Please check all methods that apply. If the method you are using is not shown in the list below, press the "Save and Exit" button at the bottom of this form and click on the "New Method Request" link on the Main Menu.

Please run these samples in the same way as you would routine patient samples. Run in duplicate and, if possible, over a period of two (2) different days. *Record all results in the units specified below with one decimal place.*

If you experience problems analyzing your samples, you may enter one of the following exception codes in place of a numeric result value:

- | | |
|------|---|
| Code | Meaning |
| QNS | Quantity Not Sufficient |
| CLOT | Sample Clotted |
| <X.X | Result is less than X.X, where X.X is your method LOD |
