OMB Approval No. 2502-0605
(exp. 11/30/2022)

Public reporting burden for this collection of information is estimated to average 0.5 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. The information is being collected to obtain the supportive documentation that must be submitted to HUD for approval, and is necessary to ensure that viable projects are developed and maintained. The Department will use this information to determine if properties meet HUD requirements with respect to development, operation and/or asset management, as well as ensuring the continued marketability of the properties. Response to this request for information is required in order to receive the benefits to be derived from the National Housing Act Section 232 Healthcare Facility Insurance Program. This agency may not collect this information, and you are not required to complete this form unless it displays a currently valid OMB control number. While no assurance of confidentiality is pledged to respondents, HUD generally discloses this data only in response to a Freedom of Information Act request.

Warning: Anyone who knowingly submits a false claim or makes a false statement is subject to criminal and/or civil penalties, including confinement for up to 5 years, fines, and civil and administrative penalties. (18 U.S.C. §§ 287, 1001, 1010, 1012; 31 U.S.C. §3729, 3802).

Section 232 – Project Risk Notifications

The Office of Residential Care Facilities (ORCF) is responsible for asset and risk management of all Section 232 insured projects. Lenders/Servicers also provide routine reviews of these projects that include analyses of quarterly and annual financial performance and reporting when a project’s performance is at risk to the assigned ORCF Account Executive (AE).

This document provides a format for Lenders/Servicers to use to notify the assigned AE of missed performance benchmarks and/or risk trigger indicators and to document the actions to be taken to mitigate those risks (including documenting actions plans, as required by the Section 232 Handbook 4232.1). This form is also to be used to notify the AE of other specific circumstances that may occur during the life of the FHA-insured mortgage. Finally, this form is used to discuss a Servicer’s intent to assign a note to HUD.

For each “yes” answer in the **Key Questions** sections that follow, provide a narrative discussion regarding the topic where indicated. As applicable, discuss the issue and its effect on the Project. Describe any potential risks, mitigants, barriers, financial resources required, and plans to remedy (and prevent reoccurrence), along with detailed timelines of goals, objectives and responsible parties for each measure. Describe and attach the associated documentation being provided for each item and the action plan(s) recommended by the Operator and/or Servicer for immediate remedy of the risks to the Project.

Action plans should be relevant to the current/active concerns and include, but not be limited to, relevant financial/budgetary reviews (full and detailed), survey history review (including a quality of care analysis), Special Focus Facility details, operational review, physical plant issues, and any other areas of concern. A goal/objective must be established for each area of concern/finding with a timeline (immediate, intermediate, and long-term) to improve the situation. For each concern, the goal should reflect the minimum HUD criteria (as outlined in the HUD 232 Handbook).

If the matter involves a survey citation, describe the conduct cited, the scope and duration of the remedy(ies) imposed, and the timelines for corrective action. Unless otherwise directed by HUD or the Servicer, on a citation matter the next communication from the Operator may be notification that the citation(s) have been cleared by the issuing regulatory agency. Unless requested by HUD or Lender/Servicer, do not attach surveys or responses.

For additional information, please refer to the *Section 232 Handbook, Section III, Asset Management, Chapter 3, Section 3.10 Special Circumstances Requiring the Notification of the Servicer and/or AE* and *Chapter 4, Sections 4.1 through 4.5 Financial Operations*.

IMPORTANT – Date lender/servicer notified of risk:

Failure to File Financial Statements

HUD requires the submission of audited annual financial information for the Borrower. Additionally, submission of quarterly/year-to-date and annual financial statements from the Operator is required.

Borrowers are required to submit their annual financial statements within ninety (90) days of their fiscal year end into the Financial Assessment Subsystem (FASS). Operator are required to submit, on a quarterly and year-to-date basis (or more frequently if specified by HUD), financial statements no later than sixty (60) days after the period covered by the reports, except for reports relating to the final quarter of each year, which shall be submitted no later than ninety (90) days after end of the fiscal year.

The project must notify their Servicer within two (2) business days of receiving a Notification of Failure to File Financials by the required deadline in FASS. This notification is sent automatically to the email the project registered in the system when a deadline for submission of annual financial information is missed. Once notified, the Servicer must work with the project to ensure submission is forthcoming and address any delays. The Servicer must notify the AE if there are extenuating circumstances that are preventing the immediate submission, and provide the AE with the action plan to submit the required information expeditiously.

Key Questions

	Yes	No
1. Has the Borrower received a <i>Notification of Failure to File Financials</i> from the HUD Financial Assessment Subsystem (FASS) for failure to submit annual audited financials?	<input type="checkbox"/>	<input type="checkbox"/>
a. If yes, has the Servicer worked with the Borrower to address any delays and ensure submission is forthcoming?N/A	<input type="checkbox"/>	<input type="checkbox"/>

Financial Risk Metrics of Operator

Key indicators of the Operator financial statements will be used to monitor performance and to measure against future routine reviews. Typically, the annual and quarterly reviews are all that are necessary for monitoring the financial operations of a project. However, HUD does reserve the right to require monthly financial reports (of the Operator, the Borrower, or both) to be submitted (to HUD, the Servicer, or both) if financial indicators suggest this level of monitoring is needed or if noncompliance with HUD business agreements (by the Borrower, Operator, or Management Agent) is suspected.

Key Questions

	Yes	No
1. Does the quarterly analysis of Operator financials indicate a debt service coverage ratio (DSCR)* that has dropped below 1.00 for two or more consecutive quarters?	<input type="checkbox"/>	<input type="checkbox"/>
a. If yes, has an action plan been established by the Operator?N/A	<input type="checkbox"/>	<input type="checkbox"/>
b. If yes, has the Borrower been notified of the low DSCR?N/A	<input type="checkbox"/>	<input type="checkbox"/>
2. Has the Operator received written notice of a payment reduction and/or delay from the State (i.e., Medicaid, Medicare, etc.)?	<input type="checkbox"/>	<input type="checkbox"/>
a. With the Servicer’s guidance as necessary and appropriate, has the Operator established an action plan for adjusting to this reduction and/or delay, and ensuring that the project can maintain its cash flow and financial obligations?N/A	<input type="checkbox"/>	<input type="checkbox"/>
b. Has the Servicer determined that the change in payments from the State will place a financial burden on the project?N/A	<input type="checkbox"/>	<input type="checkbox"/>
3. Has the project requested a reduction or suspension of Reserve for Replacement (R4R) deposits due to their inability to fund the deposit?	<input type="checkbox"/>	<input type="checkbox"/>
a. If yes, have the Servicer and AE discussed the financial situation (i.e., cash flow problems, any other concerns, etc.) with regard to this request from the Project?N/A	<input type="checkbox"/>	<input type="checkbox"/>
b. Have the Servicer and AE, together with the Project, established an action plan for increasing the financial strength of the Project? ..N/A	<input type="checkbox"/>	<input type="checkbox"/>

*Debt service coverage ratio = (Operating Revenues minus Operating Expenses) divided by (Mortgage Principal + Interest + MIP).

<<For each “yes” answer above, provide a narrative discussion regarding the topic here as per instructions provided on the first page of this document, including timelines, budgetary/financial impacts, and remedies in place to return project to within HUD required levels (e.g., 1.00 DSCR), as applicable.>>

Failure to Make Lease Payment

The Servicer and AE must be immediately notified by the Borrower of a failure to make a lease payment. The Servicer and AE will then work with the Borrower and Operator to understand the financial or business circumstances that have resulted in the non-payment and try to facilitate an action plan that will remedy the non-payment issue.

In the event of a non-payment related to a Borrower/Operator dispute or other non-financial reason, the Servicer must contact the AE to discuss the severity of the situation and whether it should be transferred to the Risk Mitigation Branch.

Key Questions

	Yes	No
1. Has the Operator failed to make a lease payment? <i>(In an identity-of-interest transaction, the Operator is required to notify the Servicer and AE of failure to make a lease payment. In an arms-length transaction, the Borrower must also notify the Servicer and AE immediately.)</i>	<input type="checkbox"/>	<input type="checkbox"/>
a. If yes, is the Servicer monitoring the situation to ensure timely payments are made in the future and until a stable payment history has been established?	N/A <input type="checkbox"/>	<input type="checkbox"/>
b. Is the Operator's DSCR below 1.10? If yes, has an action plan been established by the Operator, including a detailed budget to achieve a minimum of a 1.10 DSCR?	N/A <input type="checkbox"/>	<input type="checkbox"/>
2. Is the non-payment event related to a Borrower/Operator dispute or other non-financial reason?	<input type="checkbox"/>	<input type="checkbox"/>

Default of Master Lease

The Servicer and AE must be immediately notified by the Borrower of a failure to make a lease payment. The Servicer and AE will then work with the Borrower and Operator to understand the financial or business circumstances that have resulted in the non-payment and try to facilitate an action plan that will remedy the non-payment issue.

Key Questions

	Yes	No
1. Has there been a default of the Master Lease?	<input type="checkbox"/>	<input type="checkbox"/>
a. Has the Servicer evaluated other properties within the Master Lease to determine cash flows and the ability to cover the failing project(s)?N/A	<input type="checkbox"/>	<input type="checkbox"/>
b. Is the aggregate DSCR of the properties within the Master Lease below 1.20?N/A	<input type="checkbox"/>	<input type="checkbox"/>
• If yes, has an action plan been established by the Master Tenant that includes a detailed budget to achieve a minimum DSCR of 1.20?N/A	<input type="checkbox"/>	<input type="checkbox"/>
c. Does any property within the Master Lease have a DSCR below 1.0?N/A	<input type="checkbox"/>	<input type="checkbox"/>
• If yes, has an action plan been established by the Operator for each specific property that includes a detailed budget to achieve an improved cash flow.N/A	<input type="checkbox"/>	<input type="checkbox"/>
d. Has the Servicer collaborated with the AE and/or Turnaround Team?N/A	<input type="checkbox"/>	<input type="checkbox"/>

Special Focus Facility (SFF) and/or State Inspections

Notifications to HUD and the Lender/Servicer are required to be submitted within two (2) business days after the date of receipt of notice of a Special Facility Focus (SFF) designation from a state or federal regulatory agency, unless a longer time period is approved by HUD. Failure by the Project to notify HUD and the Servicer of a SFF designation will be deemed a violation of federal regulation 24 CFR 232.1015 and may lead to the involvement of the HUD Departmental Enforcement Center (DEC).

Additionally, HUD requires reporting when the Operator receives a notice (e.g., Notice of Imposition from CMS), report, survey, or other correspondence (regardless of form) from any governmental entity that includes any statement, finding or assertion that:

1. Operator (or any principal, officer, director or employee of Operator), any Management Agent, the Project, or any portion of the Project is or may be in violation of or default under any of the Permits and Approvals or any governmental requirements applicable to the operation of the Project;

2. Any of the Permits and Approvals are to be terminated, limited in any way, or not renewed;
3. Any civil money penalty (other than a de minimus amount) is being imposed with respect to the Project; or
4. Operator (or any principal, officer, director or employee of Operator), any Management Agent, the Project, or any portion of the Project is subject to any governmental investigation or inquiry involving fraud.

Reporting is only required with relation to Licensed Nursing Facility surveys when a survey has any findings higher than a “G” level or any repetitive “G” level or higher findings from prior surveys (pursuant to CMS State Operations Manual, Chapter 7, as may hereafter be edited or updated, or any successor guidance). Repetitive is defined as “unresolved from the two most recent consecutive surveys or a repeat violation having the same citation number.” Failure to notify the AE and the Servicer of such inspection reports, Plans of Correction, approval reports or other qualifying communications, will be a violation of federal regulation 24 CFR 232.1015, as well as the operator regulatory agreement, and may lead to the involvement of the HUD Departmental Enforcement Center (DEC).

Key Questions

	Yes	No
1. Has the Project received notice of a Special Focus Facility (SFF) designation from a state or federal regulatory agency?	<input type="checkbox"/>	<input type="checkbox"/>
a. Has the Servicer coordinated with the AE, Operator, Borrower, and Management agent, as applicable, to establish an action plan for being removed from the SFF list?N/A	<input type="checkbox"/>	<input type="checkbox"/>
2. Has the Project received a Notice of Imposition resulting from findings higher than a “G” level deficiency or any repetitive “G” level deficiency from a previous survey from a state or federal regulatory agency?	<input type="checkbox"/>	<input type="checkbox"/>
a. Has the Servicer coordinated with the AE, Operator, Borrower, and Management Agent, as applicable, to establish an action plan for bringing the facility back into substantial compliance?N/A	<input type="checkbox"/>	<input type="checkbox"/>
b. Has the project experienced any of the following over the last 3 years: G-level or higher severity deficiency, decline in Medicare.gov Star Rating (Overall, Health Inspection, Staffing or Quality)?N/A	<input type="checkbox"/>	<input type="checkbox"/>
c. Has the Operator created an action plan for improvement that includes, but is not limited to the impact to the facility of CMS Impositions taking effect; the financial impact to the facility, including the debt service coverage ratio (DSCR) before and after Impositions take effect; the anticipated impact to the facility’s Star Rating plan for improving each star rating area to a minimum of 3 stars; and financial or other proposed improvements?N/A	<input type="checkbox"/>	<input type="checkbox"/>
3. Has the Project’s CMS rating dropped by 2 star levels in a year?	<input type="checkbox"/>	<input type="checkbox"/>
a. Has the Operator created an action plan for improvement?N/A	<input type="checkbox"/>	<input type="checkbox"/>

4. Is the Project’s current experience one or more of the following: the CMS rating declined to an overall 1-star rating [AND/OR] the project received a 1-star rating in the CMS “Health” category [AND/OR] the project received a Special Focus Facility (SFF) designation?
- a. Has the Operator created an action plan for improvement?N/A

Legal Judgments

The Borrower and Operator must each notify their Servicer within two (2) business days of receiving a legal judgment, penalty, or fine against the Project in excess of \$50,000. The ability to cover a judgment/penalty/fine will vary based on the size of the project, the available cash, etc. The Servicer will work with the Project to discuss reasons for the judgment and impacts on the financial status of the Project, notifying the AE of outcomes. The Operator must provide the Servicer with an action plan (seeking the Servicer’s guidance, as necessary and appropriate), and must work with Servicer to analyze the impact of the judgment, providing information to the AE of the status, until financial stability is regained.

Threat to Abandon Project

The Borrower must notify their Servicer within two (2) business days of any threat to abandon the project when initiated by the Borrower or Operator. This is separate from an inspection/survey decertification.

Key Questions

- | | Yes | No |
|---|--------------------------|--------------------------|
| 1. Has the Borrower or Operator notified the Servicer of a threat to abandon the Project? | <input type="checkbox"/> | <input type="checkbox"/> |
| a. If the threat to abandon the project is from the Operator, has the Borrower been notified?N/A | <input type="checkbox"/> | <input type="checkbox"/> |

REAC Inspections

The borrower must notify their Servicer within two (2) business days of receiving a REAC score of 30 or below or a second REAC inspection score of below 60. A score of 30 and below creates an automatic REAC referral to the Departmental Enforcement Center (DEC).

Key Questions

- | | Yes | No |
|---|--------------------------|--------------------------|
| 1. Has the facility received a REAC inspection score of <u>30 or below</u> ? | <input type="checkbox"/> | <input type="checkbox"/> |
| a. Has the Servicer assisted the project in determining if an appeal of the inspection score is appropriate and provided assistance in preparing the appeal to REAC?N/A | <input type="checkbox"/> | <input type="checkbox"/> |

Accounts Receivable (AR) Loans

When a Project proposes to add or amend an Accounts Receivable (AR) loan, it must be reviewed with the same scrutiny that such a loan would be reviewed during the initial underwriting process. The Project must submit the required documentation to the Servicer, who will review the information for completeness and submit the request to HUD for the AE to process.

A change in the AR loan status initiated due to extenuating circumstances that have adversely impacted the Project (rather than straightforward changes in business) should be evaluated by the Servicer and brought to AE's attention for particular scrutiny. If the AR loan change is a straightforward change in the loan, there would be less of a concern than the need for a new loan due to a change in provider payments or other financial burdens.

The Project must notify their Servicer within two (2) business days of any notification of default on its Account Receivable (AR) loan. Default on an AR loan may be an indicator of potential default on the mortgage. Therefore, once notified, the Servicer must evaluate why the AR Loan has defaulted, reviewing cash flows and the ability to cover the failing loan, and work with the Project to create an action plan for moving the loan out of a default status.

The Servicer must collaborate with AE (and Risk Mitigation Branch, if assigned) as necessary until the remedies are put in place and the action plan has been fully implemented. The project must be monitored closely to ensure financial and operational viability.

Key Questions

	Yes	No
1. Has the project requested the addition of AR financing, initiated due to extenuating circumstances that have adversely impacted the project rather than straightforward changes in business?	<input type="checkbox"/>	<input type="checkbox"/>
a. If yes, has the situation been evaluated by the Servicer and brought to the AE's attention for scrutiny?N/A	<input type="checkbox"/>	<input type="checkbox"/>

Unauthorized Distributions

The Borrower must notify their Servicer within two (2) business days of receiving a Notification of Unauthorized Distributions by the HUD Financial Assessment System (FASS). The notification is sent automatically to the email address registered in the system by the project and a copy is forwarded to the AE.

The Borrower and, where applicable, the Operator, must provide the Servicer with an action plan (seeking the Servicer’s guidance, as necessary and appropriate), and must work with Servicer to ensure the cure period will be met to resolve the violation, and to further review the circumstances leading to the violation. The unauthorized distribution may be a sign of financial distress that needs to be closely monitored, and an action plan may need to be put in place to do so.

There are times when REAC/FASS findings trigger contact from the DEC directly to the Project. Although the AE is also copied on such the notification and must notify the Servicer, the Borrower is responsible for notifying the Servicer within two (2) business days of receipt of a REAC/FASS notification from the DEC.

Key Questions

- | | Yes | No |
|--|--------------------------|--------------------------|
| 1. Has the Borrower made or taken distributions of project funds without evidence of positive surplus cash? | <input type="checkbox"/> | <input type="checkbox"/> |

Delinquent Mortgage Payments

Delinquent mortgage payments are not only a violation of legal obligations by the Borrower, but are also a sign of financial distress for a project and are to be closely monitored by the Servicer. The Borrower is required to notify the Servicer and the AE if the mortgage payment is delinquent as of the 16th of the month. The Multifamily Delinquency and Default Reporting (MDDR) System will notify the AE of a delinquency after the 16th of the month.

Upon notification of a delinquency, the Servicer must work with the Borrower (and Operator, if applicable) to ascertain the financial, operational and/or other circumstances leading to the non-payment, including, but not limited to evaluating the ability of the Borrower to pay the mortgage, any anticipation of payments to be made, the financial strength of the Borrower (and Operator), recent state survey results, extenuating circumstances and other concerns potentially leading to the delinquency.

Once a non-payment has aged between 45 to 60 days and no evidence of payment is anticipated, the Servicer must again notify the AE and provide additional information regarding cash flow problems or other circumstances within the Project that have led to the delinquency. At this stage, the project will be transferred to the ORCF Risk Mitigation Branch to escalate HUD involvement with the Borrower (and Operator) in an effort to avoid default of the loan.

For systemic late fees and delinquencies, but not beyond 30 days, the Servicer may use discretion in involving the AE, but must notify HUD if this occurs more than six (6) out of twelve (12) months.

Key Questions

- | | Yes | No |
|--|--------------------------|--------------------------|
| 1. Is the mortgage payment at the project delinquent as of the 29 th of the month? | <input type="checkbox"/> | <input type="checkbox"/> |
