

product suppliers for all required testing, the finished product supplier will still have some recordkeeping burden to create and maintain a finished product certificate. Therefore, although the component part testing rule may reduce the total cost of the testing required by the testing and certification rule, the rule increases the estimated annual recordkeeping burden for those who choose to use component part testing.

Because we do not know how many companies participate in component part testing and supply test reports or certifications to other certifiers in the supply chain, we have no concrete data to estimate the recordkeeping and third party disclosure requirements in the component part rule. Likewise, no clear method exists for estimating the number of finished product certifiers who conduct their own component part testing. In the component part rulemaking, we suggested that the recordkeeping burden for the component part testing rule could amount to 10 percent of the burden estimated for the testing and labeling rule. 76 FR 69546, 69579 (Nov. 8, 2011). Currently, we have no basis to change this estimate.

In addition to recordkeeping, the component part rule requires third party disclosure of test reports and certificates, if any, to a certifier who intends to rely on such documents to issue its own certificate. Without data, allocation of burden estimation between the recordkeeping and third party disclosure requirements is difficult. However, based on our previous analysis, we continue to estimate that creating and maintaining records accounts for approximately 90 percent of the burden, while the third party disclosure burden is much less, perhaps approximately 10 percent. Therefore, if we continue to use the estimate that component part testing will amount to about 10 percent of the burden estimated for the testing rule, then the hour burden of the component part rule is estimated to be about 510,000 hours total annually (10% of 5.1 million hours), allocating 459,000 hours for recordkeeping and 51,000 hours for third party disclosure.

Section 104 Rules: The burden for marking and labeling for each section 104 rule is provided in Table 1. The estimated total number of respondent hours is 13,790.

Electrically Operated Toys and Other Articles Rule: Assuming each of the 40 firms produces 10 new models per year, the estimated annual burden is 200 hours for recordkeeping (40 firms \times .5 hour \times 10 models) and 400 hours for

labeling changes (40 firms \times 1 hour \times 10 models), for a total estimated annual burden of 600 hours.

Baby-Bouncer/Walker-Jumper Rule:

Firms are expected to test, on average, four new models per year. Accordingly, the estimated annual burden is 12 hours on recordkeeping (6 firms \times 1 hour \times 2 models), and 12 hours on labeling (6 firms \times 1 hour \times 2 models), for a total estimated annual burden of 24 hours per year.

Alberta E. Mills,

Secretary, Consumer Product Safety Commission.

CONSUMER PRODUCT SAFETY COMMISSION

[Docket No. CPSC-2012-0026]

Agency Information Collection Activities; Submission for OMB Review; Comment Request; Requirements Pertaining to Third Party Conformity Assessment Bodies

AGENCY: Consumer Product Safety Commission.

ACTION: Notice.

SUMMARY: As required by the Paperwork Reduction Act of 1995, the Consumer Product Safety Commission (CPSC) announces that the Commission has submitted to the Office of Management and Budget (OMB) a request for extension of approval of a collection of information associated with the CPSC's Requirements Pertaining to Third Party Conformity Assessment Bodies (OMB No. 3041-0156). In the **Federal Register** of March 21, 2019, the CPSC published a notice to announce the agency's intention to seek extension of approval of the collection of information. The Commission received no comments. Therefore, by publication of this notice, the Commission announces that CPSC has submitted to the OMB a request for extension of approval of that collection of information, without change.

DATES: Submit written comments on this request for extension of approval of information collection by July 8, 2019.

ADDRESSES: Submit comments about this request by email: OIRA_submission@omb.eop.gov or fax: 202-395-6881. Comments by mail should be sent to the Office of Information and Regulatory Affairs, Attn: OMB Desk Officer for the CPSC, Office of Management and Budget, Room 10235, 725 17th Street NW, Washington, DC 20503. In addition, written comments that are sent to OMB also should be

submitted electronically at <http://www.regulations.gov>, under Docket No. CPSC-2012-0026.

FOR FURTHER INFORMATION CONTACT:

Bretford J. Griffin, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, MD 20814; (301) 504-7037, or by email to: bgriffin@cpsc.gov.

SUPPLEMENTARY INFORMATION: CPSC has submitted the following currently approved collection of information to OMB for extension:

Title: Requirements Pertaining to Third Party Conformity Assessment Bodies.

OMB Number: 3041-0156.

Type of Review: Renewal of collection.

Frequency of Response: On occasion.

Affected Public: Third party conformity assessment bodies seeking acceptance of accreditation or continuing accreditation.

Estimated Burden:

- *New Applications from Third Party Conformity Assessment Bodies.*

- We estimate approximately 40 new applications from independent third party conformity assessment bodies will be submitted per year, taking an estimated 75 minutes to complete the initial application materials, with an estimated burden of 50 hours per year.

- We estimate approximately 3 firewalled third party conformity assessment bodies will apply per year, taking an estimated 8.4 hours to complete the initial application materials, with an estimated burden of 25.2 hours per year.

- We estimate approximately 4 governmental third party conformity assessment bodies will apply per year, taking an estimated 3 hours to complete the initial application materials, with an estimated burden of 12 hours per year.

- *Third party conformity assessment bodies updating information.*

- We estimate that approximately 5 third party conformity assessment bodies will take 15 minutes to update information for only those elements of information that need updating, with an estimated burden of 1.35 hours per year.

- *Third party conformity assessment bodies that subcontracts out tests.*

- We estimate that approximately 27 third party conformity assessment bodies will take 7 minutes to comply with the subcontracting recordkeeping requirement for an estimated 68,769 subcontract test, with an estimated of approximately 8,023 hours per year.

- *Third party conformity assessment bodies that voluntarily withdraw.*

- We estimate approximately 8 third party conformity assessment bodies will

withdraw yearly, taking an estimated 30 minutes to create and submit the required documentation, with an estimated burden of 4 hours per year.

- *Third party conformity assessment bodies that are audited.*

- We estimate that approximately 228 independent third party conformity assessment bodies each year will be audited, taking approximately 4 minutes to resubmit their Form 223 and accreditation certificate, with an estimated burden of 15.2 hours per year.

- We estimate that approximately 18 firewalled third party conformity assessment bodies will spend 226 minutes collecting and preparing the documentation to submit for an audit, with estimated burden of about 68 hours per year.

- We estimate approximately 25 governmental third party conformity assessment bodies will spend 1 hour collecting and preparing the documentation to submit for an audit, with estimated burden of 25 hours per year.

- *Total Annual Burden.*

Adding all of the annual estimated burden hours results in a total of 8,224 hours for third party conformity assessment bodies per year. At \$38.78 per hour, the total cost of the recordkeeping associated with the Requirements Pertaining to Third Party Conformity Assessment Bodies is approximately \$318,927 (8,224 hours × \$38.78 = \$318,927).

General Description of Collection: On March 12, 2013, the Commission issued a rule Pertaining to Third Party Conformity Assessment Bodies (78 FR 15836). The rule established the general requirements concerning third party conformity assessment bodies, such as the requirements and procedures for CPSC acceptance of the accreditation of a third party conformity assessment body, and prescribed adverse actions that may be imposed against CPSC-accepted third party conformity assessment bodies. The rule also amended the audit requirements for third party conformity assessment bodies and amends the Commission's regulation on inspections

BILLING CODE 6355-01-P

CONSUMER PRODUCT SAFETY COMMISSION

[Docket No. CPSC-2012-0056]

Agency Information Collection Activities; Submission for OMB Review; Comment Request—Safety Standard for Omnidirectional Citizens Band Base Station Antennas

AGENCY: Consumer Product Safety Commission.

ACTION: Notice.

SUMMARY: As required by the Paperwork Reduction Act of 1995, the Consumer Product Safety Commission (CPSC) announces a submission to the Office of Management and Budget (OMB), requesting an extension of approval for a collection of information related to the CPSC's Safety Standard for Omnidirectional Citizens Band Base Station Antennas, previously approved under OMB Control No. 3041-0006. On March 14, 2019, CPSC published a notice in the **Federal Register** announcing the agency's intent to seek this extension. CPSC received no comments in response to that notice.

DATES: Written comments on this request for extension of approval of information collection requirements should be submitted by July 8, 2019.

ADDRESSES: Submit comments about this request by email: OIRA_submission@omb.eop.gov or fax: 202-395-6881. Comments by mail should be sent to the Office of Information and Regulatory Affairs, Attn: OMB Desk Officer for the CPSC, Office of Management and Budget, Room 10235, 725 17th Street NW, Washington, DC 20503. In addition, written comments that are sent to OMB also should be submitted electronically at <http://www.regulations.gov>, under Docket No. CPSC-2012-0056.

FOR FURTHER INFORMATION CONTACT: Bretford Griffin, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, MD 20814; (301) 504-7037, or by email to: bgriffin@cpsc.gov.

SUPPLEMENTARY INFORMATION: CPSC seeks to renew the following currently approved collection of information:

Title: Safety Standard for Omnidirectional Citizens Band Base Station Antennas.

OMB Number: 3041-0006.

Type of Review: Renewal of collection.

Frequency of Response: On occasion.

Affected Public: Manufacturers, importers, and private labelers of omnidirectional citizens band base station antennas.

Estimated Number of Respondents: Approximately seven firms supply omnidirectional citizen band base station antennas.

Estimated Time per Response: Based on the information compiled by manufacturers, importers, and private labelers of antennas to test and maintain records for certificates of compliance, we estimate an average of 220 hours per firm for annual testing and recordkeeping.

Total Estimated Annual Burden: 1,540 hours (7 firms × 220 hours).

General Description of Collection: The Safety Standard for Omnidirectional Citizens Band Base Station Antennas (16 CFR part 1204) establishes performance requirements for omnidirectional citizens band base station antennas to reduce unreasonable risks of death and injury that may result if an antenna contacts overhead power lines while being erected or removed from its site. The regulations implementing the standard (16 CFR part 1204, subpart B) require manufacturers, importers, and private labelers of antennas subject to the standard to test the antennas for compliance with the standard and to maintain records of that testing.

CONSUMER PRODUCT SAFETY COMMISSION

[Docket No. CPSC-2012-0058]

Agency Information Collection Activities; Submission for OMB Review; Comment Request—Safety Standard for Walk-Behind Power Lawn Mowers

AGENCY: Consumer Product Safety Commission.

ACTION: Notice.

SUMMARY: As required by the Paperwork Reduction Act of 1995, the Consumer Product Safety Commission (CPSC) announces a submission to the Office of Management and Budget (OMB), requesting an extension of approval for a collection of information related to testing and recordkeeping requirements in the Safety Standard for Walk-Behind Power Lawn Mowers, previously approved under OMB Control No. 3041-0091. On March 14, 2019, CPSC published a notice in the **Federal Register** announcing the agency's intent to seek this extension. CPSC received no comments in response to that notice.
