

CONSUMER FINANCIAL PROTECTION BUREAU

REQUEST FOR THE APPROVAL UNDER THE GENERIC INFORMATION COLLECTION PLAN FOR QUALITATIVE CONSUMER EDUCATION, ENGAGEMENT, AND EXPERIENCE INFORMATION COLLECTIONS

(OMB Control Number: 3170-0036)

1. TITLE OF INFORMATION COLLECTION: Consumer Financial Protection Bureau Financial Education Exchange (CFPB FinEx) Annual Survey

2. PURPOSE: The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (Pub. L. 111-203) (the Dodd-Frank Act) established the Bureau of Consumer Financial Protection (the Bureau) to regulate the offering and provision of consumer products or services under federal consumer financial laws. Section 1013(d) of the Dodd-Frank Act established the Bureau the Office of Financial Education, which is responsible for developing and implementing initiatives intended to educate and empower consumers to make better-informed financial decisions.

In meeting its statutory mandates, the Bureau seeks to promote financial education strategies and practices that improve consumer decision-making and financial well-being. To do this, the Bureau seeks to develop a deeper understanding of effective financial education strategies in order to help inform future work at the Bureau on consumer financial decision-making. The Bureau also wants to better understand the effectiveness of the Bureau's tools and resources developed for consumers and financial educators. Gathering this feedback on effective practices and on Bureau tools will provide useful information on financial education practices that can be shared with financial educators.

In 2015, the Bureau created the CFPB Financial Education Exchange (CFPB FinEx). This is a combined online and in-person information exchange designed to share information about Bureau tools and resources, gather feedback from financial educators, and facilitate discussion among financial educators. CFPB FinEx features regular email newsletters, webinars, and in-person regional meetings for those who have signed up for FinEx.

The Bureau gathers feedback from this group via an annual online survey. The Bureau has conducted two previous rounds of the annual survey, in May 2016 and June 2017. The Office of Management and Budget (OMB) approved these data collections under OMB Control Number 3170-0036.

3. DESCRIPTION OF RESPONDENTS:

The respondents will be financial educators and other individuals who have signed up for the CFPB Financial Education Exchange (CFPB FinEx). The Bureau invites financial educators to join the CFPB FinEx through many channels, including:

- Distributing flyers about CFPB FinEx at financial conferences and meetings.
- Extending invitations through routine meetings and outreach activities.
- Informing the financial educators of the opportunity to sign up for FinEx on the Bureau’s website.

5. FOCUS GROUP OR SURVEY:

If you plan to conduct a focus group or survey, please provide answers to the following questions:

a. Do you have a customer list or something similar that defines the universe of potential respondents and do you have a sampling plan for selecting from this universe?

- Yes No Not Applicable

b. If the answer is yes, please provide a description below. If the answer is no, please provide a description of how you plan to identify your potential group of respondents and how you will select them?

The list of people who have signed up for CFPB FinEx will be the universe of potential respondents for the information collection. All of the FinEx participants will be invited via email to take the annual FinEx survey. The link to the online intake survey will be included in this email.

Participating in the CFPB FinEx information collection process is completely voluntary, and not participating in these processes does not restrict the individuals from accessing or participating in any other aspect of CFPB FinEx (such as webinars, trainings, newsletters, etc.).

We do not expect that those who opt to participate in the intake or annual survey to be representative of the entire membership of the CFPB FinEx, nor do we expect that the members of CFPB FinEx are representative of the entire universe of financial educators. As such, we will consider this information collection to be an avenue to learn about issues and trends in the financial education field, but not as a way to collect data that are representative of the experiences of all financial educators.

6. INFORMATION COLLECTION PROCEDURES

Please summarize the procedures that will be used to collect data from respondents.

On an annual basis, tentatively planned for June of each year, all individuals who sign up for CPPB FinEx will receive an email with an invitation to participate in the annual survey. The survey will be administered through an online, rapid development survey tool. The link to the survey will be included in this email.

This request covers two annual surveys, one each in 2019 and 2020. There are currently approximately 5,000 people participating in FinEx. We expect to add about 1,000 people per year to FinEx, for a total of approximately 7,000 by the time of the 2020 survey. In our first two annual surveys, we had a response rate of approximately 10 percent. For purposes of calculating the burden hours, we have assumed a 50 percent response rate to account for the possibility that the increased visibility of and range of tools offered by FinEx will prompt more participants to respond.
