Section 3506(c)(2)(A) of the PRA, 44 U.S.C. 3506(c)(2)(A), requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, the CFTC is publishing notice of the proposed extension of the collection of information listed herein. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Title: Process for a Swap Execution Facility or Designated Contract Market to Make a Swap Available to Trade (OMB Control No. 3038-0099). This is

a request for extension of a currently approved information collection.

Abstract: The collection of information is needed to help determine which swaps should be subject to the trade execution requirement under section 2(h)(8) of the Commodity Exchange Act pursuant to Section 723 of the Dodd-Frank Wall Street Reform and Consumer Protection Act. A SEF or DCM that submits a determination that a swap is available to trade must address at least one of several factors to demonstrate that the swap is suitable for trading pursuant to the trade execution requirement. The Commission uses this collection of information to facilitate the application of the trade execution requirement and the requirements associated with methods of execution under parts 37 and 38 of the Commission's regulations.

With respect to the collection of information, the CFTC invites comments on:

- Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have a practical use;

- The accuracy of the Commission's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

- Ways to enhance the quality, usefulness, and clarity of the information to be collected; and

- Ways to minimize the burden of collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology; *e.g.*, permitting electronic submission of responses.

All comments must be submitted in English, or if not, accompanied by an English translation. Comments will be posted as received to <https://www.cftc.gov>. You should submit only information that you wish to make available publicly. If you wish the Commission to consider information that you believe is exempt from disclosure under the Freedom of Information Act, a petition for confidential treatment of the exempt information may be submitted according to the procedures established in § 145.9 of the Commission's regulations.

The Commission reserves the right, but shall have no obligation, to review, pre-screen, filter, redact, refuse or remove any or all of your submission from <https://www.cftc.gov> that it may deem to be inappropriate for publication, such as obscene language. All submissions that have been redacted

or removed that contain comments on the merits of the Information Collection Request will be retained in the public comment file and will be considered as required under the Administrative Procedure Act and other applicable laws, and may be accessible under the Freedom of Information Act.

Burden Statement: Sections 37.10 and 38.12 of the Commission's regulations include information collection requirements within the meaning of the PRA. These regulations permit a SEF or DCM to submit a determination that a swap is available to trade to the Commission via filing procedures set forth in part 40 of the Commission's regulations. The Commission estimates the burden of complying with these information collection requirements to be 16 hours per response.

Respondents/Affected Entities: SEFs, DCMs.

Estimated Number of Respondents: 5.

Estimated Average Burden Hours per Respondent: 16.

Estimated Total Annual Burden Hours: 80 hours.

Frequency of Collection: On occasion.

There are no capital costs or operating and maintenance costs associated with this collection.

(Authority: 44 U.S.C. 3501 *et seq.*)

DATES: These priorities, requirements, definitions, and selection criteria are effective August 12, 2022

FOR FURTHER INFORMATION CONTACT: Jane Hodgdon, U.S. Department of Education, 400 Maryland Avenue SW, Room 3E346, Washington, DC 20202. Telephone: (202) 453-6620. Email: FSCS@ed.gov.

SUPPLEMENTARY INFORMATION: The Department intends these priorities, requirements, definitions, and selection criteria to support competitions under the FSCS program for the purpose of awarding grants to projects in different stages of development, from capacity building to scaling full-service community schools approaches where the community and education leadership are ready to scale. These stages represent points of entry at the local, district, regional, and State levels to strategically scale the community school approach based on the readiness of the consortium applying for the grant.

Purpose of Program: The FSCS program, established under sections 4621-4625 of the Elementary and Secondary Education Act, as amended (ESEA), provides support for the planning, implementation, and operation of full-service community schools that improve the coordination, integration, accessibility, and effectiveness of services for children and families, particularly for children attending schools with concentrated poverty, including rural schools.

Program Authority: Sections 4621-4625 of the ESEA, 20 U.S.C. 1771-7273, 7275.

We published a notice of proposed priorities, requirements, definitions, and selection criteria for this program in the **Federal Register** on January 12, 2022 (87 FR 1709) (the NPP). That document contained background information and our reasons for proposing the priorities, requirements, definitions, and selection criteria.

Public Comment: In response to our invitation in the NPP, 43 parties submitted comments pertinent to the proposed priorities, requirements, definitions, and selection criteria. We discuss substantive issues under each priority, requirement, definition, or selection criteria to which they pertain. Generally, we do not address technical and other minor changes or suggested changes the law does not authorize us to make. In addition, we do not address comments that are outside the scope of the proposed priorities, requirements, definitions, and selection criteria.

Analysis of Comments and Changes: An analysis of the comments and of any changes in the priorities, requirements, definitions, and selection criteria since publication of the NPP follows.

Proposed Priority 1—Capacity Building and Development Grants.

Comments: Among the 15 comments related to Proposed Priority 1, all expressed overall support for the importance of and need for the priority.

Six commenters recommended revisions to Proposed Priority 1, including striking the word "sustain" to better reflect that this priority is focused on building grantee capacity and the initial development of full-service community schools. Six commenters suggested that the Department clarify that the needs assessment could be done during, rather than before, the grant period. Two commenters recommended that we designate Priority 1 as an absolute priority, and three suggested that we set the grant period at 3 years. One commenter recommended that the Department reduce the funding available for Priority 1 grantees, which in FY 2019 was established at \$500,000 per year for 5 years, at total of up to \$2.5 million for the full grant period. One commenter requested that we clarify that a grantee can scale beyond the two schools required in Priority 1. One commenter suggested that Priority 1 should emphasize civic learning and development of civic knowledge and skills. Another commenter suggested that the Department require asset mapping as part of the needs assessment, as well as a clear plan for how the grantee will engage and collaborate with families. Another commenter suggested the Department encourage projects that approach
