INSTRUCTIONS

Important- This information is being collected by the National Marine Fisheries Service (NMFS) to ensure that timely and accurate records are available concerning the fishing vessels of the U.S. that participate in Pacific Ocean fisheries for highly migratory species (HMS), consistent with the requirements of the Fishery Management Plan for U.S. West Coast Fisheries for Highly Migratory Species. This collection of information concerning U.S. fishing vessels harvesting tuna in the eastern Pacific Ocean (EPO) is also necessary for the U.S. to comply with its obligations as a member of the Inter-American Tropical Tuna Commission (IATTC).

This permit is required for commercial fishing vessels and recreational charter vessels that harvest any of the species that are included in the HMS Fisheries Management Plan. They are: striped marlin (*Tetrapturus audax*), swordfish (*Xiphias gladius*), common tresher shark (*Alopias vulpinus*), shortfin mako or bonito shark (*Isurus oxyrinchus*), blue shark (*Prionace glauca*), north Pacific albacore (*Thunnus alalunga*), yellowfin tuna (*Thunnus albacares*), bigeye tuna (*Thunnus obesus*), skipjack tuna (*Katsuwonus pelamis*), northern Bluefin tuna (*Thunnus orientalis*), and dorado or dolphinfish (*Coryphaena hippurus*). Other: dorado, mahi mahi or dolphinfish (*Coryphaena hippurus*).

Section A- VESSEL INFORMATION: Enter vessel information as it appears on the Coast Guard documentation, or if the vessel is not documented, as it appears on the state registration, vessel tonnage certificate, and/or marine survey. Provide all other information required to the best of your ability.

Home Port: City and state where the vessel is customarily kept, not necessarily the home port list on the certificate of documentation.

Radio Call Sign – Leave blank if your vessel does not have one.

Operational Vessel Monitoring System (VMS) – Global positioning system using satellites to track vessel movements, required for vessels fishing in the high seas (outside 200 nm) and commercial vessels greater than 24 m (78.74 ft.). Contact the permits office at wcr-permits@noaa.gov for more information.

Section B- GEAR ENDORSEMENTS: For commercial fishing vessels, mark only gears that the vessel will use to harvest HMS. Some gear types are subject to additional requirements prior to authorization. It is not necessary to list any gear for recreational charter or commercial passenger fishing vessels (CPFV).

Section C- VESSEL OWNERSHIP: Enter the owner's Social Security Number, if individual, or Tax Identification Number, if business. The owner's date of birth will be used as an additional identifier and to establish the two-year renewal date for the permit. Contact information for all vessel owners is required.

Section D- ELIGIBILITY: The following vessel owners are eligible to hold a Pacific HMS permit:

- (1) An individual who is a citizen of the United States.
- (2) An association, trust, joint venture, or other entity if—(A) each of its members is a citizen of the United States; and (B) it is capable of holding title to a vessel under the laws of the United States or a State.
- (3) A partnership if—(A) each general partner is a citizen of the United States; and (B) the controlling interest in the partnership is owned by citizens or the United States.
- (4) A corporation if—(A) it is incorporated under the laws of the United States or a State; (B) its chief executive officer, by whatever title, and the chairman of its board of directors are citizens of the United States; and (C) no more of its directors are noncitizens than a minority of the number necessary to constitute a quorum.
- (5) The United States Government.
- (6) The government of a State.

SECTION C- SIGNATURE: The authorized agent must sign and date the application. By signing and dating the application, the authorized agent certifies that all information set forth in the application is true, correct, and complete to the best of the applicant's knowledge and belief. The application will not be considered without the authorized agent's signature.

Privacy Act Statement: Federal Regulations (at 50 CFR Part 660) authorize collection of this information. This information is used to verify the identity of the applicant(s) and to accurately retrieve confidential records related to federal commercial fishery permits. Where the requested information is a Social Security Number, disclosure is mandatory in accordance with the Debt Collection Act (31 U.S.C. 7701).

Paperwork Reduction Act - A Federal agency may not conduct or sponsor, and a person is not required to respond to, nor shall a person be subject to a penalty for failure to comply with an information collection subject to the requirements of the Paperwork Reduction Act of 1995 unless the information collection has a currently valid OMB Control Number. The approved OMB Control Number for this information collection is 0648-0204. Without this approval, we could not conduct this information collection. Public reporting for this information collection is estimated to be approximately 20 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the information collection. Some of the information collection described above is confidential under section 402(b) of the Magnuson-Stevens Act. It is also confidential under NOAA Administrative Order 216-100, Protection of Confidential Fisheries Statistics. Phone number, fax and email information and TIN are not released to the public. All responses to this information collection are mandatory/required to obtain benefits pursuant to 50 CFR 660. Send comments regarding this burden estimate or any other aspect of this information collection, including suggestions for reducing this burden to the National Marine Fisheries Service at: 501 W. Ocean Blvd., Suite 4200, Long Beach, CA 90802, Attn: Permits Office, wcr-permits@noaa.gov.
