified by XXXX. {Discuss each report}. No reports indicated derogatory information that would prohibit XXXXX participation in this loan transaction.

Example: **Other Section 232 Applications**: XXXXX identified XX other Section 232 loan application – {projects}. The applications were submitted XXX and closed in XXX. As this is only XXXXX's Xth HUD-insured healthcare loan, no additional reviews are required.>>

Risk Management Program

Program Guidance: See Risk Management Program grid on the Section 232 program website for additional guidance. Note that the below tier descriptions are general descriptions and HUD retains discretion to require additional risk management measures, as warranted, on a case by case basis.

<u>Risk Management Tier General Descriptions</u>:

Tier 1 Baseline: For most assisted living and low-risk skilled nursing projects with no more than one incident of actual harm/immediate jeopardy in the past three years. In these instances, the risk management program may be administered internally or by a third party provided the party administering the program is qualified.

Tier 2 Elevated Risk: Higher risk projects with two more incidents of actual harm/immediate jeopardy within the past three years. In these instances, the risk management program should be administered by a third party.

(Note both Tier and Internal/External)

Tier 1 Baseline	Internally Administered Risk Management Program
Tier 2 Elevated Risk	External 3 rd Party Administered Risk Management Program

Describe the Risk Management Program and how it meets the following requirements

- 1. Real-time incident reporting and tracking that informs senior management:
- 2. Experience of Staff:
- 3. Training:
- 4. Continuous Improvement:

<<If a third party is involved, describe the contractual arrangement, what company has been contracted, what the contract provides for, when the contract was entered into, when it expires, what results have been seen thus far if the contract has been in place, etc.>>

1.	Will the facility be subleased (master lease)?		
2.	At closing, will the lease have a term that expires within 5 years with no lease renewal options (see guidance above)?		
3.	Does the lease contain any non-disturbance provisions?		
4.	Does the lease require the borrower to escrow any funds other than those associated with this loan?		
5.	Are there proposed changes to the current operating lease?		
6.	Has the lender recommended any special conditions concerning the lease?		
7.	Does the current lease payment need to be increased to provide sufficient debt coverage for the mortgage payment, MIP, other insurance premiums, taxes, reserves, or impounds?

Lease Payment – During Rehabilitation Period

<<*Provide narrative explaining the terms of the lease and the payments to be made during the construction and/or rehabilitation.*>>

Lease Payment – During Lease Up

<< Provide narrative explaining the terms of the lease and the payments to be made while the project is in lease-up.>>

Lease Payment Analysis – Stabilized, As Rehabilitated

The lease payments must be sufficient to (1) enable the borrower to meet debt service and impound requirements and (2) enable the operator to properly maintain the project and cover operating expenses. The minimum annual lease payment must be at least 1.05 times the sum of the annual principal, interest, mortgage insurance premium, reserve for replacement deposit, property insurance and property taxes.

The underwriter has prepared an analysis demonstrating the minimum annual lease payment.

a.	Annual principal and interest	\$
b.	Annual mortgage insurance premium	
с.	Annual replacement reserves	
d.	Annual property insurance	
e.	Annual real estate taxes	
f.	Total debt service and impounds	\$
h	Minimum annual lease payment	\$

<<Compare the minimum annual lease payment to the current lease payment. If the lease payment needs to increase, add the following language: "The lease payment must be increased to \$XX per year (\$XX per month). The underwriter has included a special condition to the firm commitment requiring the lease payment be revised to meet or exceed this minimum." If the lease payment does not need to increase, add the following language: "The current lease payment is sufficient. The recommended annual lease payment also provides the operator with an acceptable profit margin.">>

Responsibilities

<< Provide a description of the responsibilities of the lessor and lessee under the terms of the lease with regard to the following: payment of real estate taxes, maintenance of building, capital improvements, replacement of equipment, property insurance, etc.>>

Master Lease

Program Guidance: Handbook 4232.1, Section II Production, Chapter 13. It is the lender's responsibility to read the handbook chapter and provide HUD with a full set of documents for review of the proposed master lease or alternative master lease structure.

Key Questions

		Yes	No
1.	Are three or more projects (or two projects with an aggregate total mortgage loan amount greater than \$15 million) being submitted to HUD that are under common control or have the same ownership?		
2.	Have projects under common control or with the same ownership applied for mortgage insurance within the <i>past</i> 18-months OR will projects under common control or with the same ownership apply for mortgage insurance or TPA within the <i>next</i> 18 months?		
3.	Is the parent of the operator the same for all of these projects?		

If you answered "yes' to all three questions, a master lease or master lease alternative is required.

		Yes	No
1.	Is a new master lease proposed for the subject project?		
2.	Will the subject project be joined to an existing HUD master lease?		
3.	Do the borrower principals currently participate in any other HUD master		
	leases?		
4.	Does the parent of the operator currently participate in any other HUD		
	master leases?		

<< Provide a narrative describing the terms and conditions of the master lease proposed payments to and from the master tenant, , lease agreements between borrower, master tenant and subtenants, the flow of funds from the subtenants to the master tenant and the borrower (including the AR lender if applicable), and any waivers or requests for modification to standard requirements.

If the subject is being joined to an existing master lease, list projects/project numbers already included in the master lease.

Describe any other HUD master leases the principals of the borrower or parent of the operator are party to, list projects/project numbers, and indicate the HUD lender who is party to the lease(s).>>

Accounts Receivable (A/R) Financing

AR lender:	
AR borrower:	
Maximum loan amount:	
Current balance:

Key Questions

		Yes	No
1.	Does the AR loan require any guarantees from the borrower, operator, parent of the operator, or any of those entities' principals?		
2.	Are the guarantors guaranteeing performance on any other AR loans?		
3.	Does the AR loan involve multiple facilities or borrowers ?		
	a. Does the AR loan involve any non-HUD-insured properties?		
	b. Is the subject being added to an existing HUD-Insured AR line that has already been reviewed/approved by HUD?		
4.	Is there an identity of interest between the AR lender and the AR borrower?		

		Yes	No
5.	Is there a conflict of interest between the AR lender and the borrower or its principals (as defined in Handbook 4232.1, 15.4.E or its successors)?		
6.	Does the maximum AR loan amount exceed 85% of the Medicaid,		
	Medicare, and other governmental accounts receivable less than 121 days old?		
7.	Of the total Medicaid, Medicare and other governmental accounts receivable less than 121 days old, are more than 30% over 90 days old?		
8.	Does the AR lender have less than 3 years of experience providing AR financing?		
9.	Does the AR lender monitor the borrowing base on a daily/weekly/monthly basis?		
10.	Are the borrower or operator out of compliance with any business		
	agreements or loan covenants (i.e., in default on those agreements, not current on financial submissions, etc.)?		
11.	Is the AR loan being syndicated or participated?		
12.	Does the Intercreditor Agreement (ICA) propose additional obligations		
	beyond those allowed as the types of AR Loan Obligations that may be		
13	secured by project collateral? Does the ICA propose loan extensions or interest rate changes?		
	Does the ICA include any cross-default or cross-collateralization		
	provisions?		
15.	Does the ICA identify a flow of funds inconsistent with the cash flow chart?		

<<For each "yes" answer above, provide a narrative discussion regarding the topic. Terms and Conditions

- 1. Describe the borrowing base formula (e.g., XX% of the AR borrowers accounts receivable up to 120 days):
- 2. Describe term and renewal options:
- 3. Describe the rate applied to the used and unused portion of the AR loan:
- 4. Other fees (i.e., financing fees, late payment fees, etc.):

Mechanisms for operator receipts, disbursements and control of operator funds:

<< Describe the flow of all funds, into and out of accounts (i.e., point of origination to final destination). Describe how deposit accounts are controlled (e.g., number of controlled accounts, hard or springing lockbox, daily sweeps, etc.). Attach cash flow chart.>>

Collateral/Security

<Provide narrative description of the AR lender's collateral/security. Explain any unsecured AR financing.>>

Permitted Uses and Payment Priorities

Proposed AR Loan Costs

<<If the AR borrower is obtaining AR financing for the first time, provide a financial analysis that demonstrates that the AR borrower has sufficient financial capacity to pay all projected operating expenses, AR financing costs and loan payments, and all rent or debt service payments. The analysis must assume the maximum AR loan amount to stress test the AR financing based on the lesser of the operator's 12-month trailing operating statements or the underwritten NOI. Calculate the impact on the borrower's debt coverage after payment of the AR loan expenses and payments.>>

Assuming the \$ maximum AR loan limit, an annual interest rate of %, and that the entire amount is outstanding for the year, the maximum annual interest expense would be \$. In addition to the interest, the other associated fees are the fees <list types of fees>>, that total \$ per year for the same assumed balance. An analysis of the operator's 12 month trailing financial statement (Month 20XX – Month 20XX) is below:

12-Month Trailing Operating History			
Operating revenue	\$		
Less: Operating expenses			
Net operating income (NOI)	\$		
Annual P&I + MIP	\$		
AR fee: Interest			
AR fee: Other			
Total annual mortgage & AR debt service	\$		
DSCR including AR			

The underwriting assumed an NOI of \$. The 12-month trailing NOI is \$. The annual debt service including the MIP amount is \$ per year. Adding the AR fees equates to a total mortgage and AR debt service expense of \$ per year. This equates to prospective debt service coverage.

<<If multiple FHA-insured facilities have access to the AR loan, repeat the analysis above with the consolidated revenues and expenses for all those facilities.>>

Recommendation

<< The lender recommends approval of the AR loan.>>

Tax Credits

Program Guidance: If the proposed documents do not currently comply with the requirements, outline the differences, what changes are required, and how they are justified. Note that proposed changes to OMB form documents must go through the ORCF document change protocol. Also, documents previously negotiated Multifamily documents are not automatically approved for use in Section 232 transactions, and must receive specific ORCF approval for use.

Will th	ne subject have tax credits? (If no, skip this section)]
