Lender Narrative Supplement – Cost Certification

Section 232 – New Construction, Substantial Rehabilitation, and Section 241(a)

U.S. Department of Housing and Urban Development Office of Residential

Office of Residential Care Facilities OMB Approval No. 2502-0605 (exp. 11/30/2022)

Public reporting burden for this collection of information is estimated to average 15 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. The information is being collected to obtain the supportive documentation that must be submitted to HUD for approval, and is necessary to ensure that viable projects are developed and maintained. The Department will use this information to determine if properties meet HUD requirements with respect to development, operation and/or asset management, as well as ensuring the continued marketability of the properties. Response to this request for information is required in order to receive the benefits to be derived from the National Housing Act Section 232 Healthcare Facility Insurance Program. This agency may not collect this information, and you are not required to complete this form unless it displays a currently valid OMB control number. While no assurance of confidentiality is pledged to respondents, HUD generally discloses this data only in response to a Freedom of Information Act request.

Warning: Anyone who knowingly submits a false claim or makes a false statement is subject to criminal and/or civil penalties, including confinement for up to 5 years, fines, and civil and administrative penalties. (18 U.S.C. §§ 287, 1001, 1010, 1012; 31 U.S.C. §3729, 3802).

INSTRUCTIONS:

The lender should review the Cost Certification and audited financial statements and complete the following sections of this supplement:

Mortgage Increase Request?	New Construction	Substantial Rehabilitation	232/241(a)
No	N/A—Complete Lender Certification	All sections	N/A—Complete Lender Certification
Yes	All sections	All sections	All sections

The narrative is a document critical to the Lean Underwriting process. Each section of the narrative and all questions need to be completed and answered. If the lender's underwriter disagrees and modifies any third-party report conclusions, provide sufficient detail to justify. The narrative should identify the strengths and weaknesses of the transactions and demonstrate how the weaknesses are mitigated by the underwriting.

- Charts: The charts contained in this document have been created with versatility in mind; however, they will not be able to accommodate all situations. For this reason, you are allowed to alter the charts as the situation demands. Be sure to state how you have altered the charts along with your justification. Include all the information the form calls for. Charts that include blue text indicate names that should be modified by the lender as the situation dictates.
- **Applicability:** If a section is not applicable, state so in that section and provide a reason. Do not delete a section heading that is not applicable. The narrative will be checked to make certain all sections are provided. If a major section is not applicable, add "– Not Applicable"

to the heading and provide the reason. For instance:

Parent of the Operator – Not Applicable

This section is not applicable because there is no operator.

The rest of the subsections under the inapplicable section can then be deleted. This instruction page may also be deleted.

- **Format:** In addition to submitting the PDF version of the Lender Narrative to HUD, please also submit an electronic Word version.
- **Additional documents** to be submitted with the Cost Certification are:
 - 1. Audited borrower financial statements and Form HUD-92330-ORCF
 - 2. Audited general contractor and subcontractor financial statements (as applicable) and Form HUD-92330-A-ORCF
 - 3. Form HUD-92023-ORCF
 - 4. Draft LEAN Section 232 Maximum Insurable Mortgage Letter
 - 5. Invoices that have not been provided to HUD for initial closing or insured advances.
 - 6. Updated third-party appraisal and lender narrative appraisal section (in the case of a mortgage increase request that includes a proposed revision to value).

Instead of pasting large portions of text from third-party reports into the narrative, it is preferred that the lender simply reference the page number and the report. The focus of this document is for lender conclusions, analyses, and summaries.

Italicized text found between these characters << EXAMPLE>> is instructional in nature, and may be deleted from the lender's final version. Please use the gray shaded areas (e.g.,) for your response. Double click on a check box and then change the default value to mark selection (e.g.,).

Step 1: Soft Cost Computations

(Note: all HUD-92264a- ORCF references are to the Replacement Cost section. The Allocation for Savings Computation is calculated as follows: (HUD-92264a-ORCF Construction Period divided by Cost Certification Proration Period) x Line Item. This calculation is needed because the cost certification period includes an additional 0 to 60 days after construction is complete—and that additional period is beyond the control of the general contractor.)

Marketing

(Marketing costs are for rent for space used for marketing, salaries and benefits of marketing staff, promotional services and advertising, marketing consultants, and marketing supplies. Additional marketing costs above the original marketing estimate may be eligible costs for purposes of a mortgage increase if all invoices are provided and the costs are fully explained and justified below.)

The Applicable Net Income During Construction is determined by the Windfall calculation discussed in the email blast of ______.)

Mortgage Determinants

Overview

The mortgage criteria based on actual allowed costs are summarized as follows:

Criteria	Firm Commitment Application	Cost Certification Amount
Fair Market Value:	\$	\$
Replacement Cost:	\$	\$
Debt Service:	\$	\$
Requested Amount:	\$	\$

The	Mortgage	Amount	is:	\$
111	TITUL CEUEC	LIHUUHIL	10.	Ψ

(Note: If the new Mortgage Amount is less than the Firm Commitment Mortgage Amount, the difference will be an additional deposit in the reserve for replacement account or may be a mortgage reduction if requested by the lender.)

Sources & Uses - Copied from HUD-92264a-ORCF

<< Provide a statement of Sources and Uses of estimated cost at final closing. Include all eligible and ineligible costs.>>

Secondary Sources

<<List and discuss all secondary sources, including terms and conditions of each. Secondary sources include Surplus Cash Notes, Grants/Loans, Tax Credits, and the like. Demonstrate compliance with HUD limits on private sources. Remember that Criterion 11 is applicable to mortgage sizing.>>

<u>Circumstances that May Require Additional Information</u>

In addition to the information required in this narrative, depending upon the facility for which mortgage insurance is to be provided, the mortgagor, operator, management agent and such other parties involved in the operation of the facility, current economic conditions, or other factors or conditions as identified by HUD, HUD may require additional information from the lender to accurately determine the strengths and weaknesses of the transaction. If additional information is required, the questions will be included in an appendix that accompanies the narrative.

Conclusion

<<Cost certification supplement conclusion and recommendation. In the case of a mortgage increase or decrease request, indicate the new mortgage amount, the revised principal and interest payment, and revised application fees and mortgage insurance premiums to be paid to HUD or refunded to the lender at closing. In the case of a mortgage increase, discuss the new debt service coverage, loan-to-value ratio, and impact on operator lease payments.>>
