Since the page is dynamic, we are unable to capture screenshots of the Cultural Heritage drop down list. However, here are the options presented based on how the Hispanic or Latino question is answered and which Race boxes are checked.

If the applicant answers 'Yes' to the "Are you Hispanic or Latino?" question and they check/select the Race "Declined to Respond", they will be presented with a Cultural Heritage picklist that only contains the value 'Other'.

If the applicant answers 'Yes' to the "Are you Hispanic or Latino?" question and they check/select any Race other than "Declined to Respond", they will be presented with a Cultural Heritage picklist that contains the values 'None', 'Other', and the values appropriate for the chosen Race(s).

If the applicant answers 'No' to the "Are you Hispanic or Latino?" question and they check/select any Race other than "Declined to Respond", they will be presented with a Cultural Heritage picklist that contains the values 'None', 'Other', and the values appropriate for the chosen Race.
