Respondents should be aware that notwithstanding any other provision of law, no person shall be subject to any penalty for failing to comply with a collection of information if it does not display a currently valid OMB control number.

In order to place you in the right mathematics course in your first semester at the Naval Academy, we need to know what your academic experience is in mathematics.

Do not worry about the score on this questionnaire, it has no impact on your course placement.

Instructions Please answer the following questions as accurately as you can. It should not take long but is very helpful for us to determine your best placement.

An AP AB score of 4 or 5 will validate Calculus I.

An AP BC Score of 4 or 5 will validate Calculus I & II.

An AP Statistics Score of 4 or 5 will validate Introduction to Statistics.

To utilize these validations, your AP scores are **required** to be sent to the USNA Registrar. This survey should not take more than 15 minutes of your time.

Multiple Attempts This test allows multiple attempts.

Force Completion This test can be saved and resumed later.

Your answers are saved automatically.

Select your most recent academic experience from the options below.

- A. High School
- B. Direct Entry from the Fleet
- C. Attended NAPS/Foundation
- D. Another College/Universty

QUESTION 2

4 points

Select the option below that best describes your pre-calculus experience

- A. I took a pre-calculus class, algebra I & II, trigonometry, geometry
- B. I took a pre-calculus class, but no trigonometry
- C. I took a class that had trigonometry but no high school algebra
- D. I have taken a high school algebra class that also had trigonometry

QUESTION 3

5 points

Chose the Calculus I experience below that represents your most recent experience.

Calculus I includes derivatives of polynomials, trigonometric, logarithmic and exponential functions; derivatives of products and quotients; the chain rule; implicit differentiation; slope, velocity, concavity, and acceleration; maxima and minima, applications of derivatives, and Taylor Polynomials.

- A. I have never taken a Calculus I course.
- B. I have taken high school level Calculus I
- C. I have taken AP AB Calculus. I earned a 3 or less or do not know my score.
It is still recommended you send your AP scores to the USNA Registrar.
- D. I have taken AP AB Calculus. I earned a 4 or 5.
It is still required to send your AP scores to the USNA Registrar.
- E. I have taken a college level Calculus I course.
If you select this option, and you wish to attempt to validate Calculus I, take the online Calculus I parts 1 and 2 exams in the Mathematics Skills Assessments.

QUESTION 4

5 points

Chose the Calculus II experience below that represents your most recent experience.

Calculus II includes area under the curve, the Fundamental Theorem of Calculus, integration by substitution and integration by parts; using integral tables; numerical approximations of integrals; areas and volumes using integrals; applications of integrals such as work; improper integrals; Series and Sequences, vectors and geometry of space.

- A. I have never taken a Calculus II course.
- B. I have taken high school level Calculus II.
- C. I have taken AP BC Calculus. I earned a 3 or less or do not know my score
It is still recommended you send your AP scores to the USNA Registrar.
- D. I have taken AP BC Calculus. I earned a 4 or 5.
It is required to send your AP scores to the USNA Registrar.
- E. I have taken a college level Calculus II course.
If you select this option, and you wish to attempt to validate Calculus II, take the online Calculus I parts 1 and 2, and the Calculus II parts 1 and 2 exams in the Mathematics Skills Assessments.

QUESTION 5**3 points**

Chose the Calculus III experience below that represents your most recent experience.

Calculus III includes vectors in 2 and 3 dimensions; equations of lines and planes; cylindrical and spherical coordinates; partial derivatives; gradient vectors and tangent planes; double and triple integrals; volume, mass, and moments; vector fields and flows; line integrals; surface integrals; and Divergence, Stokes's, and Green's Theorems

- A. I have never taken a Calculus III course.
- B. I have taken high school level Calculus III
- C. I have taken a college level Calculus III course.

If you select this option, and you wish to attempt to validate Calculus III, take the online Calculus I parts 1 and 2, the Calculus II parts 1 and 2, and the Calculus III part 1 exams in the Mathematics Skills Assessments.

Your scores may invite you to a Calculus III part 2 written exam offered during plebe summer.

QUESTION 6**4 points**

Chose the Differential Equations experience below that represents your most recent experience.

Differential Equations includes Linear and simultaneous differential equations; solution by Laplace transform; partial differential equations and Fourier series

- A. I have never taken a Differential Equations course.
- B. I have taken high school level Differential Equations course with Laplace transforms and systems of equations.
- C. I have taken a college level Differential Equations course with Laplace transforms and systems of equations.
- D. I have taken a college level Differential Equations course with Laplace transforms and systems of equations and would like to attempt to validate the course.

Select this option if you would desire to take a validation exam for differential equations. This will put you on a list to take a validation exam at the end of Fall semester. You will be contacted by the math department validation & placement coordinator earlier in the Fall semester to confirm your input.

QUESTION 7**5 points**

Chose the statistics experience below that represents your most recent experience.

Nature of statistical methods, description of data, probability, distributions, estimation, tests of hypothesis, correlation, regression

- A. I have never taken a statistics course.
- B. I have taken high school level statistics course
- C. I have taken AP Stats, I earned a 3 or less or do not know my score
or
I took a college statistics course.

- D. I have taken AP Stats, I earned a 3 or less or do not know my score.
or
I took a college statistics course.

Select this option if you desire to be placed on a the list to take a validation exam at the end of the Fall semester. You will be contacted by the mathematics department

validation and placement coordinator earlier in the semester to confirm your intent.

E. I have taken AP Stats. I earned a 4 or 5.

It is required for you to send your AP scores to the USNA Registrar.

Test Information

Description

OMB 0703-0036 Exp: RENEWAL PENDING

Students may validate core courses offered by the History Department in any of the following ways:

1. Advanced Placement Exam A total score of 9 or 10 on the Education Testing Service Advanced Placement exams in both World History and either AP US History or AP European History (i.e. one score of 5 and one of 4 or 5) secures validation for HH217, "The West in the Modern World," a core course normally taken in the spring semester of the youngster (sophomore) year. Please be sure that your test scores have been sent to the Naval Academy.

OR

2.College Credits The History Department accepts course work done at other 4-year accredited colleges in lieu of courses that are offered at the Naval Academy. Courses must closely resemble in content and historical time frame existing history courses at the Academy in order to qualify. Credit is given for a B or better grade earned from a 4-year accredited college. Transcripts certifying course work should be sent to the Admissions Office at the Naval Academy.

OR

3.Validation Exam Validation exams for HH217, The West in a Global Context, and HH217, The West in the Modern World, and any other course the History Department offers may be scheduled individually with the History Senior Academic Adviser, Professor Anne Quartararo (quartara@usna.edu), during the beginning of the academic year.

Test Information

Description

OMB 0703-0036 Exp: RENEWAL PENDING

The course **FP130 U.S. Government and Constitutional Development** is part of the core curriculum for all midshipmen 4th class. It includes unique material about the ethics of public service and develops academic research skills. For most students, the content studied and techniques acquired are keys to success at USNA. Consequently, validation may not be the best course of action.

There is no validation examination for FP130. Validation is granted only to midshipmen who have had an AP course in American Government that included study in the ethics of public service together with substantive academic research experience.

AGENCY DISCLOSURE NOTICE: The public reporting burden for this collection of information, 0703-0036, is estimated to average 10 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. QUESTION 1

1 points

FP130:

- I wish to apply to validate FP130.
- I have taken an AP course in American Government and earned / expect a score of 5 on it. I have requested the College Board to send a copy of my AP result to the Registrar, USNA.

QUESTION 2

1 points

Other Political Science Courses

The Political Science Department may award credit for coursework completed at another accredited college or university. To have a course considered for validation credit...

- It must correspond to one offered by the Naval Academy.
- Your grade must be a 'B' or better.
- You must provide a transcript, syllabus, and course description to the Political Department Chair for review in person. You may do so any time after the beginning of the fall semester.

I have taken American Government at another accredited institution. (Follow the instructions above in "Other Political Science Courses")

Check here if you intend to apply for validation of a Political Science course other than FP130. Do not neglect to submit the necessary documentation in the fall.

QUESTION 3
