

## Appendix E: Mentor Interview Protocol Year 2 (Spring 2023)

---

*Background (do not read to participant):*

*Mentor semi-structured phone interviews will take place at the end of year 1 of implementation and at the end of year 2 of implementation. Targeted length for each interview is 45 minutes. This is the script for the interview at the end of year 2. Interviews are intended to be semi-structured and conversational to provide additional insight into E-STAR mentoring. This protocol will be used to guide the conversation, and the suggested probes may be used as necessary, but we do not expect all probes to be asked of all interviewees.*

**Now that E-STAR is in its second and final year, my team is contacting E-STAR mentors to learn about how things have gone in the second year of the program.**

**As we go through this interview, if there are questions to which you do not know the answer, or you wish to not answer, feel free to say you would like to skip the question. Please know that your participation in this interview is voluntary and you may choose to end the interview at any time. As a thank-you for your time today, we will send you a \$20 gift card.**

**After this interview, we will summarize your responses with those provided by other mentors, in a final report for FNS. We will not use names in the report or identify individual respondents.**

**This call should take about 45 minutes.**

**Yes**  
**No**

**Great, thank you for speaking with me, [MENTOR NAME]. Before we begin, do you have any questions about the project in general or what we will be discussing today?**

### Interview questions

## Mentor Interview – Year 2
