II. Background

Under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35), the NRC recently submitted a request for renewal of an existing collection of information to OMB for review entitled, NRC Form 531, "Request for Taxpayer Identification Number." The NRC hereby informs potential respondents that an agency may not conduct or sponsor, and that a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The NRC published a **Federal Register** notice with a 60-day comment

period on this information collection on October 8, 2021, (86 FR 56298).

1. *The title of the information collection:* NRC Form 531, "Request for Taxpayer Identification Number."

2. *OMB approval number:* 3150-0188.

3. *Type of submission:* Extension.

4. *The form number, if applicable:* NRC Form 531.

5. *How often the collection is required or requested:* Licensees are only required to submit once.

6. *Who will be required or asked to respond:* NRC Form 531 is used to collect taxpayer identification numbers (TINs) and information sufficient to identify the licensee or applicant for licenses, certificates, approvals, and registrations.

7. *The estimated number of annual responses:* 300.

8. *The estimated number of annual respondents:* 300.

9. *The estimated number of hours needed annually to comply with the information collection requirement or request:* 75.

10. *Abstract:* The Debt Collection Improvement Act of 1996 requires that agencies collect TINs from individuals who do business with the Government, including contractors and recipients of credit, licenses, permits, and benefits. The TIN will be used to process all electronic payments (refunds) made to licensees by electronic funds transfer by the Department of the Treasury. The Department of the Treasury will use the TIN to determine whether the refund can be used to administratively offset any delinquent debts reported to the Treasury by other Government agencies. In addition, the TIN will be used to collect and report to the Department of the Treasury any delinquent indebtedness arising out of the licensee's or applicant's relationship with the NRC.

MSAC adjudicates classification appeals, job-grading appeals, FLSA claims, compensation and leave claims, and declination of reasonable offer appeals, as well as the settling of disputed claims for unpaid compensation due deceased Federal employees. This adjudicative function provides Federal employees administrative due process rights to challenge compensation and related agency decisions without having to seek redress in Federal courts. These decisions are also a critical resource for agency HR offices in making their own classification, pay, and FLSA determinations.
