Section I. Reporting Basics

a) Overview

This document provides guidance for States and U.S. Territories submitting required Coronavirus State and Local Fiscal Recovery Fund (SLFRF) reports and information. It is a supplement to the Compliance and Reporting Guidance ([Reporting Guidance](#)), which contains relevant information and guidance on reporting requirements.

Additionally, you should visit the Department of Treasury's (Treasury) [SLFRF home page](#) for the latest guidance and updates on programmatic and reporting topics.

b) What is Covered in this User Guide?

This User Guide provides detailed instructions to help States and U.S. Territories gather and complete the following templates and submit them to Treasury via email at SLFRFNEUForms@treasury.gov:

- Non-Entitlement Units of Local Government (NEU) Distribution Templates
- Units of general local government within counties that are not units of general local government (Non-UGLG) Distribution Templates

Recipients will submit the information using one of the templates noted below:

- [NEU Distribution- Eligible NEUs](#)
- [NEU Distribution- Ineligible \(for listing ineligible Local Governments\)](#)
- [NEU Distribution- Transactions](#)
- [Non-UGLG- Distribution](#)
- [Non-UGLG- Transactions](#)

When using the templates, recipients must provide the required information in specified formats and use the Treasury approved templates. Recipients may download each of the templates separately from [Treasury's website](#). Please see Appendix A – Template Overview for complete guidance on using the templates.

c) DUNS Transition to UEI

Beginning on April 4, 2022, as part of the federal government's transition for all federal awards, all entities doing business with the federal government will use the Universal Entity Identifier (UEI) number assigned by the U.S. General Services Administration (GSA) in the System for Award Management (SAM.gov). Therefore, Treasury will no longer be able to accept a Data Universal Numbering System (DUNS) number as a valid identification number, and Treasury will no longer require that applicants, recipients, subrecipients, or contractors provide a DUNS number when applying for Treasury awards; however, the UEI needs to be provided.

States and U.S. Territories should remind NEUs that to receive SLFRF funds they need to obtain an updated SAM.gov registration that includes the UEI. States and U.S. Territories will be required to provide the UEI for all eligible NEUs in their jurisdiction that received funds.

If the NEU has an existing and active registration in [SAM.gov](#), the UEI has already been assigned and is viewable in their SAM.gov account. The UEI number is located below the DUNS number on the entity registration record. Treasury will automatically populate the existing account records with the GSA-issued UEI number in the Treasury.gov application and

compliance portal, as applicable.

Questions about the conversion from DUNS number to UEI number should be directed to GSA. Information about the **UEI** transition can be found on GSA's webpage, [here](#).

You can also find additional resources below:

d) Questions?

If you have any questions about the SLFRF program's reporting requirements, please contact us by email via SLFRF@treasury.gov.

Section II. Reporting Requirements- Non-Entitlement Units of Local Government

Non-entitlement Units of Local Government (NEUs), defined in section 603(g)(5) of the Social Security Act, as added by section 9901 of the American Rescue Plan Act of 2021, are local governments typically serving populations of less than 50,000. NEUs include cities, villages, towns, townships, or other types of local governments.

NEUs receive SLFRF payments through their State and U.S. Territory governments. State and U.S. Territory governments receive a specific allocation of these funds from Treasury for this purpose and are responsible for distributing these funds to the NEUs within their State or U.S. Territory. Award amounts are based on population. Payments are being made in two tranches.

Additional information on distributions to NEUs, allocations, and payments can be found [here](#).

States and U.S. Territories were required to provide an update on distributions to eligible NEUs as part of the Interim Report, covering NEU distributions provided as part of the First Tranche from the date of award to July 31, 2021.

Recipients were also asked to provide updates on distributions to individual NEUs to Treasury every month thereafter until all distributions were made. This reporting will continue for distributions made during the Second Tranche process. States and U.S. Territories should, unless otherwise instructed by Treasury, provide updates to Treasury where information or status has changed.

Templates will be available for download from [Treasury's website](#). Each NEU template will need to be completed separately to allow for the proper uploading of information that Treasury will perform on behalf of the State or U.S. Territory.

Specific step-by-step instructions for filling out the NEU templates are noted below. Appendix A includes an overview of templates and the information associated with formats and content to include in the templates.

The following NEU Distribution templates are included in this section:

- NEU Distribution- Eligible NEUs
- NEU Distribution- Ineligible (for listing ineligible Local Governments)
- NEU Distribution- Transactions

For NEU specific guidance, visit [Treasury's SLFRF website for NEUs](#).

Note: - The State or U.S. Territory should ascertain that all NEUs identified by Treasury for such State or U.S. Territory are included in the reporting, as part of the Eligible NEUs template (see II.a.) or the Ineligible template (see II.b.). The list of NEUs can be found [here](#) in the **List of Local Governments** excel. As such, if a State or U.S. Territory has 300 potential eligible NEUs on the list, the information reported to Treasury should reflect all 300 NEUs broken out (as applicable) between the Eligible NEU or Ineligible Local Governments templates and status of action. Refer to example below.

State XX- Total Local Governments (per list)- 300

Eligible NEUs- 250 (report as part of Eligible NEUs. Refer to II.a.)

Action Taken (NEU requested funding or declined funding and requested transfer to State) 150

Action Not Taken (NEU is nonresponsive or declined funding but has not requested transfer) 100

Ineligible Local Governments- 50 (report as part Ineligible template. Refer to II.b.)

In accordance with Treasury’s [guidance](#) on distributions to NEUs, please note that only “weak minor civil divisions (MCD)” governments (Illinois, Indiana, Kansas, Missouri, Nebraska, North Dakota, Ohio, and South Dakota) should have deemed any local governments on Treasury’s List of Local Governments as ineligible, barring exceptional circumstances.

a. NEU Distribution: Eligible NEUs

Note: As of the date of this user guide, States and U.S. Territories are not required to submit the Eligible NEUs data as information was gathered as part of the First Tranche. In the event that any updates to information are required, States or U.S. Territories should email Treasury at SLFRFNEUForms@treasury.gov.

In this template, the State or U.S. Territory will populate the table for all eligible NEUs within the State and U.S. Territory’s jurisdiction, including all eligible NEUs that are unresponsive or declined funding. The “Status” column will enable the recipient to indicate whether the NEU has acted on their funding.

In the event the State or U.S. Territory needs to update information (including changing the “Status” from Action Not Taken to Action Taken), the State or U.S. Territory should submit updates to the previously submitted data.

For NEUs that are unresponsive, States or U.S. Territories do not have to provide information for all fields. The table below notes the fields that are required if 1) NEU has taken action (e.g., requested funding or declined funding and requested a transfer to the State or U.S. Territory) or 2) NEU has not taken action (e.g., is unresponsive or declined funding).

Section III. Reporting Requirements- Units of General Local Government within Counties that are Not Units of General Local Government

Note: This section is applicable only to Alaska, Connecticut, Massachusetts, Rhode Island, Vermont, U.S. Virgin Islands, and American Samoa.

Section 603(b)(3)(B)(ii) of the Social Security Act (the Act), as amended by the American Rescue Plan Act of 2021, provides that in the case of an amount to be paid to a county that is not a unit of general local government (Non-UGLG), the amount shall instead be paid to the State or U.S. Territory in which such county is located, and such State or U.S. Territory shall distribute such amount to each unit of general local government within such county based on population.

Units of general local government within Non-UGLG counties can include non-entitlement units of local government (NEUs) and metropolitan cities. As noted in the [Guidance on Counties that are Not Units of General Local Government](#), NEUs and metropolitan cities located in Non-UGLG counties that receive funds under Section 603(b)(3)(B)(ii) of the Act must have already accepted the award terms for payments made under Section 603(b)(2) (for NEUs) or section 603(b)(1) (for metropolitan cities).

State and U.S. Territory governments will receive a specific allocation of these funds from Treasury and are responsible for calculating the allocations and distributing funds to units of general local government within Non-UGLG counties in the State or U.S. Territory.

States and U.S. Territories were required to provide updates on distributions as part of the Interim Report, covering distributions provided as part of the First Tranche from the date of award, to the extent such distributions were made prior to that date.

Recipients are asked to provide updates on distributions to units of general local government within Non-UGLG counties to Treasury every month thereafter until all distributions have been made. This reporting will continue for distributions made during the Second Tranche process. States and U.S. Territories should, unless otherwise instructed by Treasury, provide updates to Treasury where information or status has changed.

Templates will be available for download from [Treasury's website](#). Each Non-UGLG template will need to be completed separately to allow for the proper uploading of information that Treasury will perform for the States and U.S. Territories.

The Non-UGLG Distribution templates cover two areas:

- Non-UGLG Distribution
- Non-UGLG Transactions

Specific step-by-step instructions for filling out the Non-UGLG templates are noted below. Appendix A includes an overview of the templates and the information associated with formats and content to include in the templates.

Users will also be asked to provide a summary of the state's Non-UGLG distribution process to date, to include substantive instructions or guidance that the state issued (e.g., key deadlines, guidance, etc.).

a. Non-UGLG Distribution

Note: As of the date of this user guide, States and U.S. Territories are not required to submit the Non-UGLG Distribution data as information was gathered as part of the First Tranche. In the event that any updates to information are required, States or U.S. Territories should email Treasury at SLFRFNEUForms@treasury.gov.

In this template, the State or U.S. Territory will populate the spreadsheet for units of general local government within Non-UGLG counties that are eligible to receive a disbursement under Section 603(b)(3)(B)(ii) of the Social Security Act, as added by the American Rescue Plan Act of 2021.

States and U.S. Territories are asked to provide updates to Treasury every month after submitting the Interim Report. Optional fields denoted by (*). A valid UEI is always required for units of general local government within the Non-UGLG that request payment from the State or U.S. Territory. The table below notes the fields that are required if 1) units of local governments within the Non-UGLG requested funding or 2) units of government within a Non-UGLG declined funding or were unresponsive.

1. Download the [Non-UGLG: Distribution](#) form from [Treasury's website](#).
2. Fill the downloaded template with information specific to distributions to Non-UGLGs, as follows. Refer to Appendix A for additional information related to the templates. "Column" below refers to the applicable area in the template.

Appendix A – Template Overview

a) Purpose

The following segment provides overview on the template process. There are five (5) unique templates as outlined below:

1. NEU Distribution – Eligible NEUs
2. NEU Distribution – Ineligible
3. NEU Distribution – Transactions
4. Non-UGLG Distribution
5. Non-UGLG Transactions

b) Template Description

Each of the five templates contain instructions on how to populate the respective fields within each file. When adding content to each template, please follow the “Help” text, which will provide what is and isn’t permitted for each cell. All templates have the same structure as described below:

Row 1: Template Version

Row 2: Template Name

Row 3: Instructions: Brief description of the template constraints.

Row 4: Field IDs: Column identifiers

Row 5: Field Label: Brief description of each Field or Column

Row 6: Required or Optional: This field specifies if the field is optional or required. When the column is required, and a recipient does not provide the required data, the system will not accept any record or allow the file to be uploaded.

Row 7: Field Help Text: Provides a description of the column. There are 2 types of fields, 1). an open value either text or numbers and 2). a predefined list of pick list values:

- Open Value: Any text or number. Text for NEU State name or a Number that represents amounts. Most text types are free formats, the only expectation is for Dates, each column that represents a date describes the accepted format. For any number field, it is not required to add “,” to represent thousands or it is not required to add “\$” to represent currency. Only add decimal “.” when needed.
- Pick List: A Predefine list of values that is accepted by the system. When the column is a pick list, row 7 provides the list of options that the system accepts. End users should “copy and paste” the valid value for each record. If the respondent provides a value that is not in the predefined pick list, the system will not accept the file. Responses should not contain double quotes

Row 8: Data that Recipient submits. Row 8 is where recipients insert specific data to submit. The system accepts 1 or many rows.

The following is special guidance for each row or set of rows:

1. Do not change the content of rows 1 to 7.
2. Rows 4 to 7 provide metadata of each data element or column of the information that respondents will provide.
3. Add your data in row 8 column B.

c) CSV Guidance

Refer to the following link for descriptions of the CSV format.

https://en.wikipedia.org/wiki/Comma-separated_values

d) Specific CSV characteristics

- The date format is: MM/DD/YYYY. Example:
 - a. 06/22/2021
- All currency values are numeric. It is not required to add “,” for thousand or millions.
- All currency values should not contain a “\$” sign. The file will be rejected if a “\$” is included in the data entry.

e) Upload Template Description

Each data element and/or column in the templates is described below:

- Index No: Reference number for the data element. For internal use only.
- Defined term: Column Short description.
- Definition: Column long description or definition.
- Column Name: The column header name that must be used in the file.
- Required: Indicates if the column is required or not required.
- List Value: The content of the column is from a list of predefined values. This is valid for some of the columns. The list is provided for all cases. Most of the cases are N/A which means that the type is ether String or Numeric.
- Data type: Specify the data type of the column. The options are: Numeric, Text, Date and Pick List.
- Max Length: Indicates the maximum length in characters that is allowed for each column.
