Personal Safety and Security Questionnaire

The Foreign Service Institute's Transition Center is updating the mandatory MQ911 Security Overseas Seminar. The update is focused on 1) what best prepares our Foreign Affairs Professionals and Family Members for their personal safety and security responsibilities while serving abroad; 2) presenting content that complements FACT; and 3) making sure we are using the best methodology and modality for this training.

Please complete these questions to help us better understand what personal safety and security knowledge, skills, and attitudes you see lacking in the field. The survey should take no more than **10 minutes** to complete.
