## ANNUAL CHINOOK EDR COMPENSATED TRANSFER REPORT

The Chinook Salmon Economic Data Report (EDR) Program provides additional data to assess the effectiveness of the Chinook salmon bycatch management measures implemented under Amendment 91 to the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area. The information collected is a combination of quantitative and qualitative data to conduct descriptive and quantitative analysis and comparisons of the annual and seasonal changes in the pollock fleet under Amendment 91.

An owner or leaseholder of an American Fisheries Act (AFA) permitted vessel and the representative of any entity that received an allocation of Chinook Prohibited Species Catch (PSC) from NMFS must complete and submit the Certification Page (Part 1) of a PSC Compensated Transfer Report (CTR) each year, for the previous calendar year.

Any person who paid or received money for a transfer of Chinook salmon PSC allocation after January 20 must complete and submit both the Certification Page and Chinook Salmon PSC Allocation Transfer Information (Parts 1 and 2) for the previous calendar year.

This CTR is intended to provide information to fishery managers to evaluate the effectiveness of Chinook salmon bycatch management measures. The CTR collects information on transfers of Chinook salmon PSC allocation to or from another person during each calendar year for which the transferor or transferee paid or received monetary compensation. Compensated transfers are those transfers that include monetary compensation for a part of or the whole value of the transferred Chinook PSC allocation.

Please provide all requested information.

Compensated transfers are those transfers that include monetary compensation for a part of or the whole value of the transferred Chinook PSC allocation:

**NMFS ID:** Identify the other person who paid or received money for each transfer. If the other person was a vessel owner/leaseholder, record the AFA Vessel Permit Number. For other persons, record the NMFS ID. If an AFA Vessel Permit or NMFS ID of entity is unavailable, record the entity name.

**Direction of Transfer:** Using the checkbox, indicate if the Chinook salmon were transferred (sold) to another person by you, or transferred (bought) from another person by you.

**Date of transfer:** Record the date Chinook salmon were transferred to the receiving person. This may not be the date of final settlement on terms of compensation.

**Transfer Type:** Identify the type(s) of association between you and the other entity in the transfer. Use the following codes to identify the type(s) of association (check all that apply):

Association Type	Association between transfer entities description

### **Chinook Salmon PSC Allocation Transferred and Compensation**

**Number of Chinook salmon transferred:** for each transfer, record the number of Chinook salmon transferred.

**Payment amount:** Record the total amount of money in U.S. dollars for each transfer. Report all payment as of the date of submission of this form. This includes all money paid for the transfer regardless of whether other assets, such as pollock quota, are included in the transaction. Do not report any compensation made in any form other than monetary compensation.

**Other assets included:** If the transaction included assets other than Chinook salmon and monetary compensation, indicate this using the checkbox. Other assets could include pollock quota, goods, or services of value. Do not check the box if additional assets included only assets of nominal or no value.
