Mobile Exam Center (MEC) Interview and Examination Data Collection Forms 2021-2022

Form Approved OMB No. 0920-0950 Exp. Date XX/XX/20XX

Notice – CDC estimates the average public reporting burden for this collection of information as 2.5 hours per response, including the time for reviewing instructions, searching existing data/information sources, gathering and maintaining the data/information needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Information Collection Review Office, 1600 Clifton Road, MS D-74, Atlanta, GA 30333; ATTN: PRA (0920-0950).

Assurance of Confidentiality – We take your privacy very seriously. All information that relates to or describes identifiable characteristics of individuals, a practice, or an establishment will be used only for statistical purposes. NCHS staff, contractors, and agents will not disclose or release responses in identifiable form without the consent of the individual or establishment in accordance with section 308(d) of the Public Health Service Act (42U.S.C. 242m) and the Confidential Information Protection and Statistical Efficiency Act (Title III of the Foundations for Evidence-Based Policymaking Act of 2018 (Pub. L. No. 115-435, 132 Stat. 5529 § 302)). In accordance with CIPSEA, every NCHS employee, contractor, and agent has taken an oath and is subject to a jail term of up to five years, a fine of up to \$250,000, or both if he or she willfully discloses ANY identifiable information about you.

	INSTRUCTIONS TO SP: Please select one of the following choices.
	Not at all difficult

REPRODUCTIVE HEALTH - RHQ Target Group: Female SPs Ages 12+

RHQ.010_ The next series of questions are about your reproductive history. Help is available for many of the questions.

RHQ.010 How old were you when you had your first menstrual period?

INSTRUCTIONS TO SP:

Please enter an age or enter zero if you have not started your period.

CAPI INSTRUCTION:

SOFT EDIT VALUES: AGE ≤8 YEARS.

ERROR MESSAGE: "You reported 8 years or younger as the age of your first menstrual period. If that is correct, please press the "Next" button to continue. If that is not correct, press the "Back" button, press "Clear," and enter another age."

SOFT EDIT VALUES: AGE ≥ 25 YEARS.

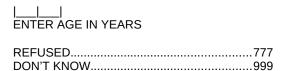

ERROR MESSAGE: "You reported 25 years or older as the age of your first menstrual period. If that is correct, please press the "Next" button to continue. If that is not correct, press the "Back" button, press "Clear," and enter another age."

HARD EDIT VALUES: AGE OF 1ST PERIOD CANNOT BE GREATER THAN CURRENT AGE.

ERROR MESSAGE: "Your response is greater than your recorded age. Please press the "Back" button, press "Clear," and try again."

SOFT EDIT: DISPLAY EDIT WHEN AGE OF SP IS GREATER THAN OR EQUAL TO 20 AND RHO.010 IS CODED '0'.

ERROR MESSAGE: "You reported never starting your menstrual period. If that is correct, please press the "Next" button to continue. If that is not correct, press the "Back" button, press "Clear," and enter another age."

BOX 1

CHECK ITEM RHO.015:

- IF PERIODS HAVEN'T STARTED (CODED '0'), GO TO END OF SECTION.
- OTHERWISE, GO TO RHQ.031.

RHQ.031 Have you had at least one menstrual period in the past 12 months?

INSTRUCTIONS TO SP:

Please select . . .

HELP TEXT: If you have had at least one very light period in the past 12 months because you use hormonal birth control, such as pills, injectables or IUDs, select "Yes."

If you have not had a period in the past 12 months, but you had bleeding due to medical conditions, hormone therapy, or surgeries, select "No"

SOFT EDIT: DISPLAY EDIT WHEN AGE OF SP IS GREATER THAN OR EQUAL TO $60\ \text{AND}$ RHQ.031 IS CODED YES.

ERROR MESSAGE: "If you have not had a period in the past 12 months, but you had bleeding due to medical conditions, hormone therapy, or surgeries, please press the "Back" button and select "No." Otherwise, press the "Next" button to continue."

Yes	1	
No	2	(RHQ.043)
REFUSED	7	(RHQ.060)
DON'T KNOW	9	(RHQ.060)

BOX 1A

CHECK ITEM RHQ.033:

- IF SP < 20 YEARS OLD AND RHQ.031 = 1, GO TO BOX 5.
- IF SP 20+ YEARS OLD AND RHQ.031 = 1, GO TO RHQ.282.
- OTHERWISE, CONTINUE.

RHQ.043 What is the reason that you have not had a period in the past 12 months?

INSTRUCTIONS TO SP:

Please select one of the following choices.

HELP TEXT: Select "some other reason" if you have not had a period in the past 12 months, for reasons including, but not limited to: hormonal birth control use; cancer; a thyroid condition; chemotherapy; excessive exercise; anorexia; low body weight.

SOFT EDIT: DISPLAY EDIT WHEN AGE OF SP IS YOUNGER THAN 45 AND RHQ.043 IS CODED 7 (MENOPAUSE/CHANGE OF LIFE).

ERROR MESSAGE: "You reported that the reason you have not had a period in the past 12 months is because of menopause, meaning your periods have completely stopped. If that is correct, please press the "Next" button to continue. If that is not correct, press the "Back" button, press "Clear," and select a different reason."

Pregnancy		(BOX 5)

SCRIPTS: MRT FOR STANDING BALANCE

Health technician: Wand the participant's bracelet for this exam and say:

Now we are going to check the things that keep you balanced when standing. First, I need to ask you some questions, then I'll explain the test.

(See Page 48: Fall Safety Exclusion and Protocol Questions for MRT; Neck Safety Exclusion Questions for MRT). If responding "YES" to any of Neck Safety Exclusion Question they will be excluded from part 5 of MRT.

Health technician: If participant reports a neck problem during the safety exclusion questions, s/he is excluded from the 5^{th} part of the MRT. The computer skips him/her out of the 5^{th} part of the MRT.

Health technician: If participant is NOT excluded, say:

First I'm going to show you what I want you to try, so please stay seated and watch. You're going to stand like this with your arms crossed and your feet together.

for up to 30 seconds.

(DEMONSTRATE CORRECT STANCE).

You may do this several times in different ways, for example, with your eyes open or your eyes closed.

I will be standing right here in case you lose your balance. I am going to put this safety belt around your waist (SHOW THE BELT) to help me steady you if you get off balance.

The whole test will take several minutes. Do you have any questions?

Health technician: Do not let participant stand in test position while you explain the condition- let them relax. Verify that the computer is ready to start Condition 1. When ready to start, say:

Stand on the stickers facing me. Once we start the test, do not talk. Cross your arms. Put your feet together. Look at the mark on the wall.

Health technician: As soon as the participant is ready for Condition 1 test, start the timer, and say to the participant:

Begin.

Health technician: At the end of the 15 seconds or if the participant is unable to maintain their balance, make sure that the participant is steady, and say:

Stop. You can relax.

If the participant was unable to maintain the stance for 15 seconds, say:

Can we try that again?

If the participant was able to maintain the stance for at least 15 seconds for one of the two trials, move on to Condition 2. Say to the participant:

This time we'll do the same thing, but with your eyes closed.

Health technician: *Make sure that the participant is positioned correctly (as done in the first test).* Verify that the computer is ready to start Condition 2. Then tell the participant:

Ready? Cross your arms. Put your feet together.

When you close your eyes, we'll start.

At the end of the 15 seconds or if the participant is unable to maintain their balance, make sure the participant is steadied and say:

Open your eyes and relax.

If the participant was unable to maintain the stance for 15 seconds, say:

Can we try that again?

If the participant was able to maintain the stance for at least 15 seconds for one of the two trials, move on to Condition 3.

Health technician: *Show the participant the foam pad and say:*

This time you'll be doing the same thing but standing on this foam and looking at the mark on the wall.

Ready? Step up on the foam. Cross your arms. Put your feet together. Look at the mark. Begin.

After 30 seconds or if participant is unable to maintain their balance, verify participant is steady and say: Step down.

If the participant was unable to maintain the stance for 30 seconds, say:

Can we try that again?

Switch to the other foam pad for this trial to allow the first pad to decompress fully.

If the participant was able to maintain the stance for at least 20 seconds for one of the two trials, move on to Condition 4.

Health Technician: Verify that computer is ready to start Condition 4. Tell participant:

Next, you'll do the same thing, but with your eyes closed.

Ready? Step up on the foam. Cross your arms. Put your feet together.

When you close your eyes, we'll start.

At the end of the 30 seconds or if the participant is unable to maintain their balance, make sure the participant is steady and say:

Open your eyes and step down.

If the participant was unable to maintain the stance for 30 seconds, say:

Can we try that again?

If the participant was able to maintain the stance for at least 20 seconds for one of the two trials, move on to Condition 5

Health technician: *Say to the participant:*

For the last test, you'll do the same thing, but this time you'll be moving your head from side-to-side to the this beat. [TURN ON METRONOME] Watch me. [DEMONSTRATE].

Ready? Step up on the foam. Cross your arms. Put your feet together.

Close your eyes When you start turning your head, we'll start.

At the end of the 30 seconds or if the participant is unable to maintain their balance, make sure the participant is steady and say: Stop. Open your eyes and step down.

If the participant was unable to maintain the stance for 30 seconds, say:

Can we try that again?

At the end of the second trial or if the participant is unable to maintain their balance, make sure that the participant is steadied, and say:

We're all done with the balance test. After I remove the belt, please have a seat while I finish recording these results.

Thank you for your hard work!

MEC Questions for Safety Exclusion

Pregnancy exclusion question for entire MRT evaluation:

Women with positive pregnancy tests will not be sent for the MRT.

Regardless, all women will still be asked if they think that they are currently pregnant. This information is generally prefilled from earlier components (namely phlebotomy or DEXA), but if this information is not available, then it will be asked before the MRT

1) Are you currently pregnant? (women 20-59)

Neck Safety Exclusion Questions Condition 5 of MRT:

The health technician will ask these questions to the participant in the MEC once. If eligible for the MRT it will be asked before this exam.

2) Do you have neck pain now?

YES NO

3) Have you ever had surgery on your neck?

YES NO

- 4) Have you ever had a neck problem that lasted more than six weeks?YESNO
- 5) Can you comfortably move your head 30 degrees to the left and right?YESNO *If responding "Yes" to question 1 or 2 or 3 or "No" to questions 4, then exclude from part 5 of MRT.*

Fall Safety Exclusion and Protocol Questions for MRT:

The health technician will ask these questions to the participant the MEC before the MRT as safety exclusion questions. NHANES used these in 2019-2020 for the same purpose.

6) CAN YOU STAND ON YOUR OWN? YES NO Help screen: "On your own" means without assistance from another person; without use of a device, such as a cane, walker, or leg brace; and without relying on support from a wall, furniture, etc.

Those who cannot stand unassisted are excluded from the MRT.

7) DO YOU HAVE ANY AMPUTATIONS OF YOUR LEGS OR FEET, OTHER THAN TOES? YES NO

Those responding "Yes" to this question are excluded from the MRT.

8) ARE YOU CURRENTLY WEARING A LEG BRACE? YES NO Help screen: This question does not include any orthotic device below the waist, such as extra-depth or orthopedic shoes or orthotic inserts in shoes.

Those responding "Yes" to this question are excluded from the MRT.

- 9) Do you have an injury or surgery to your foot, leg, or hip that would hinder you from doing a balance Test while standing? Yes no **Those with a leg brace are excluded from the MRT.**
- 10) HOW MUCH DO YOU WEIGH WITHOUT SHOES OR CLOTHES?* _____ LBS

 IF REFUSE OR DON'T KNOW, THEN ASK: "DO YOU WEIGH LESS THAN 300 POUNDS?" YES NO

 Those >315 lbs.(or state weighting more than 300 lbs.) are excluded from the MRT

 (due to limitations of the foam pad density that they will use when standing.)
- 11) HAVE YOU HAD A PROBLEM **DURING THE LAST 24 HOURS** WITH DIZZINESS,
 LIGHTHEADEDNESS, FEELING AS IF YOU ARE GOING TO PASS OUT OR FAINT?

 NO
- 12) HAVE YOU FALLEN **DURING THE PAST 12 MONTHS** DUE TO A PROBLEM WITH DIZZINESS OR BALANCE? (BY FALLS OR FALLING, WE MEAN UNEXPECTEDLY DROPPING TO THE FLOOR OR GROUND FROM A STANDING, WALKING OR BENDING POSITION.) YES NO

Those saying "Yes" to the last 2 questions combined are excluded from the MRT

13) Are you OK to begin this balance test?"

Those saying "Yes" will have the test administered.

YES NO

Protocol

Participants will stand with their feet together and their arms crossed at their waist, holding their elbows (see Figure 1). The technician will attach a safety belt around the participant's waist. Participants will hold that stance for as long as they can under five separate conditions to a maximum of 15 seconds for condition 1 - 2 and 30 seconds for conditions 3 - 5):

Condition 1: Firm surface (no pad), eyes open

Condition 2: Firm surface (no pad), eyes closed

Condition 3: Compliant surface (foam pad), eyes open

Condition 4: Compliant surface (foam pad), eyes closed

Condition 5: Compliant surface (foam pad), eyes closed,

Figure 1: Stance for modified Romberg test

head moving side to side at 3 Hz

DUAL ENERGY X-RAY ABSORPTIOMETRY (DXA) 8-59 years

Body Composition

Excluded from scan if body weight is over 450 pounds or if yes to one of the following items;

- a. Are you currently pregnant?
- b. Have you had a medical test with contrast material such as dyes or barium in the last 7 days?

Whole Body Tissue Information:

- Total mass (gm)
- Bone mineral content (BMC) (gm)
- Bone area (cm²)
- Bone mineral density (BMD) (gm/cm²)
- Fat mass (gm)
- Lean mass excluding BMC (gm)
- Lean mass including BMC (gm)
- Percent body fat (%)

Pesticide Use

Introduction

I am going to ask you a couple of questions about the use of pesticides and weed killers in your home, yard, and garden.

PESTICIDE USE - PUQ 6+ Years

	6+ Years
PUQ.100	In the past 7 days , were any chemical products used in {your/his/her} home to control fleas, roaches, ants, termites, or other insects?
	CAPI INSTRUCTION: IF SP 8-17 YEARS, DISPLAY THE FOLLOWING INTERVIEWER INSTRUCTION: "THIS ITEM IS COLLECTED VIA PROXY FOR SPS 8-17."
	YES
PUQ.110	In the past 7 days , were any chemical products used in {your/his/her} lawn or garden to kill weeds?
	CODE 'NO' IF THE RESPONDENT SAYS S/HE DOES NOT HAVE A LAWN OR GARDEN.
	CAPI INSTRUCTION: IF SP 8-17 YEARS, DISPLAY THE FOLLOWING INTERVIEWER INSTRUCTION: "THIS ITEM IS COLLECTED VIA PROXY FOR SPS 8-17."
	YES
Venipunc	ture

PRE VENIPUNCTURE QUESTIONS 1+ Years

I am now going to ask you a few questions about your health to determine if you are eligible to have your blood drawn. I will also ask a series of questions to determine the last time you had anything to eat or drink.

SP ID	Tech ID
	stions (Q1 asked if female participant ages 12-59 and younger if participant has reported . Q2 – Q9 are asked of all participants or parent/guardian ages 1+)

Q1. Are you currently pregnant? **Pregnancy Status** Positive Negative Don't know Q2. Do you have hemophilia? Yes (Venipuncture will not be conducted) Refused Don't know Q3. Have you received cancer chemotherapy in the past four weeks? Yes(Venipuncture will not be conducted) No Refused Don't know Q4. When was the last time you ate or drank anything other than plain water? Do not include diet soda or black coffee with artificial sweetener like Sweet'N Low, Nutrasweet, Equal, or Splenda HH:MM (AM PM) MMDDYY Have you had any of the following since [HH:MM (AM PM) MMDDYY {from Q4}] for Q5-Q9 Q5. Coffee or tea with cream or sugar? [Include milk or non-dairy creamers] YES HH:MM (AM PM) MMDDYY NO Q6. Alcohol, such as beer, wine or liquor? YES HH:MM (AM PM) MMDDYY NO Q7. Gum, breath mints, lozenges, or cough drops or other cough or cold remedies? YES HH:MM (AM PM) MMDDYY NO Q8. Antacids. Laxatives or anti-diarrheals? YES HH:MM (AM PM) MMDDYY NO Q9. Dietary supplements such as vitamins and minerals? [Include multivitamins and single nutrient supplements]

Participants Eligible to Have Their Blood Collected:

"I am now going to prepare the supplies needed to draw your blood sample."

<Perform Venipuncture for All Eligible Study Participants> Phlebotomy Talking Points

Safety Exclusion Question – Bleeding Disorders

What is a bleeding disorder?

A bleeding disorder is a health problem that makes it difficult for a person to stop bleeding after an injury, surgery, or a blood draw. Usually, bleeding disorders are passed down from parent to child, but they may be caused by other health problems or certain medicines. Some symptoms include:

- Large bruises from a small injury;
- · Longer than normal bleeding after injury, surgery, childbirth, or dental work;
- Nosebleeds that are difficult to stop (more than 10 minutes) or are frequent;
- Blood in urine or stool;
- Unexplained bleeding in gums;
- Petechiae (pinpoint, round, flat spots that are red, brown, or purple that are a result of bleeding).

What is hemophilia?

Hemophilia is a rare bleeding disorder where the blood does not clot properly. It mostly affects boys and is passed down from parent to child. It can lead to spontaneous bleeding as well as bleeding following injuries or surgery. Hemophilia is likely caused by a lack of or defective clotting protein in the blood. The most common type is Hemophilia A. Hemophilia B, which is rarer, is also called Christmas Disease.

Phlebotomy talking points for participants ages 1-2 years old

- Complete Blood Count (CBC): We will check your child's hemoglobin level which may tell if your child has a low blood count.
- **Iron**: Is an important nutrient that is vital for growth and development. We will do tests that will tell us if your child may have low iron.
- **Folate**: Is an important nutrient for your child's brain development.
- **Lead**: Element found in the environment that may lower iron levels and cause anemia or low blood count, and may also affect brain development at high levels.
- **Mercury**: Exposure to this environmental element is often from eating fish or seafood and high levels may affect (your) child's brain and nervous system.
- Hepatitis B_sAb: A positive test result indicates your child is protected against hepatitis B virus
- CMV (Cytomegalovirus) antibodies: A positive result means your child has had a CMV infection.

Phlebotomy talking points participants ages 3-5 years old

- Complete Blood Count (CBC): We will check your child's hemoglobin level which may tell if your child has a low blood count.
- **Iron:** Is an important nutrient that is vital for growth and development. We will do tests that will tell us if your child may have low iron.

- **Folate:** Is an important nutrient for your child's brain development.
- **Lead:** Element found in the environment that may lower iron levels and cause anemia or low blood count, and may also affect brain development at high levels.
- **Mercury:** Exposure to this environmental element is often from eating fish or seafood and high levels may affect your child's brain and nervous system.
- **Hepatitis B**_S**Ab:** A positive test result indicates your child is protected against hepatitis B virus.
- CMV (Cytomegalovirus) antibodies: A positive result means your child has had a CMV infection.
- **Thyroid panel:** This panel measures the function of your child's thyroid gland, which plays a major role in the metabolism, growth and development of the human body. It also helps to regulate many bodily functions.
- Cotinine: Will determine if your child has been exposed to secondhand smoke or tobacco products.

Phlebotomy talking points participants ages 6-11 years old

- Complete Blood Count (CBC): We will check your child's hemoglobin level which may tell if your child has a low blood count.
- Folate: Is an important nutrient for your infant child's brain development.
- C-Reactive Protein (CRP): High levels of CRP may be a sign of inflammation.
- **Lead:** Element found in the environment that may lower iron levels and cause anemia or low blood count, and may also affect brain development at high levels.
- **Mercury:** Exposure to this environmental element is often from eating fish or seafood and high levels may affect your child's brain and nervous system.
- **Hepatitis profile**: The hepatitis profile is a series of blood tests used to detect current or past infection of hepatitis A, hepatitis B, or hepatitis C.
- **Thyroid panel:** This panel measures the function of your child's thyroid gland, which plays a major role in the metabolism, growth and development of the human body. It also helps to regulate many bodily functions.
- **Lipid profile:** Measures the amount of "good" and "bad" cholesterol and triglycerides, a type of fat, in your blood.
- **Cotinine:** Will determine if your child has been exposed to secondhand smoke or tobacco products.
- **Steroid hormones:** important hormones responsible for reproductive health and development, such as testosterone and estrogen.

- Complete Blood Count (CBC): We will check your child's hemoglobin level which may tell if your child has a low blood count.
- **Iron:** Is an important nutrient that is vital for growth and development. We will do tests called ferritin and transferrin receptor that will tell us if your infant may have low iron.
- **Folate:** Is an important nutrient for your infant child's brain development.
- C-Reactive Protein (CRP): High levels of CRP may be a sign of inflammation.
- **Lead:** Element found in the environment that may lower iron levels and cause anemia or low blood count, and may also affect brain development at high levels.
- **Mercury:** Exposure to this environmental element is often from eating fish or seafood and high levels may affect your child's brain and nervous system.
- **Diabetes Testing:** This measures your fasting glucose and hemoglobin A1c which is a three month average of your glucose.
- **Biochemistry Panel:** Measures liver, heart, kidney functions, as well as lipid metabolism and nutritional health.
- **Hepatitis profile**: The hepatitis profile is a series of blood tests used to detect current or past infection of hepatitis A, hepatitis B, or hepatitis C.
- **Thyroid panel:** This panel measures the function of your child's thyroid gland, which plays a major role in the metabolism, growth and development of the human body. It also helps to regulate many bodily functions.
- **Lipid profile:** Measure the amount of "good" and "bad" cholesterol and triglycerides, a type of fat, in your blood.
- **Cotinine:** Will determine if your child has been exposed to secondhand smoke or tobacco products.
- **Steroid hormones:** important hormones responsible for reproductive health and development, such as testosterone and estrogen.
- Infectious Disease: Herpes Virus testing starting at 14 years, HIV starting at 18 years

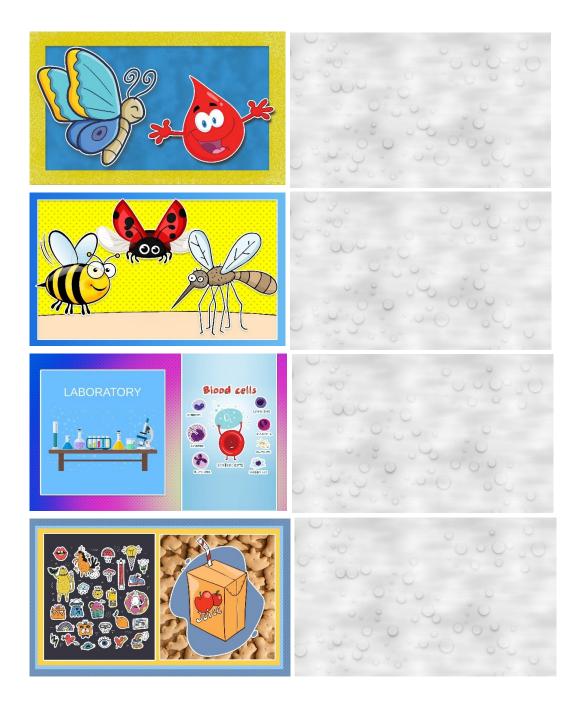

Phlebotomy Distraction Cards

Phlebotomy Photo story

Volatile Organic Compound (VOC)

The VOC section is applicable for only those SPs that are subsampled into VOC. To determine if a particular SP is subsampled into VOC, check the mec_sp_subsample. If the SP in question has a record for subsample 1, they are subsampled for VOC and so should get the VOC section.

Introduction:

"Finally, I have a few questions about potential environmental exposures you have had in the last 48 hours while engaged in routine activities, both in your home and at other locations."

VOLATILE TOXICANT – VTQ 12+ Years

VTQ.210_	First, I would like to ask you a few questions about {your/SP's} home.
VTQ.220	Is the source of water for {your/her/his} home from a private well?
	YES
VTQ.231a	{Do you/Does she/Does he} currently use moth balls, moth crystals or toilet bowl deodorizers inside {your/her/his} home?
	HELP SCREEN SHOULD READ: Some toilet bowl deodorizers clip onto the toilet rim, others, such as deodorant blocks and gels, are placed inside the tank or hang inside the wall of the tank. Brand names include Bully, 2000 Flushes, Vanish, X-14, Ty-D-Bol, Toilet Duck, Clorox, Lime-A-Way, and Sno Bol.
	YES
VTQ.233a	In the last three days, did {you/she/he} inhale smoke from any source for 10 or more minutes?
	HELP SCREEN: Inhaled smoke includes smoke from campfires, fireplaces, marijuana, and tobacco products such as cigarettes, cigars and pipes.
	YES
VTQ.233b	When did {you/she/he} last spend 10 or more minutes inhaling smoke?
	TODAY
VTQ.241_	Now I am going to ask you a few questions about {your/SP's} activities over the last 48 hours . This means today or yesterday.

VTQ.244a	In the last 48 hours, die	d {you/she/he}	pump gas	into a car	or other	motor vehicl	e {yourself/herself/
	himself}?						

YES	1	
NO	2	(VTQ.251a)
REFUSED	7	(VTQ.251a)
DON'T KNOW	9	(VTO.251a)

VTQ.244b G/Q/D/T

How long ago, in hours, did {you/she/he} pump gas into a car or other motor vehicle {yourself/herself/himself}?

CAPI INSTRUCTION:

IF "1" IS ENTERED FOR GATE, ALLOW INTERVIEWER TO ENTER NUMBER OF HOURS WITH A HARD EDIT RANGE OF 1-48.

IF "2" IS ENTERED FOR GATE, ALLOW INTERVIEWER TO ENTER "DATE EVENT OCCURRED" WITH A CALENDAR WHERE DATE CAN BE SELECTED AND "TIME EVENT OCCURRED". CALCULATE "HOURS SINCE EVENT OCCURRED" BASED ON THE CURRENT DATE AND TIME AND DISPLAY RESULT ON SCREEN. THE RESULT OF THE CALCULATION USING THE CALENDAR AND TIME GOES INTO Q. HARD EDIT RANGE IS 1-48.

THE APPLICATION WILL PERFORM THE FOLLOWING CONSISTENCY CHECKS AND ROUNDING RULE:

"DATE EVENT OCCURRED" AND "TIME EVENT OCCURRED" COMBINED MUST BE BEFORE CURRENT DATE AND TIME COMBINED.

WHEN "TIME SINCE EVENT OCCURRED" FALLS EXACTLY ON THE ONE-HALF, ROUND TO THE NEAREST EVEN WHOLE NUMBER.
