# **CTRP Trial Registration Participating Site Specification for**

The participating sites template is designed for recording participating site data for interventions.

## **About this Document**

This document provides you with everything you need to upload clinical trial participating site data.

### **Template Instructions**

The Template Instructions worksheet provides detailed instructions for preparing the participating site data.

### **Participating Site Data Specification and Collaborator Data Specification**

The specifications worksheets includes the following information:

- 1 Data elements
- 2 Order in which the data elements *must be* presented
- 3 Data element requirements
- 4 Valid values. The system accepts only those values listed in this document.
- 5 Notes. Additional information that helps you to ensure successful submission.

### **Participating Site and Collaborator Examples**

These worksheets provide examples of a typical participating sites/collaborator data.

# Submit Complete Trial Participating Sites Data to the CTRP Trial Registry

## Steps for Uploading Your Data

- Prepare the trial data file
- Upload the file in the Trial-Related Documents section in the Registration application

## Preparing Trial Data Files

Ensure that your trial conforms to the supported criteria. This template supports the following:

Interventional trials

Complete trials (Data Table 4 Funding Sponsor Category is National, Externally Peer Reviewed, or Institutional)

Processing Statuses for trial updates: Accepted and beyond

Processing Statuses for trial amendments: Abstraction Verified Response or Abstraction Verified No Response

Prepare an Excel spreadsheet (.xls) containing the mandatory and optional data for the trial(s) as specified in the template.

### **You must adhere to the following requirements:**

Enter trial elements required for registration in the order specified in the Participating Site Data Spec tab in this application.

Do not change the spelling of data elements or valid values.

Conform to the valid values guidelines when entering trial data.

Identify each trial uniquely

Participating site information must include the following data elements:

- \* Study participating site data
- \* At least one study site investigator's information
- \* Participating site primary or central contact information. Generic contact information is accepted.
- \* Organization attribute
- \* Current recruitment status
- \* Status date
- \* Target accrual. This is mandatory if the target accrual is for a study at a participating site or if the lead or primary study site investigator's information must include the following data elements:

- \* Study site investigator data with person's attributes

- \* Investigator's role in the study at the site.

For more information, see the [Participating Site Data Spec](#) reference.

Participating site contact information is optional if the contact person is the investigator, or if the central contact person is a sponsor, contractor, or other person and organizations with PO-IDs.

Note: You can request a list of CTRP persons and organizations along with PO-IDs from the CTRO at [ncictrp.org](#). Or, you can use the organization/person lookup features in the CTRP Trial Registration application to search for persons and organizations.

Note: Although you can update Program Codes via the NCI CTRP Registration site, you can not update them via the
