Title: Reporting, Recordkeeping, and Daily Trading Records Requirements for Swap Dealers and Major Swap Participants (OMB Control Nos. 3038–0087). This is a request for an extension of currently approved information collection.

Abstract: On April 3, 2012, the Commission adopted Commission regulations 23.201 through 23.205 (Reporting, Recordkeeping, and Daily Trading Records Requirements For Swap Dealers and Major Swap Participants)² pursuant to sections 4s(f)³ and 4s(g)⁴ of the Commodity Exchange Act (“CEA”).⁵ Commission regulations 23.201 through 23.205 require, among other things, swap dealers (“SD”)⁶ and major swap participants (“MSP”)⁷ to maintain transaction and position records of their swaps (including daily trading records) and to maintain specified business records (including records related to the governance and financial status of the swap dealer or major swap participant, complaints received by such SD or MSP and such SD or MSP’s marketing and sales materials). They also require SDs and MSPs to report certain swap transaction data to swap data repositories, to satisfy certain real time public reporting requirements, and to maintain records of information reported to swap data depositories and for real time reporting purposes.⁸ The Commission believes that the information collection obligations imposed by Commission regulations 23.201 through 23.205 are necessary to implement sections 4s(f) and 4s(g) of the CEA, including ensuring that each SD and MSP maintains the required records of their business activities and an audit trail sufficient to conduct comprehensive and accurate trade reconstruction. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of

information unless it displays a currently valid OMB control number.

With respect to the collection of information, the Commission invites comments on:

- Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have a practical use;
- The accuracy of the Commission’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Ways to enhance the quality, usefulness, and clarity of the information to be collected; and
- Ways to minimize the burden of collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology; e.g., permitting electronic submission of responses.

You should submit only information that you wish to make available publicly. If you wish the Commission to consider information that you believe is exempt from disclosure under the Freedom of Information Act, a petition for confidential treatment of the exempt information may be submitted according to the procedures established in § 145.9 of the Commission’s regulations.⁹

The Commission reserves the right, but shall have no obligation, to review, pre-screen, filter, redact, refuse or remove any or all of your submission from <https://www.cftc.gov> that it may deem to be inappropriate for publication, such as obscene language. All submissions that have been redacted or removed that contain comments on the merits of the information collection request will be retained in the public comment file and will be considered as required under the Administrative Procedure Act and other applicable laws, and may be accessible under the Freedom of Information Act.

Burden Statement: The Commission is revising its estimate of the burden for this collection to reflect the current number of respondents. The respondent burden for this collection is estimated to be as follows:

Estimated Number of Respondents: 107.

Estimated Average Burden Hours Per Respondent: 2,096.

Section 3506(c)(2)(A) of the PRA, 44 U.S.C. 3506(c)(2)(A), requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. Title: Swap Data Recordkeeping and Reporting Requirements: Reenactment and Transition Swaps (OMB Control No. 3038-0089). This is a request for an extension of a currently approved information collection.

Abstract: Sections 4r(a)(2)(A) and 2(h)(5) of the Commodity Exchange Act requires the reporting of pre-enactment and transition swaps. Regulations 46.2, 46.3, and 46.11 establish reporting requirements that are mandated by 4r and 2(h) and, thus, are necessary to implement the objectives of 4r and 2(h). Regulation 46.2 establishes swap counterparties’ recordkeeping requirements for pre-enactment and transition swaps. Regulation 46.3 establishes reporting requirements for uncleared pre-enactment or transition swaps in existence on or after April 25, 2011, and throughout the existence of

the swap.² Regulation 46.11 addresses the reporting of errors and omission in previously reported data. The data required to be compiled and maintained pursuant to the Part 46 regulations would be used by the Commission and other financial regulators for fulfillment of various regulatory mandates. The collection of information is needed to ensure that the CFTC and other regulators have access to data regarding pre-enactment and transition swaps, as required by the Commodity Exchange Act as amended by the Dodd-Frank Wall Street Reform and Consumer Protection Act (“Dodd-Frank Act”). With respect to the collection of information, the CFTC invites comments on:

- Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have a practical use;
- The accuracy of the Commission’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

- Ways to enhance the quality, usefulness, and clarity of the information to be collected; and
- Ways to minimize the burden of collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology; *e.g.*, permitting electronic submission of responses.

You should submit only information that you wish to make available publicly. If you wish for the Commission to consider information that you believe is exempt from disclosure under the Freedom of Information Act, a petition for confidential treatment of the exempt information may be submitted according to the procedures established in § 145.9 of the Commission’s regulations.³

The Commission reserves the right, but shall have no obligation, to review, pre-screen, filter, redact, refuse or remove any or all of your submission from <https://www.cftc.gov> that it may deem to be inappropriate for publication, such as obscene language.

² See 17 CFR part 46.1 (defining “pre-enactment swap” as any swap entered into prior to enactment of the Dodd-Frank Act of 2010 (July 21, 2010), the terms of which have not expired as of the date of enactment of that Act, and “transition swap” as any swap entered into on or after the enactment of the Dodd-Frank Act of 2010 (July 21, 2010) and prior to the applicable compliance date on which a registered entity or swap counterparty subject to the jurisdiction of the Commission is required to commence full compliance with all provisions of part 46).

³ See 17 CFR 145.9.

All submissions that have been redacted or removed that contain comments on the merits of the Information Collection Request will be retained in the public comment file and will be considered as required under the Administrative Procedure Act and other applicable laws, and may be accessible under the Freedom of Information Act.
