INSTRUCTIONS

1. The attached form is used to request U.S. Armed Forces aircraft participation at public events in support of community relations programs, flyovers, static displays and requests for an aerial demonstration team (*U.S. Army Golden Knights, U.S. Navy Leap Frogs, U.S. Navy Blue Angels, or U.S. Air Force Thunderbirds*), and *U.S. Marine Corps, Army, Navy and Air Force single-ship demonstration teams*, to perform on or off a military installation worldwide. This form is used by each Military Service to determine eligibility of an event for military aerial support. Once an event has been approved as eligible, it is the event requester's responsibility to contact units and coordinate any possible military unit participation. **The event requester is required to inform all the other requested Military Services once acceptance of any military aviation participation has been confirmed.**

2. Do not use this form to request flyovers for military funeral honors. Information on requesting military funeral honors support may be found at <https://www.militaryonesource.mil/leaders-service-providers/casualty-assistance/military-funeral-honors/>.

3. Uniformed members of the military, DoD civilians or DoD contractor employees must not be the point of contact or event site certifier for non-military hosted events. This form must be completed by the requesting organization who is responsible for conducting the event. The local Flight Standards District Office that has jurisdiction over the event site will complete all appropriate blocks in Section IV. Requests for static displays only do not require FAA coordination. Complete Sections I - III and V - VII, and forward the form to the nearest Flight Standards District Office (FSDO) for completion of Section IV. To locate nearest FSDO, visit FAA's website at http://www.faa.gov/about/office_org/field_offices/fsdo/.

4. The local requesting organization is responsible for the accurate completion of the form and conducting the event. The organization must consult with the event site authority. At no time should a contractor for an event complete this form. The information on this form must be typed or printed in ink, and is used to evaluate the event for compliance with public law and Department of Defense policies, and to determine its eligibility for Armed Forces participation. In all cases, military participation must not interfere with military operations and training programs, and must be at no additional cost to the U.S. Government. Requesters will consult with local military recruiters and provide, at no cost, prime space for recruiting activities in an area or location close to branch related static displays, branch related performance team and/or that allows for 60-90% of event foot traffic to pass by while traveling from entrance to viewing area. Department of Defense is unable to support events for which the request is intended to make a business profit. Events which have an admission charge, or other associated charges, do not necessarily preclude military participation. Military commands cannot participate in events which charge admission unless the military participation is incidental to the event, and not the primary attraction. Incomplete forms, or forms submitted late, cannot be considered and will be returned to the requester's representative.

5. **Flyover** requests will be considered for aviation-oriented events (*i.e., air shows, airport anniversaries or aviation related dedication events*), or for patriotic observances held in conjunction with Armed Forces Day, Memorial Day, Independence Day, POW/MIA Recognition Day, or Veterans Day (*event must be within seven days of the actual holiday date to be considered*). Flyovers are limited to aircraft formations of the providing Military Service policy. Sports events with a military appreciation theme will be considered on a case-by-case basis by the requested Military Service. **Requesters of events other than air shows and open houses are prohibited from scheduling more than one Service to conduct the flyover. Once a military organization confirms flyover support, requester must notify any other Military Service requested so they will not participate in the same event.** The Blue Angels and Thunderbirds generally do not perform flyovers. Requests for flyovers must be received for processing at least 60 days prior to the event for full consideration by the Services. Requests received closer than 30 days will not allow adequate planning for some organizations to support. Complete Sections I-III and V-VII, and forward the form to the nearest Flight Standards District Office (FSDO) for completion of Section IV. The Missing Man Formation is generally reserved for select national military observances that are solemn and commemorative in nature, or for military funeral services as determined by the Military Services' individual policies.

6. Requests for aircraft static displays will only be considered for air shows, airport events, expositions and fairs, and public events which contribute to the public knowledge of Armed Forces equipment and capabilities (*including recruiting and ROTC events*). Complete Sections I-III and V-VII (*Section IV is not applicable when requesting static displays only*). Requests must be made from the requesting organization in accordance with each Military Service's policy in paragraph 10 of these instructions. The requester must satisfy all safety and operational requirements for the requested aircraft. Requests received closer than 60 days (*90 days for Marine Corps support*) will not allow adequate planning for some organizations to support.

7. Civilian-sponsored requests for performances by a flight demonstration team (*Blue Angels and Thunderbirds*) will be considered only for events which are: (1) aviation oriented (*e.g., air shows, airport events, historical aviation events*); (2) planning civilian aviation participation; (3) open to all Military Services for participation, and (4) held during the air show season (*mid-March to mid-November*). A partial reimbursement cost (lodging and meals) per official demonstration (including any performance where admission is charged to view a team) is payable by non-military requesters as indicated in the team support manual. Appearances on a military installation or requested by a military organization will only be approved in support of an official installation "open house" program (*no admission charge/entrance fee*). All event requesters are required to comply with all aspects of the team support manual, as applicable. Requests for the U.S. Navy Blue Angels and Thunderbirds must be received by July 1 of the year that is two years preceding the year of the event. Complete Sections I-III and V-VII, and forward the form to the nearest FAA Flight Standards District Office (FSDO) for completion of

7. (*Continued*) Section IV before submitting to each service individually per the instructions listed in number nine of this page. The schedules will be released in December two years prior to the season. Subsequent to public release of the schedules, teams will be rescheduled if a scheduled event is cancelled, the original requesting organization is changed, or the original event site is changed. Previously validated requests will automatically be reconsidered.

NOTE: Several of the aerial demonstrations (*teams and single-ship*) and other aircraft participating in events, have runway length, arresting gear, and other ground support requirements that must be provided by the event organizer. Refer to Military Service-specific support manuals for details before requesting support. Military Services should provide arresting gear, ground support equipment, and security support (as applicable) to civilian air shows supporting approved DoD jet or single-ship demonstration team performances, static display aircraft, etc. This support ensures the safety and security of the performing military teams. Arresting gear support should be requested and coordinated between the air show point of contact and the major commands that provide mobile arresting gear in accordance with the applicable policies of the Military Department being asked to provide the equipment. Funding the transportation of arresting gear, installation, removal, and ground support equipment will be the responsibility of the air show.

8. Requests for single aircraft demonstrations (*e.g., F-22, F-18, Harrier*) will be considered for events as described in paragraph 7 (1) through (4) above. Army single aircraft demonstrations must be received for processing at least 60 days prior to the event. Air Force single aircraft demonstration requests are due July 1 of the year prior to the event with the schedule announced for the following year in December. Navy single aircraft demonstration requests must be received by July 1 of the year preceding the year of the event. USMC Harrier AV-8B, Osprey MV-22, and Lightning II F-35B demonstration or static display requests must be received by August 26 of the year preceding the year of the event. The Harrier demonstration can only be performed over a prepared hard surface or open water. (*Scheduled Harrier events will receive two aircraft, one for demonstration and one for static display. Fifty gallons of distilled water must be provided for each Harrier demonstration.*) Meals, lodging, and transportation for the aircrews must be provided by the requester. Social media coverage, at a minimum, is expected for all flyovers and static displays. Each Service will provide social media hashtags and handles to be used.

9. Civilian-sponsored requests for the U.S. Army parachute team, the "Golden Knights," are considered for events open to the public such as air shows, sporting events, fairs, and other outdoor events that help connect the public with America's Army and enhance the U.S. Army's marketing and engagement efforts. Appearances on military installations are only approved in support of official "open house" programs. All requesters, military and civilian, must provide vehicles, hotel rooms, and a daily show fee. The show fee must be received 60 days before the event or it will be cancelled. Contact the Golden Knights for the current year's support manual which includes the most up-to-date information on support requirements and current show fee. The Golden Knights' show schedule is released in mid-January approximately 30 days after the International Council of Air Shows (ICAS) convention. After the official schedule is released, the Golden Knights consider additional performances if the event is requested at least 60 days prior to the event and there is a team available. In the event of a cancellation, previously submitted requests are automatically considered. The show requester completes Section I, II, III, V, and VII of this form and forwards the form to the nearest FAA Flight Standards District Office (FSDO) for completion of Section IV. Please send the completed form to the contact listed below.

10. All Air Force requests must be made via the Air Force Aerial Events Website, <https://www.airshows.pa.hq.af.mil>. For Army, Navy or Marine Corps support, requester must complete the DD Form 2535 and follow the submission instructions as noted below. Additional DD Forms 2535 may be obtained through the office(s) listed below, through the nearest military installation public affairs office, or on the Internet at https://www.esd.whs.mil/Directives/forms/dd2500_2999/. **For legibility reasons, event requesters are highly encouraged to fill out applicable information on-line prior to printing form out.**
