CET – Annotated Questionnaire (Wave 38)

Note: The questions below are the proposed questions for the thirty-eight wave of the Weekly Current Events Tracker (CET). Questions highlighted in yellow will be asked every week; questions highlighted in blue will be rotated into the survey on a monthly basis; and questions highlighted in green are meant to be asked in Wave 38 only or are being asked again to update data on a variable of interest. We will be fielding questions about boosters, the Pfizer EUA for children 5 to 11, a PTN video viewing experiment, and pandemic assessments.
