

OPM GOVT-5

System Name:

Recruiting, Examining, and Placement Records.

System Location(s):

Division for Strategic Human Resources Policy, Office of Personnel Management, 1900 E Street, NW., Washington, DC 20415, OPM regional and area offices; and personnel or other designated offices of Federal agencies that are authorized to make appointments and to act for the Office by delegated authority.

Categories of Individuals Covered by the System:

- a. Persons who have applied to the Office or agencies for Federal employment and current and former Federal employees submitting applications for other positions in the Federal service.
- b. Applicants for Federal employment believed or found to be unsuitable for employment on medical grounds.

Categories of Records in the System:

In general, all records in this system contain identifying information including name, date of birth, social security number, and home address. These records pertain to assembled and unassembled examining procedures and contain information on both competitive examinations and on certain noncompetitive actions, such as determinations of time-in-grade restriction waivers, waiver of qualification requirement determinations, and variations in regulatory requirements in individual cases.

This system includes such records as:

- a. Applications for employment that contain information on work and education, military service, convictions for offenses against the law, military service, and indications of specialized training or receipt of awards or honors. These records may also include copies of correspondence between the applicant and the Office or agency.
- b. Results of written exams and indications of how information in the application was rated. These records also contain information on the ranking of an applicant, his or her placement on a list of eligibles, what certificates applicant's names appeared on, an agency's request for Office approval of the agency's objection to an eligible's qualifications and the Office's decision in the matter, an agency's request for Office approval for the agency to pass over an eligible and the Office's decision in the matter, and an agency's decision to object/pass over an eligible when the agency has authority to make such decisions under agreement with the Office.
- c. Records regarding the Office's final decision on an agency's decision to object/pass over an eligible for suitability or medical reasons or when the objection/pass over decision applies to a compensable preference eligible with 30 percent or more disability. (Does not include a rating of ineligibility for employment because of a confirmed positive test result under Executive Order 12564.)

- d. Responses to and results of approved personality or similar tests administered by the Office or agency.
- e. Records relating to rating appeals filed with the Office or agency.
- f. Registration sheets, control cards, and related documents regarding Federal employees requesting placement assistance in view of pending or realized displacement because of reduction in force, transfer or discontinuance of function, or reorganization.
- g. Records concerning non-competitive action cases referred to the Office for decision. These files include such records as waiver of time-in-grade requirements, decisions on superior qualification appointments, temporary appointments outside a register, and employee status determinations. Authority for making decisions on many of these actions has also been delegated to agencies. The records retained by the Office on such actions and copies of such files retained by the agency submitting the request to the Office, along with records that agencies maintain as a result of the Office's delegations of authorities, are considered part of this system of records.
- h. Records retained to support Schedule A appointments of severely physically handicapped individuals, retained both by the Office and agencies acting under the Office delegated authorities, are part of this system.
- i. Agency applicant supply file systems (when the agency retains applications, resumes, and other related records for hard-to-fill or unique positions, for future consideration), along with any pre-employment vouchers obtained in connection with an agency's processing of an application, are included in this system.
- j. Records derived from the Office-developed or agency-developed assessment center exercises.
- k. Case files related to medical suitability determinations and appeals.
- l. Records related to an applicant's examination for use of illegal drugs under provisions of Executive Order 12564. Such records may be retained by the agency (e.g., evidence of confirmed positive test results) or by a contractor laboratory (e.g., the record of the testing of an applicant, whether negative, or confirmed or unconfirmed positive test result).

Note 1: Only Routine Use 'p' identified for this system of records is applicable to records relating to drug testing under Executive Order 12564. Further, such records shall be disclosed only to a very limited number of officials within the agency, generally only to the agency Medical Review Official (MRO), the administrator of the agency Employee Assistance Program, and any supervisory or management official within the employee's agency having authority to take the adverse personnel action against the employee.

Note 2: OPM does not intend that records created by agencies in connection with the agency's Merit Promotion Plan program be included in the term 'Applicant Supply File' as used within this notice. It is OPM's position that Merit Promotion Plan records are not a system of records within the meaning of the Privacy Act as such records are usually filed by a vacancy announcement number or some other key that is not a unique personnel identifier. Agencies may choose to consider such records as within the meaning of a system of records as used in the Privacy Act, but if they do so, they are solely responsible for implementing Privacy Act requirements, including establishment and notice of a system of records pertaining to such records.

Note 3: To the extent that an agency utilizes an automated medium in connection with maintenance of records in this system, the automated versions of these records are considered covered by this system of records.

Authority for Maintenance of the System:

5 U.S.C. 1302, 3109, 3301, 3302, 3304, 3305, 3306, 3307, 309, 3313, 3317, 3318, 3319, 3326, 4103, 4723, 5532, and 5533, and Executive Order 9397.

Purpose(s):

The records are used in considering individuals who have applied for positions in the Federal service by making determinations of qualifications including medical qualifications, for positions applied for, and to rate and rank applicants applying for the same or similar positions. They are also used to refer candidates to Federal agencies for employment consideration, including appointment, transfer, reinstatement, reassignment, or promotion. Records derived from the Office-developed or agency-developed assessment center exercises may be used to determine training needs of participants. These records may also be used to locate individuals for personnel research.

Routine Uses of Records Maintained in the System, Including Categories of Users and the Purposes of such Uses:

Note 4: With the exception of Routine Use 'p,' none of the Other Routine Uses identified for this system of records are applicable to records relating to drug testing under Executive Order 12564. Further, such records shall be disclosed only to a very limited number of officials within that agency, generally only to the agency Medical Review Officer (MRO), the administrator of the agency's Employee Assistance Program, and the management official empowered to recommend or take adverse action affecting the individual.

Policies and Practice for Storing, Retrieving, Accessing, Retaining, and Disposing of Records in the System:

Storage:

Records are maintained on magnetic tapes, disk, punched cards, microfiche, cards, lists, and forms.

Safeguards:

Records are maintained in a secured area or automated media with access limited to authorized personnel whose duties require access.

Retention and Disposal:

Records in this system are retained for varying lengths of time, ranging from a few months to 5 years, e.g., applicant records that are part of medical determination case files or medical suitability appeal files are retained for 3 years from completion of action on the case. Record Source Categories:

Information in this system of records comes from the individual to whom it applies or is derived from information the individual supplied, reports from medical personnel on physical qualifications, results of examinations that are made known to applicants, agencies, and OPM records, and vouchers supplied by references or other sources that the applicant lists or that are developed.

Exemptions Claimed for the System:

This system contains investigative materials that are used solely to determine the appropriateness of a request for approval of an objection to an eligible's qualifications for Federal civilian employment or vouchers received during the processing of an application. The Privacy Act, at 5 U.S.C. 552a(k)(5), permits an agency to exempt such investigative material from certain provisions of the Act, to the extent that release of the material to the individual whom the information is about would--

- a. Reveal the identity of a source who furnished information to the Government under an express promise (granted on or after September 27, 1975) that the identity of the source would be held in confidence; or
- b. Reveal the identity of a source who, prior to September 27, 1975, furnished information to the Government under an implied promise that the identity of the source would be held in confidence.

This system contains testing and examination materials used solely to determine individual qualifications for appointment or promotion in the Federal service. The Privacy Act, at 5 U.S.C. 552a(k)(6), permits an agency to exempt all such testing or examination material and information from certain provisions of the Act, when disclosure of the material would compromise the objectivity or fairness of the testing or examination process. OPM has claimed exemptions from the requirements of 5 U.S.C. 552a(d), which relate to access to and amendment of records.

The specific material exempted include, but are not limited to, the following

- a. Answer keys.
- b. Assessment center exercises.
- c. Assessment center exercise reports.
- d. Assessor guidance material.
- e. Assessment center observation reports.
- f. Assessment center summary reports.
- g. Other applicant appraisal methods, such as performance tests, work samples and simulations, miniature training and evaluation exercises, structured interviews, and their associated evaluation guides and reports.
- h. Item analyses and similar data that contain test keys and item response data.
- i. Ratings given for validating examinations.
- j. Rating schedules, including crediting plans and scoring formulas for other selection procedures.
- k. Rating sheets.
- l. Test booklets, including the written instructions for their preparation and automated versions of tests and related selection materials and their complete documentation.
- m. Test item files.
- n. Test answer sheets.
