

PIN CODE REQUEST

INSTRUCTIONS: Some physical access control systems (PACS) require the use of a 4-digit PIN code for access to specifically identified areas within BPA. These areas include, but are not limited to: the Dittmer building, Dittmer Control Center, NERC CIP field sites, and other sensitive areas. BPA employees who have access permissions for these areas, or who would like general access to the Dittmer building, need to establish a single PIN which will be associated with each access card held by the employee.

This form is to be used only by employees who do not have BPA network access, or who have a limited ability for accessing the network due to their position/duties. This form is to be completed, emailed to: Employee Badging at BPABadging@bpa.gov or printed and mailed in a sealed blue envelope to: Employee Badging – NNP-B1.

Employees who have routine network access need to complete the PIN selection process through the agency's automated PIN web application at <https://accesscardpin.bud.bpa.gov/>.

A. PIN RETRIEVAL

If an employee forgets their PIN, they can contact the offices listed below to retrieve it. When asked, the employee will provide the answer to their security question they provide below (Item 6) to validate their identity.

Paperwork Reduction Act Burden Disclosure Statement

This data is being collected to ensure the security and safety of BPA employees, contractors, and facilities. The data you supply will be used by employees/contractors to set a pin code associated with a local site specific only badge or proximity card. Public reporting burden for this collection of information is estimated to average .083 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining that data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to Office of the Chief Information Officer, Enterprise Policy Development & Implementation Office, IM-22, Paperwork Reduction Project (OMB control number 1910-5188), U.S. Department of Energy, 1000 Independence Ave SW, Washington, DC, 20585-1290; and to the Office of Management and Budget (OMB), OIRA, Paperwork Reduction Project (OMB control number 1910-5188), Washington, DC 20503.

Notwithstanding any other provision of the law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with a collection of information subject to the requirements of the Paperwork Reduction Act unless that collection of information displays a currently valid OMB control number.

The Paperwork Reduction Act (PRA) of 1995 requires each Federal agency to seek and obtain approval from the Office of Management and Budget (OMB) before undertaking a collection of information directed to 10 or more persons of the general public, including persons involved in or supporting the operations of Government-owned, contractor-operated facilities.

Submission of this data is required.
