The statement is necessary to ensure that the Commission and the public have adequate information about the fiduciary.

There is approximately one respondent per year that requires an aggregate total of four hours to comply with this rule. This respondent makes an estimated one annual response. Each response takes approximately four hours to complete. Thus, the total compliance burden per year is approximately four hours. The approximate internal compliance cost per hour is \$25, resulting in a total internal cost of compliance of approximately \$100 per year (*i.e.*, 4 hours × \$25).

*Extension:*  
Form 1-SA

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

Form 1-SA (17 CFR 239.92) is used to file semiannual reports by Tier 2 issuers under Regulation A, an exemption from registration under the Securities Act of 1933 (15 U.S.C. 77a *et seq.*). Tier 2 issuers under Regulation A conducting offerings of up to \$50 million within a 12-month period are required to file Form 1-SA. Form 1-SA provides semiannual, interim financial statements and information about the issuer's liquidity, capital resources and operations after the issuer's second fiscal quarter. The purpose of the Form 1-SA is to better inform the public about companies that have conducted Tier 2 offerings under Regulation A. We estimate that approximately 55 issuers file Form 1-SA annually. We estimate that Form 1-SA takes approximately 188.042 hours to prepare. We estimate that 85% of the 188.04 hours per response (159.836 hours) is prepared by the company for a total annual burden of 8,791 hours (159.836 hours per response × 55 responses).

Written comments are invited on: (a) Whether this proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden imposed by the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given

to comments and suggestions submitted in writing within 60 days of this publication by July 18, 2022.
