

Request for Approval under the “Generic Clearance for the Collection of Routine Customer Feedback” (OMB Control Number: 0970-0401)

TITLE OF INFORMATION COLLECTION: Feedback Questions on Technical Assistance Support Provided to Community Services Block Grant (CSBG) Project Impact Grant Recipients

PURPOSE: The Office of Community Services (OCS) in the Administration for Children and Families (ACF) awarded 16 Project Impact grants in FY22. The goal of Project Impact is to grow the capacity of grant recipients to use rapid-cycle learning to improve community-based projects focused on responding to the COVID-19 pandemic. Recognizing the challenges associated with the COVID-19 pandemic, the Coronavirus Aid, Relief, and Economic Security (CARES) Act provided additional funding to the CSBG program, administered by OSC, to conduct Project Impact. Project Impact grants focus on CARES Act priorities, including addressing health outcomes, adapting to remote service delivery, reinventing the local safety net, providing job training for the post-COVID economy, supporting families affected by school and child care disruptions, and offering services to strengthen individual and family resilience.

Project Impact grant recipients will develop and implement rapid-cycle learning plans, which will help grant recipients build on lessons learned as they implement their projects and increase their long-term capacity to make evidence-driven decisions and address poverty effectively in their communities. Grant recipients will receive technical assistance support as they develop and implement their rapid-cycle learning plans. We propose to gather ongoing feedback directly from grant recipients on their satisfaction and experiences with technical assistance support to ensure it addresses the needs of grant recipients.

DESCRIPTION OF RESPONDENTS: Respondents include staff or partners within organizations that received a Project Impact grant and participate in technical assistance support activities.
