ASPA COVID-19 PUBLIC EDUCATION CAMPAIGN

A campaign to increase vaccine acceptance and reinforce basic prevention measures

CET – Annotated Questionnaire (Wave 63)

Note: The questions below are the proposed questions for the 63rd wave of the Weekly Current Events Tracker (CET). Questions highlighted in yellow will be asked every week; questions highlighted in blue will be rotated into the survey on a monthly basis; and questions highlighted in green are meant to be asked in this wave only or are being asked again to update data on a variable of interest. We will be fielding questions about reasons for waiting to get a booster, parents' vaccine concerns, the CDC COVID-19 Community Levels tracker, COVID treatment for children under 12, and the Novavax vaccine.

For the next section we would like to talk about current events.

// Page Break //

//BASE: All respondents//

Item #: **Q1**

Question Type: Single punch

// Soft Prompt: "We would like your response to this question." //

beh1_cet_r: Have you received a COVID-19 vaccine?
Variable Label: beh1 cet r: Vaccination behavior

Value	Value Label	
0	No, I have not received a	
	COVID-19 vaccine	
1	Yes, but I have only received	
	one shot out of the two	
	required shots	
2	Yes, I have received all of the	
	required shots	
-99	Refused	

// Page Break //

//BASE: beh1_cet_r=1 or 2//

Item #: Q2

Question Type: Single punch

// Soft Prompt: "We would like your response to this question." //

vaccine id: Which COVID-19 vaccine did you receive?

Variable Label: vaccine id: Vaccine ID

Value	Value Label
2	Johnson & Johnson/Janssen
3	Moderna
4	Pfizer-BioNTech
5	Other
99	I do not remember

-99	Refused
-100	Valid skip

//BASE: beh1_cet_r=2//

Item #: Q3

Question Type: Dropdown menu

// Soft Prompt: "We would like your response to this question." //

fully_vacc_month: In which month were you considered fully vaccinated (i.e., two weeks after your final COVID-19 vaccine dose)? Final vaccine dose refers to either the second dose of the Pfizer or Moderna vaccine, or the single dose of the Johnson & Johnson vaccine. Please do not consider booster shots for this question. If you do not remember the specific month, give your best quess.

Variable Label: fully vacc month: Month of vaccination

Value	Value Label
1	December, 2020

Item#: Q19-Q20

Question Type: Single punch grid

// Soft Prompt: "We would like your response to this question." //

cdc_commlevels2: Earlier this year, the Centers for Disease Control and Prevention (CDC) dropped its recommendation for universal mask-wearing in areas of low or medium risk of COVID. They also unveiled a new method for calculating risk in each U.S. county, called COVID-19 Community Levels, which focuses on the impact of severe COVID on local hospitals and helps people decide what precautions to take against COVID—including when to wear a mask. The below map depicts COVID-19 Community Levels across the United States as of mid May.

COVID-19 Community Levels of All Counties in US

Thu May 12 2022 11:46:16 GMT-0400

How much do you agree or disagree with the following statements about the CDC's current masking guidance?

//PROGRAMMING NOTE: RANDOMIZE options //

Variable Name	Variable Text	Variable Label
cdc_commlevels2_1	I have heard about the CDC's COVID-19 Community Levels tool.	cdc_commlevels2_1: Have heard of Community Levels
	I understand the CDC's current masking guidance.	cdc_commlevels2_2: Understand new masking guidance
	I have visited the CDC's website to find out	cdc_commlevels2_3: Visited CDC website
		cdc_commlevels2_4: Know how to find Community Level
		cdc_commlevels2_5: Know how to determine masking

	CDC's COVID-19 Community Levels.	guidance
cdc_commleve	I plan to continue masking indoors in public,	cdc_commlevels2_6: Plan
	regardless of the CDC's guidance for my community.	to continue masking
cdc_commleve	even if the COVID-19 Community Level is	cdc_commlevels2_7: Do not plan to continue masking
cdc_commleve		cdc_commlevels2_8: Plan to use CDC guidance
cdc_commleve		cdc_commlevels2_9: Have used Community Level Tracker
cdc_commleve		cdc_commlevels2_10: Regularly used Community Level tracker

// Page Break //

/BASE: All respondents//

Item #: Q22

Question Type: Single punch grid

// Soft Prompt: "We would like your response to this question."//

novavax_perc: The Novavax COVID vaccine is not an mRNA vaccine—it contains the spike protein that is on the surface of the virus that causes COVID, but formulated in a way which cannot cause disease. When the vaccine is injected, it causes the immune system to produce antibodies and immune responses so that the body will be able to recognize and attack the coronavirus when it enters the body.

Thinking about the Novavax COVID vaccine, how much do you agree or disagree with the following questions?

//PROGRAMMING NOTE: RANDOMIZE options //

Variable Name	Variable Text	Variable Label
		novavax_perc1: Novavax is safer
	(Pfizer, Moderna, or Johnson & Johnson).	is salei
	· •	novavax_perc2: Worried
	the Novavax COVID vaccine.	about side effects
		novavax_perc3: More research needed
		novavax_perc4: More likely to get Novavax
	I plan to get the Novavax COVID vaccine. [ONLY SHOW IF beh1_cet_r=0 OR -99]	novavax_perc5: Plan to get Novavax

Value	Value Label
