

Office of Partnerships Cooperative Agreement Program Report Form

This template is intended to serve as your Office of Partnerships program reporting instrument for this agreement. Please complete each report (Mid-Year Annual) in accordance with the reporting cycle and deadlines for this budget period and as directed by your project manager and NOA. For each subsequent report deadline, add any new information since the last submission in the appropriate section and re-submit this template.

This program report contains multiple sections and tabs by award track to complete. See your Notice of Award (NOA) or contact your program manager to confirm which tracks are applicable to your award.

Save this form early and often using "FFM__[Abbreviated State]_[Abbreviated Agency Name]_[Current Budget Year]_Program Report.xlsx" filename.

Questions regarding this form, contact ORAOPDataHub@fda.hhs.gov; questions regarding the budget contact Program Managers, James.Betz@fda.hhs.gov and Jocelyn.Ramos@fda.hhs.gov.

Upon completion, E-mail your final excel file to your Project Managers and ORAOPDataHub@fda.hhs.gov.

Office of Partnerships Cooperative Agreement Progress Report Form

This progress report is provided for the Food Protection Task Force (FPTF) track of the Flexible Funding Model (FFM) award. See your Notice of Award (NOA) to confirm if the FPTF track is included in your award. If not, contact your program managers to confirm if the FPTF track is included in your award.

If you would like to report progress for other FFM tracks please use the full FFM EOY Progress Report excel workbook (which also includes this page).

Save this form early and often using "FPTF__[Abbreviated State]_[Abbreviated Agency Name]_[Current Budget Year]_Progress Report.xlsx" filename.

Questions regarding this form, contact ORAOPDataHub@fda.hhs.gov; questions regarding the budget contact Program Managers, James.Betz@fda.hhs.gov and Jocelyn.Ramos@fda.hhs.gov.

Upon completion, E-mail your final excel file to your Project Managers and ORAOPDataHub@fda.hhs.gov.

MFRPS Performance Elements

MFRPS Outcome 1	State manufactured food regulatory programs will achieve implementation and maintain conformance with the MFRPS, which is recognized as a critical element to creating a national, fully integrated food safety system.
MFRPS Outcome 1	Annual Report Updates:
MFRPS Outcome 2	Provide the FDA the foundation for pursuing regulatory action based upon the findings of State manufactured food regulatory programs. Recipients will provide the FDA the foundation to improve quality of contracts, coordination of inspections, investigations and enforcement to effectively and efficiently protect public health.
MFRPS Outcome 2	Annual Report Updates:

MFRPS Outcome 3	Develop strategies for achieving implementation and maintaining conformance with the MFRPS that can be replicated or leveraged across state programs to promote national consistency.
MFRPS Outcome 3	Annual Report Updates:
MFRPS Outcome 4	If applicable, provide sample collection for the state laboratory to maintain ISO 17025 accreditation, to support capacity development and product surveillance. In addition, sampling plans will be developed in cooperation with the laboratory to support MFRPS objectives.
MFRPS Outcome 4	Annual Report Updates:
MFRPS Outcome 5	Ensure continuing education training and documentation for the MFRPS Coordinator and applicable staff under manufacturing foods.

<p>MFRPS Outcome 5</p>	<p>Annual Report Updates:</p>
<p>MFRPS Objective 1</p>	<p>Provide an approved exit strategy of sustainability for the MFRPS by the fifth year of funding under a MFRPS cooperative agreement to address sustainability of program accomplishments including commitment of personnel, resources and funding to sustain full conformance with the MFRPS.</p>

Large empty light blue rectangular area for reporting pending issues or concerns.

Annual Report

RRT Development Pending Issues or Concerns, and Proposed S

Year 1 Goals

1.	
1.A.	Hiring and placement of all proposed staff proposed in the application by no later than the end of the year.
1.A.	Annual Progress Updates:

1.B.	Follow the RRT Capacity Building Process and Mentorship Framework.
1.B.	Annual Progress Updates:
1.B.1.	Demonstrate that all major elements of Phase 1 of the RRT Capacity Building Process and Mentorship Framework have been completed and begin work on Phase 2. In particular (regarding RRT structure/collaboration), the RRT must demonstrate that there is a representative from the state epidemiologist's office/program participating and rapidly/proactively sharing foodborne illness outbreak data with the RRT in order to facilitate tracebacks.
1.B.1.	Annual Progress Updates:

1.B.2.	Hold at least quarterly meetings (can be face to face or virtual) of the RRT that include identified RRT member agencies (e.g., senior staff from the FDA District Offices, other state partners, and local partners).
1.B.2.	Annual Progress Updates:
1.B.3.	Hold at least two joint face-to-face meetings (see Phase 1 of the RRT Capacity Building Process and Mentorship Framework) and one joint training among partners involved including state health and agriculture agency representatives, feed program staff, laboratory staff, and epidemiology and surveillance staff, along with appropriate senior FDA District managers/staff.
1.B.3.	Annual Progress Updates:

<p>1.B.4.</p>	<p>Identify and implement information technology (IT) solutions to identified collaboration challenges, where appropriate.</p>
<p>1.B.4.</p>	<p>Annual Report Updates:</p>
<p>1.C.</p>	<p>Actively participate in a web-based introductory meeting organized by the FDA OP in the first quarter.</p>
<p>1.C.</p>	<p>Annual Report Updates:</p>
<p>1.D.</p>	<p>Attend an annual face-to-face meeting of the RRT States and the FDA Headquarters and District Offices, as well as the biennial Integrated Foodborne Outbreak Response Management (InFORM) Conference, which is held in odd number years and the Regional PulseNet/OutbreakNet meetings held in non-InFORM years (a minimum of 2 key personnel for the RRT Annual Meeting and at least 1 person representing the RRT to InFORM and the Regional PulseNet/OutbreakNet meeting).</p>

1.D.	Annual Report Updates:
2.	
2.A.	Complete the Capability Assessment Tool (CAT) and develop an improvement plan based on the results of the assessment.
2.A.	Annual Report Updates:
2.B.	Participate in a workgroup to revise the CAT according to the goals outlined in the 2018-2022 RRT Program 5 Year Plan (as applicable, the workgroup may not be active all years of the cooperative agreement).
2.B.	Annual Report Updates:
3.	
3.A.	None for Year 1.
4.	
4.A.	Start the sustainability planning process and provide updates in progress reports. See Sustainability section in Phase 1 of the RRT Capacity Building Process and Mentorship Framework.

4.A.	Annual Report Updates:
	<p>Annual Requirement: In addition to meeting the yearly goals, Recipients must participate in initiatives supporting the RRT Program including sending at least 2 key RRT personnel to an annual face-to-face meeting (as determined by the FDA/OP), at least 1 person representing the RRT to the biennial Integrated Foodborne Outbreak Response Management (InFORM) Conference (held in odd number years), and the Regional PulseNet/OutbreakNet meetings (held in non-InFORM years), as well as participating in FoodSHIELD workgroups, participating in RRT monthly conference calls, sharing best practices, and other RRT Program activities identified by the OP.</p>
	Annual Report Updates:

Year 2 Goals

1	
---	--

1.A.	Follow the RRT Capacity Building Process and Mentorship Framework.
1.A.	Annual Report Updates:
1.A.1.	Demonstrate that all major elements of Phase 2 of the RRT Capacity Building Process and Mentorship Framework have been started (with an emphasis on establishing a written framework).
1.A.1.	Annual Report Updates:
1.A.1.a.	Maintenance of RRT member agency relationships via routine meetings.

1.A.1.a.	Annual Report Updates:
1.A.1.b.	Incorporation of all RRT member agencies (including non-funded agencies) in the RRT Training Plan.
1.A.1.b.	Annual Report Updates:
1.A.1.c.	Progress in two or more of the following areas of focus for the RRT Training Plan (see Phase 2, RRT Capacity Building Process & Mentorship Framework, Establish a Training Plan): proficiency development, use of a train-the-trainer approach, cross-training (cross-disciplinary and cross-agency), and tracking progress/ensuring continuing education.
1.A.1.c.	Annual Report Updates:

1.A.2.	Demonstrate improvement of core capabilities in areas of need, as identified in the assessment conducted in year one.
1.A.2.	Annual Report Updates:
1.B.	Attend an annual face-to-face meeting of the RRT States and the FDA Headquarters and District Offices, as well as the biennial Integrated Foodborne Outbreak Response Management (InFORM) Conference, which is held in odd number years and the Regional PulseNet/OutbreakNet meetings held in non-InFORM years (a minimum of 2 key personnel for the RRT Annual Meeting and at least 1 person representing the RRT to InFORM and the Regional PulseNet/OutbreakNet meeting).
1.B.	Annual Report Updates:
1.C.	Conduct at least one presentation (oral or poster) about the development the RRT or documenting a specific RRT investigation at a regional or national meeting.
1.C.	Annual Report Updates:
2	
2.A.	Complete the CAT and develop an improvement plan based on the results of the assessment.

2.A.	Annual Report Updates:
2.B.	Participate in a workgroup to revise the CAT according to the goals outlined in the 2018-2022 RRT Program 5 Year Plan (as applicable, the workgroup may not be active all years of the cooperative agreement).
2.B.	Annual Report Updates:
3	
3.A.	<p>Complete after action reviews and summary reports in a timely way for exercises and responses to significant real incidents. Documentation will be made available to other RRTs through the secure RRT Program Workgroup in FoodSHIELD. Key issues/items for improvement related to team performance are incorporated into an improvement plan or into future trainings, as applicable. After action reviews/reports should include a calculation and assessment of the time intervals between key response activities to identify opportunities for improvement (most importantly, assessing the interval between the FDA and state food/feed regulatory program notification and implementation of effective control measures; but ideally inclusive of lab and epi activities as well, where applicable). Use of the baseline response data in the RRT Manual Metrics Chapter (2013 Edition) and CIFOR Guidelines (2nd Edition) Performance Indicators are recommended.</p>

3.A.	Annual Report Updates:
3.B.	Complete summary reports of significant RRT investigations, successful prevention efforts, or other RRT actions taken to protect public health to be posted on a Food Protection Task Force webpage, a state agency webpage or other public webpage and notify RRT Program Coordinators to allow cross-linking from the FDA RRT webpage. If the Recipient's attempts to post these reports to a public webpage are fruitless, we will accept posting to the RRT Program Workgroup in FoodSHIELD (please provide a justification in your progress report).
3.B.	Annual Report Updates:

3.C.	Demonstrate continued improvement in the RRT's capability to perform tracebacks and successful use of at least one other improved capability (as per goal 2.A.) during an exercise or incident.
3.C.	Annual Report Updates:
3.D.	Conduct at least one planned, joint exercise that includes federal and state partners. The exercise must include ICS elements.
3.D.	Annual Report Updates:
4	
4.A.	Undertake efforts to establish contingency plans for or increase the sustainability of current resources solely funded under this grant (especially data management systems and personnel). High priority efforts include: transitioning solely grant funded personnel to partial state funds; transitioning O&M costs for IT systems and other technologies to state funds. Ideally, by the end of the project period, the RRT budget should demonstrate that support for RRT operations/maintenance is diversified (split across state and grant funds) and reflective/proportional to the typical volume of response work encountered by the RRT, and that RRT grant funds are being used to support collaborative, high-impact, national level efforts for improving or increasing national capacity to respond to all hazards food/feed emergencies.

4.A.	Annual Report Updates:
	<p>Annual Requirement: In addition to meeting the yearly goals, Recipients must participate in initiatives supporting the RRT Program including sending at least 2 key RRT personnel to an annual face-to-face meeting (as determined by the FDA/OP), at least 1 person representing the RRT to the biennial Integrated Foodborne Outbreak Response Management (InFORM) Conference (held in odd number years), and the Regional PulseNet/OutbreakNet meetings (held in non-InFORM years), as well as participating in FoodSHIELD workgroups, participating in RRT monthly conference calls, sharing best practices, and other RRT Program activities identified by the OP.</p>

	Annual Report Updates:
--	------------------------

Mid-Year and Annual Reports

Year 3 Goals

1.	
1.A.	Follow the RRT Capacity Building Process and Mentorship Framework.

1.A.	Annual Report Updates:
1.A.1.	Demonstrate continued progress (beyond that demonstrated in year 2 of the award) towards developing RRT capacity/capabilities that meet the requirements and are consistent with the recommendations of Phase 2 of the RRT Capacity Building & Mentorship Program.
1.A.1.	Annual Report Updates:

<p>1.A.1.a.</p>	<p>Develop Written SOPs: Please prioritize development of Communications, Traceback, Joint Inspections/Investigations, Environmental Sampling, Recall and AAR SOPs. <i>Note: A single procedure may address multiple RRT capabilities, or the RRT may establish stand-alone procedures for each capability. When multiple RRT member agencies/partners share responsibility for a capability, the RRT should pursue either a joint plan/procedure or be able to demonstrate harmonization/coordination of plans/procedures housed individually by applicable RRT member agencies/partners.</i></p>
<p>1.A.1.a.</p>	<p>Annual Report Updates:</p>
<p>1.A.1.b.</p>	<p>Establish a Training Plan: Demonstrate incorporation of all RRT member agencies (including non-funded agencies) in the RRT Training Plan. Also, demonstrate progress in two or more of the following areas of focus: proficiency development, use of a train-the-trainer approach, cross-training (cross-disciplinary and cross-agency), and tracking progress/ensuring continuing education</p>
<p>1.A.1.b.</p>	<p>Annual Report Updates:</p>

1.A.1.c.	Create a Standardized Response Structure: Identify ICS Structure(s) (including Unified Command and trigger points for activation/response [note that this information will likely roll into a Communications SOP or equivalent]), Formalize Inter-Agency Relationships as needed.
1.A.1.c.	Annual Report Updates:
1.A.2.	Demonstrate improvement of core capabilities in areas of need, as identified in the assessment conducted in year two.
1.A.2.	Annual Report Updates:
1.B.	Attend an annual face-to-face meeting of the RRT States and the FDA Headquarters and District Offices, as well as the biennial Integrated Foodborne Outbreak Response Management (InFORM) Conference, which is held in odd number years and the Regional PulseNet/OutbreakNet meetings held in non-InFORM years (a minimum of 2 key personnel for the RRT Annual Meeting and at least 1 person representing the RRT to InFORM and the Regional PulseNet/OutbreakNet meeting).

1.B.	Annual Report Updates:
1.C.	Conduct at least one presentation (oral or poster) about the development the RRT or documenting a specific RRT investigation at a regional or national meeting.
1.C.	Annual Report Updates:
2.	
2.A.	Complete the CAT and develop an improvement plan based on the results of the assessment.
2.A.	Annual Report Updates:
2.B.	Participate in a workgroup to revise the CAT according to the goals outlined in the 2018-2022 RRT Program 5 Year Plan (as applicable, the workgroup may not be active all years of the cooperative agreement).
2.B.	Annual Report Updates:
3.	

3.A.	<p>Complete after action reviews and summary reports in a timely way for exercises and responses to significant real incidents. Documentation will be made available to other RRTs through the secure RRT Program Workgroup in FoodSHIELD. Key issues/items for improvement related to team performance are incorporated into an improvement plan or into future trainings, as applicable. After action reviews/reports should include a calculation and assessment of the time intervals between key response activities to identify opportunities for improvement (most importantly, assessing the interval between the FDA and state food/feed regulatory program notification and implementation of effective control measures; but ideally inclusive of lab and epi activities as well, where applicable). Use of the baseline response data in the RRT Manual Metrics Chapter (2013 Edition) and CIFOR Guidelines (2nd Edition) Performance Indicators are recommended.</p>
3.A.	Annual Report Updates:

3.B.	Complete summary reports of significant RRT investigations, successful prevention efforts, or other RRT actions taken to protect public health to be posted on a Food Protection Task Force webpage, a state agency webpage or other public webpage and notify RRT Program Coordinators to allow cross-linking from the FDA RRT webpage. If the Recipient's attempts to post these reports to a public webpage are fruitless, we will accept posting to the RRT Program Workgroup in FoodSHIELD (please provide a justification in your progress report).
3.B.	Annual Report Updates:
3.C.	Demonstrate continued improvement in the RRT's capability to perform tracebacks and successful use of at least one other improved capability (as per goal 2.A.) during an exercise or incident.
3.C.	Annual Report Updates:
3.D.	Conduct at least one planned, joint exercise that includes federal and state partners. The exercise must include a RRT activation scenario.

3.D.	Annual Report Updates:
4.	
4.A.	<p>Undertake efforts to establish contingency plans for or increase the sustainability of current resources solely funded under this grant (especially data management systems and personnel). High priority efforts include: transitioning solely grant funded personnel to partial state funds; transitioning O&M costs for IT systems and other technologies to state funds. Ideally, by the end of the project period, the RRT budget should demonstrate that support for RRT operations/maintenance is diversified (split across state and grant funds) and reflective/proportional to the typical volume of response work encountered by the RRT, and that RRT grant funds are being used to support collaborative, high-impact, national level efforts for improving or increasing national capacity to respond to all hazards food/feed emergencies.</p>
4.A.	Annual Report Updates:

	<p>Annual Requirement: In addition to meeting the yearly goals, Recipients must participate in initiatives supporting the RRT Program including sending at least 2 key RRT personnel to an annual face-to-face meeting (as determined by the FDA/OP), at least 1 person representing the RRT to the biennial Integrated Foodborne Outbreak Response Management (InFORM) Conference (held in odd number years), and the Regional PulseNet/OutbreakNet meetings (held in non-InFORM years), as well as participating in FoodSHIELD workgroups, participating in RRT monthly conference calls, sharing best practices, and other RRT Program activities identified by the OP.</p>

Annual Report

RRT Maintenance Pending Issues or Concerns and Proposed Solutions

[Replace bracketed text with your response]

Mid-Year and Annual Report

RRT Maintenance Goals	
1.	
1.A.	Operate within Phase 3 of the RRT Capacity Building Process & Mentorship Framework. Please describe activities/special projects undertaken by the RRT to support meeting the key areas of Phase 3. Several other annual goals address key areas of Phase 3, as such, please scope your activities under this goal to the following key areas of Phase 3.
1.A.	Annual Report Updates:

1.A.1.	<p>Maintain a Written Framework: Describe updates to existing SOPs/creation of new SOPs, efforts to coordinate SOPs among RRT member agencies/partners, efforts to pursue and complete necessary documents, SOPs and agreements to support Unified Command, efforts to update/create an operational RRT Data Management System (e.g., FoodSHIELD) for use by all RRT member agencies, as needed/appropriate. There will be at least an annual review/update of most SOPs (see the RRT Capability Assessment Tool (CAT), Metrics/Demonstrated Preparedness, 6.a.-6.h.).</p>
1.A.1.	<p>Annual Report Updates:</p>
1.A.2.	<p>Execute the Training Plan: Describe efforts to provide/procure training opportunities for the RRT according to the RRT training plan, particularly trainings where attendance (or the course itself) was funded using RRT grant funds. There will be at least an annual review of the RRT training plan, (see the RRT CAT, Metrics/Demonstrated Preparedness, 7-8).</p>
1.A.2.	<p>Annual Report Updates:</p>

1.A.3.	<p>Maintain and Coordinate the Team: Demonstrate routine engagement of core RRT member agencies/partners (state food regulatory program, the FDA District Office, state feed regulatory program, epi and laboratory) and auxiliary RRT member agencies/partners. These may be routine teleconferences of the core RRT team, RRT steering committee or equivalent, as well as scheduled face to face meetings with all RRT members (and may include training components). (See RRT CAT, RRT Characterization Data, 15-16 and 'Agencies/Partners that are part of your RRT').</p>
1.A.3.	<p>Annual Report Updates:</p>
1.A.4.	<p>Equip the team: Describe efforts to procure the equipment and supplies necessary to support the RRT during investigations, or efforts to identify/procure/evaluate new equipment to determine if it has a positive impact on RRT performance. There will be at least an annual evaluation of key response equipment/supplies (see the RRT CAT, Metrics/Demonstrated Preparedness, 9).</p>

1.A.4.	Annual Report Updates:
1.A.5.	<p>RRT Exercises: The state food regulatory program (RRT Recipient) and relevant RRT member agencies/partners (at a minimum the FDA District Office) complete at least one exercise or response to a real time event to test/implement RRT procedures under ICS/Unified Command System (UCS) (including use of Incident Action Plans) every grant year (see the RRT CAT, Metrics/Effective RRT Responses, 10). Additionally, at least one exercise must be conducted during this award (5 project period) involving an intentional food or feed contamination incident, involving relevant RRT member agencies/partners and other stakeholders as appropriate (e.g., emergency managers, law enforcement, etc.).</p>
1.A.5.	Annual Report Updates:

<p>1.A.6.</p>	<p>RRT Improvement plan: Provide examples of accomplishment of past RRT CAT Improvement Plan (goal 1.C) and RRT exercise/response/activation AAR/Improvement plan (goal 1.B) items. Note that the RRT may want to maintain a single improvement plan, inclusive of AAR and CAT improvement items; RRT improvement plan items may also be integrated with a MFRPS improvement plan, if desired by the RRT.</p>
<p>1.A.6.</p>	<p>Annual Report Updates:</p>
<p>1.B.</p>	<p>Conduct an after action review and complete subsequent documentation requirements for all RRT exercises, responses and activations as per RRT SOPs (i.e. creation of incident/event summary and documentation of recommendations/tracking of follow up action [Improvement Plan]) and share a copy of the after action report (AAR) and improvement plan in the secure RRT Program Workgroup in FoodSHIELD or the AAR Module (under development as of Jan2017).</p>
<p>1.B.</p>	<p>Annual Report Updates:</p>

1.B.1.	Key issues/items identified during after action reviews related to team performance should be incorporated into an improvement plan or into future trainings, as applicable (see RRT CAT, Metrics/Process Improvement, 13).
1.B.1.	Annual Report Updates:
1.B.2.	After action reviews/reports should include a calculation and assessment of the time intervals between key response activities to identify opportunities for improvement (most importantly, assessing the interval between the FDA and state food/feed regulatory program notification and implementation of effective control measures; but ideally inclusive of lab and epi activities as well, where applicable). Note: An annual exercise is required in the absence of a RRT activation during a given grant year (see goal 1.A, above).
1.B.2.	Annual Report Updates:
1.C.	Complete/submit the CAT via FoodSHIELD; and 2) develop/submit an improvement plan based on the results of the assessment.
1.C.	Annual Report Updates:

1.D.	Participate in a workgroup to revise the CAT according to the goals outlined in the 2018-2022 RRT Program 5 Year Plan (as applicable; the workgroup may not be active all years of the cooperative agreement).
1.D.	Annual Report Updates:
1.E.	Submit a Sustainability Assessment, which describes the following: 1) Resources critical to RRT operations and program maintenance, 2) Current funding source for each resource (state, federal, etc.), 3) Approximate dollar value of each resource, 4) Contingency plans and impact on each resource should federal RRT funds cease. Ideally, the RRT budget should demonstrate that support for RRT operations/maintenance is diversified (split across state and grant funds), and in particular, key RRT personnel salaries should be on partial state funds and O&M costs for IT systems and other technologies should be on state, not federal, funds.
1.E.	Annual Report Updates:

2.	
2.A.	Mentor a voluntary RRT (must be assigned by the FDA Office of Partnerships (OP)) in RRT development as per the RRT Capacity Building Process and Mentorship Framework.
2.A.	Annual Report Updates:
2.B.	Develop and execute an inter-RRT project/collaboration, aimed at any RRT-related topic of mutual interest. Examples include: Regional RRT meetings, District-wide RRT collaboration, multi-RRT AARs/improvement plans, identifying and proposing solutions to regional/national needs/gaps (surveillance, response or prevention, training, exercise, data sharing), and working with relevant partners to propose outreach, education, legislative and other activities to prevent incident/contamination recurrence.
2.B.	Annual Report Updates:

2.C.	<p>Develop and execute a specific project aimed at enhancing/improving collaboration with local health departments during RRT responses and activations, or with another RRT partner that has historically not been involved in your RRT (e.g., FSIS, a new food/feed commodity area, law enforcement, emergency management, which partners meet this criterion will largely depend on how your RRT is structured). Suggested activities include: joint trainings, outreach meetings, joint exercises, increased information sharing, promoting long term food/feed single signature 20.88s, and improving communication/collaboration structures and processes for inclusion in RRT SOPs.</p>
2.C.	Annual Report Updates:
2.D.	<p>Develop and execute a training-related project, such as [Replace the examples below 2.D.1.-2.D.4. with your program's activities as applicable].</p>
2.D.	Annual Report Updates:

2.D.1.	Developing/hosting/sponsoring trainings, such as a seminar series, webinar or classroom-based trainings (especially those to address just in time training needs, commodity specific or high risk product investigations). Collaborations with academic institutions to develop/host courses are encouraged.
2.D.1.	Annual Report Updates:
2.D.2.	Hosting a training for your own RRT and opening it up to other RRTs (encouraged courses are: ER220, ICS305 and other food/feed specific ICS courses).
2.D.2.	Annual Report Updates:
2.D.3.	Utilizing a train-the-trainer approach to bring training to under-reached groups (e.g., aseptic sampling, tracebacks, environmental sampling, etc.). This includes hosting your own train-the-trainer course, or holding a series of trainings after attending a formal train-the-trainer course.
2.D.3.	Annual Report Updates:

2.D.4.	Providing trainings (as described above) to non-RRT states by advertising availability of personnel who can travel (especially non-RRT states) and provide training for public health and regulatory partners.
2.D.4.	Annual Report Updates:
2.E.	Participate in individual, multi-state or national initiatives to undertake innovative approaches to response and/or create and provide tools and resources to help others enhance their ability to effectively respond to food/feed contamination incidents. [Replace the examples below 2.E.1.-2.E.4. with your program's activities as applicable].
2.E.	Annual Report Updates:
2.E.1.	Use of emerging/new technology or use of existing technology in a new way, piloting a new process or innovative elements to an existing activity/process. At its conclusion, innovative projects should undergo a cost/benefit analysis, which should include an assessment of its impact on the period of time between agency notification of an incident and implementation of effective control measures.

2.E.1.	Annual Report Updates:
2.E.2.	<p>On-site evaluation of a “high risk” (as identified under MFRPS Standard #3) food, commodity, or specific type of producer, manufacturer or processor (such as LACF/Acidified Foods, and including high-risk animal feed and produce/farms as well), or participation in a special study and assessment to provide additional insights into how food may become contaminated within the farm to fork continuum (non-retail point of service focus). The evaluation/exercise/study should be done in collaboration with the FDA District Office and other relevant RRT member agencies/partners, and RRTs are encouraged to use a HACCP and/or CARVER + Shock approach. Results should be documented in the form of a final report, programmatic paper, and/or technical document to identify specific hazards and critical control points, strengths of the response team efforts, recommendations and needed improvements.</p>

2.E.2.	Annual Report Updates:
2.E.3.	<p>Creation of coordinated district-state surveillance (sampling) assignments for products and contaminants of concern. Assignments should involve coordination of district-state sampling and laboratory testing capacity, and incorporate appropriate measures so as to ensure district and/or state regulatory or compliance action throughout all components of the assignment. Assignments should be targeted (e.g., risk-based; aimed at identifying points of contamination for a product within the farm to fork continuum or to address other strategic needs; and innovative approaches are encouraged). These projects may complement or augment, but not be duplicative of, other cooperative agreement requirements held by the laboratory (e.g., ISO, FERN).</p>

2.E.3.	Annual Report Updates:
2.E.4.	Establishing functional SME resources, accessible remotely and in real-time to provide SME input for specific types of investigations (commodity specific, especially high risk commodities) or investigation activities (e.g., tracebacks and data analysis), and could also serve as a surge capacity resource to others.
2.E.4.	Annual Report Updates:
3.	

3.A.	Address gaps in procedures or training necessary to support conducting environmental assessments (assessments geared at identifying contributing factors and environmental antecedents that led to a food or feed contamination event).
3.A.	Annual Report Updates:
3.B.	Share investigation findings with industry, or work with relevant partners to propose recommendations for industry or other preventive measures based on findings from environmental assessments. Examples include: organizing/hosting workshop or trainings for industry, developing and providing written guidelines/best practices or other resources to industry, publishing articles in trade journals, leveraging state Food Protection Task Force events, and speaking at industry events.

3.B.	Annual Report Updates:
3.C.	Work with RRT member agencies/partners to capture and report environmental assessment data to national reporting systems, such as: the FDA's Farm Investigation Questionnaire for on-farm/produce related microbiological contamination events, and CDC's National Outbreak Reporting System for any human foodborne illness outbreak. Use of the FDA Environmental Assessment Process Overview in conducting environmental assessments is encouraged.
3.C.	Annual Report Updates:
3.D.	Work with RRT member agencies/partners to capture and report environmental assessment data to CDC's National Environmental Assessment Reporting System (NEARS) for outbreaks linked to food service establishments.
3.D.	Annual Report Updates:

3.E.	Collaborate with regulatory partners to suggest and implement prevention-focused improvements in routine inspection and sampling activities based on lessons learned and findings from past environmental assessments and investigations. Examples include: revision of inspection/investigation questionnaires or protocols, implementation of or changes to surveillance sampling schedules, revision of sampling protocols, and changes in risk classification of firm inventory.
3.E.	Annual Report Updates:
4.	
4.A.	Conduct at least two presentations per year (oral or poster) documenting a specific RRT investigation or other activity and share a copy of the presentation within the RRT Program Workgroup in FoodSHIELD. At least one of these two presentations must be at a regional or national meeting (a RRT F2F Meeting presentation cannot count as your regional/national meeting presentation).

4.A.	Annual Report Updates:
4.B.	Present at least once per year on the national RRT monthly teleconference and present a poster at the national RRT face to face meeting to share investigation or project outcomes, as well as emerging or nascent stage lessons learned and best practices with other RRTs.
4.B.	Annual Report Updates:
4.C.	Prepare and post at least one report per year of a significant investigation, successful prevention effort, or other RRT action taken to protect public health on a Food Protection Task Force webpage, a state agency webpage or other public webpage and notify RRT Program Coordinators to allow cross-linking from the FDA RRT webpage. RRT authorship on a peer reviewed journal article is acceptable for this goal.
4.C.	Annual Report Updates:

4.D.	<p>For each revision cycle of the RRT Manual, participate in at least one aspect of RRT Manual revision. Options include: review chapters to verify content or identify content requiring revision (at least 3 chapters), participate in the national review (review at least 3 chapters), and participate in a chapter committee (at least 1 committee). This goal may not be applicable during each year of the cooperative agreement (i.e. RRT Manual revision may span 2 years, only one activity is required, and can occur in either year).</p>
4.D.	<p>Annual Report Updates:</p>
	<p>Annual Requirement: In addition to meeting the yearly goals, Recipients must participate in initiatives supporting the RRT Program including sending at least 2 key RRT personnel to an annual face-to-face meeting (as determined by the FDA/OP), at least 1 person representing the RRT to the biennial Integrated Foodborne Outbreak Response Management (InFORM) Conference (held in odd number years), and the Regional PulseNet/OutbreakNet meetings (held in non-InFORM years), as well as participating in FoodSHIELD workgroups, participating in RRT monthly conference calls, sharing best practices, and other RRT Program activities identified by the OP.</p>

The following page(s) labeled as "Print[Track]" are offered as an option for you to print your report.

You will not be able to edit these pages as they are linked to the cells for your action report on the main page. If you wish to edit any of the information displaying on a print page please do so on the corresponding main page.

AFTER you enter your action report information on the applicable track page, go to the corresponding rows by clicking on the grey row numbers on the left hand side of the excel window and dragging them to the size you want to expand. Double-click to resize highlighted rows to show all text. If all text still does not fit, you can adjust the row by clicking and dragging the bottom of the grey number tab for that row.

Note: If you reach the maximum row height you will need to shorten your response for it to display.

You can convert to pdf using one of two options:

1. File > Save as Adobe PDF > choose option to Fit to Paper Width (see Figure 1) and ensure the sheets you want to print are showing under the Sheets in PDF field > Convert to PDF. Selecting sheets in this workbook that are not labeled for printing on this page is not recommended.

2. File > Print > choose Adobe PDF as printer and leave Settings as Print Active Sheets only (see Figure 1) > choose Fit All Columns on One Page > Print. Printing the entire workbook is not recommended.

Printing or converting to pdf, either, the entire workbook or tabs not labeled for printing, will result in pages that do not display well.

Development, Gen 5 5 Year Narrative

Year 1 Goals

RRT Development/ Documentation/ Collaboration

Hiring and placement of all proposed staff proposed in the application by no later than the end of the year.

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please
Follow the RRT Capacity Building Process and Mentorship Framework.

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please
Demonstrate that all major elements of Phase 1 of the RRT Capacity Building Process and Mentorship Framework have been implemented by your office/program participating and rapidly/proactively sharing foodborne illness outbreak data with the RRT in order to facilitate response.

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please
Hold at least quarterly meetings (can be face to face or virtual) of the RRT that include identified RRT member agencies (e.g. state health departments, local health departments, etc.).

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please
Hold at least two joint face-to-face meetings (see Phase 1 of the RRT Capacity Building Process and Mentorship Framework) with the FDA OP along with appropriate senior FDA District managers/staff.

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please
Identify and implement information technology (IT) solutions to identified collaboration challenges, where appropriate.

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please
Actively participate in a web-based introductory meeting organized by the FDA OP in the first quarter.

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please
Attend an annual face-to-face meeting of the RRT States and the FDA Headquarters and District Offices, as well as the biennial InFORM years (a minimum of 2 key personnel for the RRT Annual Meeting and at least 1 person representing the RRT to InFORM).

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please
RRT Assessment
Complete the Capability Assessment Tool (CAT) and develop an improvement plan based on the results of the assessment.

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please
Participate in a workgroup to revise the CAT according to the goals outlined in the 2018-2022 RRT Program 5 Year Plan (as a minimum, include representatives from all RRT member agencies).

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please
RRT Implementation/Exercise
None for Year 1.

RRT Sustainability

Start the sustainability planning process and provide updates in progress reports. See Sustainability section in Phase 1 of the RRT Program 5 Year Plan.

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please check this box.]

Annual Requirement: In addition to meeting the yearly goals, Recipients must participate in initiatives supporting the RRT Program, the Foodborne Outbreak Response Management (InFORM) Conference (held in odd number years), and the Regional PulseNet/Program activities identified by the OP.

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please check this box.]

Year 2 Goals

RRT Development/ Documentation/ Collaboration

Follow the RRT Capacity Building Process and Mentorship Framework.

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please check this box.]

Demonstrate that all major elements of Phase 2 of the RRT Capacity Building Process and Mentorship Framework have been completed.

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please check this box.]

Maintenance of RRT member agency relationships via routine meetings.

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please check this box.]

Incorporation of all RRT member agencies (including non-funded agencies) in the RRT Training Plan.

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please check this box.]

**Progress in two or more of the following areas of focus for the RRT Training Plan (see Phase 2, RRT Capacity Building Process):
- RRT member agency participation in RRT training
- RRT member agency progress/ensuring continuing education.**

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please check this box.]

Demonstrate improvement of core capabilities in areas of need, as identified in the assessment conducted in year one.

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please check this box.]

Attend an annual face-to-face meeting of the RRT States and the FDA Headquarters and District Offices, as well as the biennial InFORM years (a minimum of 2 key personnel for the RRT Annual Meeting and at least 1 person representing the RRT to InFORM).

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please check this box.]

Conduct at least one presentation (oral or poster) about the development the RRT or documenting a specific RRT investigation.

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please check this box.]

RRT Assessment

Complete the CAT and develop an improvement plan based on the results of the assessment.

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please check this box.]

Participate in a workgroup to revise the CAT according to the goals outlined in the 2018-2022 RRT Program 5 Year Plan (as a minimum, 1 RRT member agency representative).

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please check this box.]

RRT Implementation/Exercise

Complete after action reviews and summary reports in a timely way for exercises and responses to significant real incidents incorporated into an improvement plan or into future trainings, as applicable. After action reviews/reports should include a and state food/feed regulatory program notification and implementation of effective control measures; but ideally inclusive Indicators are recommended.

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please

Complete summary reports of significant RRT investigations, successful prevention efforts, or other RRT actions taken to pro from the FDA RRT webpage. If the Recipient's attempts to post these reports to a public webpage are fruitless, we will accept

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please

Demonstrate continued improvement in the RRT's capability to perform tracebacks and successful use of at least one other

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please

Conduct at least one planned, joint exercise that includes federal and state partners. The exercise must include ICS element

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please

RRT Sustainability

Undertake efforts to establish contingency plans for or increase the sustainability of current resources solely funded under IT systems and other technologies to state funds. Ideally, by the end of the project period, the RRT budget should demonstrate RRT, and that RRT grant funds are being used to support collaborative, high-impact, national level efforts for improving or in

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please

Annual Requirement: In addition to meeting the yearly goals, Recipients must participate in initiatives supporting the RRT P Foodborne Outbreak Response Management (InFORM) Conference (held in odd number years), and the Regional PulseNet/ Program activities identified by the OP.

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please

Year 3 Goals

RRT Development/ Documentation/ Collaboration

Follow the RRT Capacity Building Process and Mentorship Framework.

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please

Develop Written SOPs: Please prioritize development of Communications, Traceback, Joint Inspections/Investigations, Envir multiple RRT member agencies/partners share responsibility for a capability, the RRT should pursue either a joint plan/pro

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please

Establish a Training Plan: Demonstrate incorporation of all RRT member agencies (including non-funded agencies) in the RR and cross-agency), and tracking progress/ensuring continuing education

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please

Create a Standardized Response Structure: Identify ICS Structure(s) (including Unified Command and trigger points for activ

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please

Demonstrate improvement of core capabilities in areas of need, as identified in the assessment conducted in year two.

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please

Attend an annual face-to-face meeting of the RRT States and the FDA Headquarters and District Offices, as well as the biennial InFORM years (a minimum of 2 key personnel for the RRT Annual Meeting and at least 1 person representing the RRT to InFORM)

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please
Conduct at least one presentation (oral or poster) about the development the RRT or documenting a specific RRT investigation

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please
RRT Assessment

Complete the CAT and develop an improvement plan based on the results of the assessment.

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please
Participate in a workgroup to revise the CAT according to the goals outlined in the 2018-2022 RRT Program 5 Year Plan (as a

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please
RRT Implementation/Exercise

Complete after action reviews and summary reports in a timely way for exercises and responses to significant real incidents incorporated into an improvement plan or into future trainings, as applicable. After action reviews/reports should include a and state food/feed regulatory program notification and implementation of effective control measures; but ideally inclusive Indicators are recommended.

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please
Complete summary reports of significant RRT investigations, successful prevention efforts, or other RRT actions taken to pro from the FDA RRT webpage. If the Recipient's attempts to post these reports to a public webpage are fruitless, we will accept

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please
Demonstrate continued improvement in the RRT's capability to perform tracebacks and successful use of at least one other

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please
Conduct at least one planned, joint exercise that includes federal and state partners. The exercise must include a RRT activat

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please
RRT Sustainability

Undertake efforts to establish contingency plans for or increase the sustainability of current resources solely funded under IT systems and other technologies to state funds. Ideally, by the end of the project period, the RRT budget should demonstrate RRT, and that RRT grant funds are being used to support collaborative, high-impact, national level efforts for improving or in

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please
Annual Requirement: In addition to meeting the yearly goals, Recipients must participate in initiatives supporting the RRT In Foodborne Outbreak Response Management (InFORM) Conference (held in odd number years), and the Regional PulseNet/Program activities identified by the OP.

aintenance m Narrative

RRT Maintenance Goals

RRT Maintenance and Continuous Program Improvement (All Sub-Parts Required for all RRTs)

Operate within Phase 3 of the RRT Capacity Building Process & Mentorship Framework. Please describe activities/special projects in the following key areas of Phase 3.

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please

Maintain a Written Framework: Describe updates to existing SOPs/creation of new SOPs, efforts to coordinate SOPs among all RRT member agencies, as needed/appropriate. There will be at least one Data Management System (e.g., FoodSHIELD) for use by all RRT member agencies, as needed/appropriate. There will be at least one

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please

Execute the Training Plan: Describe efforts to provide/procure training opportunities for the RRT according to the RRT training plan (see the RRT CAT, Metrics/Demonstrated Preparedness, 7-8).

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please

Maintain and Coordinate the Team: Demonstrate routine engagement of core RRT member agencies/partners (state food regulatory agency, local health department, core RRT team, RRT steering committee or equivalent, as well as scheduled face to face meetings with all RRT members (annual meeting, etc.))

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please

Equip the team: Describe efforts to procure the equipment and supplies necessary to support the RRT during investigations (see the RRT CAT, Metrics/Demonstrated Preparedness, 9).

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please

RRT Exercises: The state food regulatory program (RRT Recipient) and relevant RRT member agencies/partners (at a minimum, state food regulatory agency, local health department, Incident Action Plans) every grant year (see the RRT CAT, Metrics/Effective RRT Responses, 10). Additionally, at least one exercise should be conducted with key stakeholders as appropriate (e.g., emergency managers, law enforcement, etc.).

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please

RRT Improvement plan: Provide examples of accomplishment of past RRT CAT Improvement Plan (goal 1.C) and RRT exercise Improvement Plan. RRT improvement plan items may also be integrated with a MFRPS improvement plan, if desired by the RRT.

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please

Conduct an after action review and complete subsequent documentation requirements for all RRT exercises, responses and incident action plans. Provide an after action report (AAR) and improvement plan in the secure RRT Program Workgroup in FoodSHIELD or the AAR Module (see the RRT CAT, Metrics/Effective RRT Responses, 10).

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please

Key issues/items identified during after action reviews related to team performance should be incorporated into an improvement plan.

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please

After action reviews/reports should include a calculation and assessment of the time intervals between key response activities and effective control measures; but ideally inclusive of lab and epi activities as well, where applicable). Note: An annual exercise

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please

Complete/submit the CAT via FoodSHIELD; and 2) develop/submit an improvement plan based on the results of the assessment

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please

Participate in a workgroup to revise the CAT according to the goals outlined in the 2018-2022 RRT Program 5 Year Plan (as a

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please

Submit a Sustainability Assessment, which describes the following: 1) Resources critical to RRT operations and program maintenance if RRT funds cease. Ideally, the RRT budget should demonstrate that support for RRT operations/maintenance is diversified (sources not federal, funds).

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please

RRT Innovation, Integration, and National Capacity/Capability Development

(Level 3 RRTs: Must Have 2 Distinct Projects Per Year; Level 2 RRTs: Must Have 1 Project Per Year; Level 1 RRTs: No Requirement). Several national groups, including the Partnership for Food Protection (PFP), the Council to Improve Foodborne Outbreak Response (CIFOR) and CoEs in these areas is encouraged.

Mentor a voluntary RRT (must be assigned by the FDA Office of Partnerships (OP)) in RRT development as per the RRT Capabilities

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please

Develop and execute an inter-RRT project/collaboration, aimed at any RRT-related topic of mutual interest. Examples include joint response or prevention, training, exercise, data sharing), and working with relevant partners to propose outreach, education

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please

Develop and execute a specific project aimed at enhancing/improving collaboration with local health departments during RRT management, which partners meet this criterion will largely depend on how your RRT is structured). Suggested activities include communication/collaboration structures and processes for inclusion in RRT SOPs.

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please

**Develop and execute a training-related project, such as
[Replace the examples below 2.D.1.-2.D.4. with your program's activities as applicable].**

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please

Developing/hosting/sponsoring trainings, such as a seminar series, webinar or classroom-based trainings (especially those that

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please

Hosting a training for your own RRT and opening it up to other RRTs (encouraged courses are: ER220, ICS305 and other food

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please

Utilizing a train-the-trainer approach to bring training to under-reached groups (e.g., aseptic sampling, tracebacks, environ

[If this Performance Element was reported as complete at your Mid-Year Report and no additional updates are needed please

Providing trainings (as described above) to non-RRT states by advertising availability of personnel who can travel (especially

human foodborne illness outbreak. Use of the FDA Environmental Assessment Process Overview in conducting environmen**

Work with RRT member agencies/partners to capture and report environmental assessment data to CDC's National Environ

**Collaborate with regulatory partners to suggest and implement prevention-focused improvements in routine inspection and
or protocols, implementation of or changes to surveillance sampling schedules, revision of sampling protocols, and changes**

**Communicating RRT Impact
(All Sub-Parts Required for all RRTs)**

Conduct at least two presentations per year (oral or poster) documenting a specific RRT investigation or other activity and one presentation cannot count as your regional/national meeting presentation).

Present at least once per year on the national RRT monthly teleconference and present a poster at the national RRT face to face meeting.

Prepare and post at least one report per year of a significant investigation, successful prevention effort, or other RRT action on the FDA RRT webpage. RRT authorship on a peer reviewed journal article is acceptable for this goal.

For each revision cycle of the RRT Manual, participate in at least one aspect of RRT Manual revision. Options include: review (at least 1 committee). This goal may not be applicable during each year of the cooperative agreement (i.e. RRT Manual revision cycle).

Annual Requirement: In addition to meeting the yearly goals, Recipients must participate in initiatives supporting the RRT Program including the Foodborne Outbreak Response Management (InFORM) Conference (held in odd number years), and the Regional PulseNet/Program activities identified by the OP.
