Grape Production and Disposition Inquiry - February 2022

The following question, currently asked on the August Grape Inquiry, will be asked after the primary screening question on the February Grape Production and Disposition Inquiry.

	ACRES						
2. How many total acres of grapes were on this operation during 2021?.....	<table border="1" style="border-collapse: collapse;"> <tr> <td style="padding: 2px;">101</td> <td style="padding: 2px;">-</td> <td style="padding: 2px;">__</td> </tr> <tr> <td style="padding: 2px;">102</td> <td style="padding: 2px;">-</td> <td style="padding: 2px;">__</td> </tr> </table>	101	-	__	102	-	__
101	-	__					
102	-	__					
a. Of the total acres of grapes (Item 2), how many acres were of bearing age during 2021?.....							

This is being requested to get a better indication of bearing acreage for end of the year estimates due to:

1. The sample for the February Grape Production and Disposition differs from the August Grape Inquiry, and
2. The shorter data collection for the August Grape Inquiry results in more non-response so the operator may have been a non-respondent in August.

The front page of the currently approved Grape Production and Disposition Inquiry is:

REPORT FOR THE ACRES YOU OPERATED OR MANAGED IN 2019

1. Did this operation have any **grape** acres in 2019?

INCLUDE

- acres rented or leased from others
- all grape acres even if the crop failed due to weather, disease, etc.

EXCLUDE

- acres rented or leased to someone else
- home garden, personal or home use crops

100 1 ☐ Yes - Continue

3 ☐ No - Go to Conclusion
