Re: Adjustment Proposal – Firm Name

Dear Mr. Borlik:

- ❖ Purpose:
 - Authenticate TAAC endorsement of the Adjustment Proposal (AP).
 - Detail the level of the firm's involvement in the preparation of the AP.
 - Summarize the type of assistance requested.
 - If the firm has previously been certified for TAAF and/or received an AP, include the date of the firm's first certification, the date of the prior AP approval, and the amount of AP funds awarded and expended by the firm.
 - If the firm is amending their current active AP (within the 5-year limit) refer to current EDA guidance for procedure.
 - Confirm that the proposal meets the statutory requirements.
 - Confirm that the TAAC has communicated all steps involved in the AP approval and implementation process to the firm.
 - Confirm that the firm may not begin any activity related to implementation, including securing services related to implementation in advance of the approval of the AP by EDA.

- ❖ Content:
 - This proposal was developed by the TAAC in close cooperation with the TAAF-certified firm.
 - This Adjustment Proposal calls for: (list the projects, including cost share).
 - (TAAC's name) Trade Adjustment Assistance Center finds that this Adjustment Proposal meets the three legal requirements of the legislation. (Confirm that the AP is 1. reasonably calculated, 2. Makes full use of the firm's resources, and 3. Gives adequate consideration to the firm's separated workers).
 - State if any project (business recovery strategies) in the AP is for the purpose of assisting the firm with developing or increasing export opportunities and/or export initiatives.
 - State if any project (business recovery strategies) in the AP is for the purpose of assisting the firm with staff capacity building (with a goal retaining and creating jobs).

- ❖ Format:
 - Standard letter format on TAAC's letterhead
 - One page
 - Signed by TAAC Director

Sincerely,

XXX
TAAC Director

Statement of Need and Market Analysis

Brief Firm History

- Firms shall provide a brief overview of the firm's history, current financial position, products produced or services provided and its market position.

Industry Information

- Include information concerning the impact of imports on the firm's market, growth in the firms industry, primary raw materials, principal technology and competition and any changes in the overall market place.

Management Review

- This can take many forms, but as a general guide, it may include organizational structure, management experience or skills, team work, succession plans, and business planning and decision making.

Financial Review

- This can take many forms, but as a general guide, it may include liquidity, solvency, inventory and receivables, profitability, and investment analysis. For example, vertical, horizontal, or ratio analysis or zeta score.

Marketing and Sales Review

- Firms shall include a short analysis of the firm's current marketing strategy. Examples include: detailing product line, product strategy, distribution, field sales force, pricing, exports, new product development, trade shows, advertising and promotion, and delivery services.

Operations Overview

- Firms shall provide an overall review of existing input resources, which include: facilities, capital equipment, layout and workflow, direct labor, production scheduling and quality control, purchasing, cost system and product quality.

SWOT

- Firms shall assess their strengths and weaknesses (Strengths, Weaknesses, Opportunities, and Threats analysis [SWOT]) in contrast to its prime market competitors and its estimated market share and sales. The firm must address each of the following areas: Industry position, Management, Finance, Marketing and sales, Manufacturing and Management Information Systems.
- In addition, firms must specify the tasks that will improve the weaknesses highlighted in the SWOT analysis.

Adjustment Proposal SWOT Analysis (EXAMPLE)					
Selected Categories	Strengths	Weaknesses	Opportunities	Threats	Solutions
Management				Very experienced top management nearing retirement and owner will retire soon.	Business Succession Plan and Family Succession Plan
Financial					
Production		Building and equipment are fully depreciated and must compete with manufacturers in low cost countries.			-Certification for ISO 9000. - Documentation of procedures. - Trained Quality Assurance personnel.
Support Systems					
Marketing & Sales		Firm has no formal marketing plan.			Marketing plan

Recovery Strategy

- Purpose:
 - Identification of objectives/goals and overall approach or method for achieving objectives.
 - Explanation of why the projects were chosen and how the projects will assist the firm in becoming more competitive in the global market. Make the link between the weaknesses that need to be addressed and/or the strengths that can be enhance and the chosen projects.
- Can take the format of an executive summary.

Implementation Plan

- Purpose:
 - To help the TAAC and firm take the recovery plan from the theoretical stage to the implementation stage.
 - To confirm that assistance consists of knowledge-based services and not expenditures for capital improvements or purchase of business machinery or supplies.
 - Illustrate the timely relationship between the projects.
 - Illustrate whether the projects are expected to be completed within two to five years of implementation.
 - Provide a timely basis on which to track the progress of the projects.
- Content:
 - The firm must clearly describe the scope and detail of a plan of action that discusses: the specific tasks that will be undertaken to improve firm position and the rationale for the proposed task and projected outcomes.
 - Provide quantitative monthly or quarterly projections of the accomplishments to be achieved for each function or activity. When accomplishments cannot be quantified by activity or function, list them in chronological order to show the schedule of accomplishments and their target dates. An implementation plan that shows the timing and interrelationships of the major events or benchmarks necessary to implement the recovery plan and realize its objectives must be presented.
- Format:
 - Either in chart or Scope of Work Format. See the examples provided in the following pages.
 - The format of the timeline can vary as long as the relationship between the projects and the time-span of the projects are illustrated clearly. Microsoft Project or Excel, among other software tools, can be used for project timelines.

Please Note (The following is not part of the AP, but provides general guidance)

- Project outcomes
 - Intended to help analyze which projects are most effective for which firms
 - Should be Specific, Measurable (when possible), Achievable, Relevant, Results-Oriented, and Timely
- Outcomes should be specific to the project. Some examples are provided below:
 - The website redesign is expected to increase the number of visits to the firm's website by at least 5%
 - The new sales plan is expected to reach at least four new customers
 - The lean manufacturing efforts are expected to increase productivity
- Outcomes should be achievable
 - Are the necessary resources and human capital available to carry out the projects?
- Outcomes should be relevant
- Do the outcomes remedy the firm's weaknesses and enhance their individual strengths?
 - Outcomes should be results-oriented
 - What are the expected results of the projects?

Implementation Plan Option 1: Chart Example (Pick one either chart or SOW)

Adjustment Assistance Implementation Plan			
Identified Weakness or Strength Enhancement	Task Details	Output/ Deliverables	Anticipated Outcome
Ex: Firm has no formal marketing plan.	<ul style="list-style-type: none"> ○ Research existing customers, potential customers, competitors, and potential competitors. ○ Evaluate customer needs, market segments, value drivers, and potential areas of growth and decline. ○ Estimate and forecast sales of current and potential target markets. ○ Identify specific target markets. ○ Develop strategic marketing plan. ○ Develop a tactical plan. ○ Provide lead generation services including script preparation, pre-qualifying calls and data collection. 	Marketing plan	Diversify markets and increase sales by 5% in the first two years after project implementation.
Ex: Very experienced top management nearing retirement and owner will retire soon.	<ul style="list-style-type: none"> ○ Evaluate current business family financial positions. ○ Develop plan for continued business operation. ○ Develop plan for wealth transfer to ownership. 	Business Succession Plan and Family Succession Plan that satisfactorily address issues of operational management structure for the company and ownership and wealth transfer.	Smooth ownership transition, better business decision making and direction for business strategy
Ex: Building and equipment are fully depreciated and must compete with manufacturers in low cost countries.	<ul style="list-style-type: none"> ○ Review current documents and practices. ○ Perform gap analysis between current documents/processes and those required by ISO 9000 standards. ○ Advise personnel on corrective actions and perform the necessary personnel training. ○ Assist mgmt. with documentation and other required certification, verification and audit steps. ○ Register firm as ISO 9000 certified. ○ Identify QA curriculum and enroll selected personnel. 	<ul style="list-style-type: none"> ○ Certification for ISO 9000. ○ Documentation of procedures. ○ Trained Quality Assurance personnel. 	<ul style="list-style-type: none"> ○ 10% Reduction in costs ○ improved quality

Implementation Plan Option 2: Scope of Work Example (Pick one either chart or SOW)

Management

Project 1

Objectives/ Anticipated Outcomes:

Smooth ownership transition, better business decision making and direction for business strategy.

Weakness or Strength Enhancement Addressed:

Very experienced top management nearing retirement and owner will retire soon.

Tasks to Be Completed:

- Evaluate current business family financial positions.
- Develop plan for continued business operation.
- Develop plan for wealth transfer to ownership.

Deliverables/Output:

Business Succession Plan and Family Succession Plan that satisfactorily address issues of operational management structure for the company and ownership and wealth transfer.

Marketing/ Sales

Project 2

Objectives/ Anticipated Outcomes:

Diversify markets and increase sales.

Weakness or Strength Enhancement Addressed:

Firm has no formal marketing plan.

Tasks to Be Completed:

- Research existing customers, potential customers, competitors, and potential competitors.
- Evaluate customer needs, market segments, value drivers, and potential areas of growth and decline.
- Estimate and forecast sales of current and potential target markets.
- Identify specific target markets.
- Develop strategic marketing plan.
- Develop a tactical plan.
- Provide lead generation services including script preparation, pre-qualifying calls and data collection.

Deliverables/Output:

Marketing plan

Production (Manufacturing/ Operations)

Project 3

Objectives/ Anticipated Outcomes:

- Reduction in costs
- Improved quality

Weakness or Strength Enhancement Addressed:

Building and equipment are fully depreciated and must compete with manufacturers in low cost countries.

Tasks to Be Completed:

- Review current documents and practices.
- Perform gap analysis between current documents/processes and those required by ISO 9000 standards.
- Advise personnel on corrective actions and perform the necessary personnel training.
- Assist mgmt. with documentation and other required certification, verification and audit steps.
- Register firm as ISO 9000 certified.
- Identify QA curriculum and enroll selected personnel.

Deliverables/Output:

- Certification for ISO 9000.
- Documentation of procedures.
- Trained Quality Assurance personnel.

Consideration for separated workers

- Firm's policy of rehiring preferences for such workers, making efforts to find new work for a number of such workers, or assisting workers in obtaining benefits under available programs.

Use of firms own resources

- Indication of efforts to use own resources
 - Firm's commitment to TAA cost share
 - Firm's commitment to projects related, but not part of TAA
 - Previous investments the firm has made
 - Under certain circumstances resources of related firms or stockholders will also be considered
