Colleen Mahar-Piersma:
This would be a formula, with the reporting period # of specific-service participants the numerator and the reporting period # of in-person enrollees the denominator

Colleen Mahar-Piersma:
This should be 100% for foundational case management. All others should be calculated based on #4. RADS auto calculates or validation or data check

Remote Engagements	a. Email	b. Telephone	c. Other	d. Total
6. Number of remote engagements with ORR-eligible clients accessing services and/or resources

a. Handout	
b. Poster	
c. Video	
d. Other	

Colleen Mahar-Piersma:
We didn't address this, but one thing that could be done is remove this entire section and simply have the project submit an updated logic model with the report. Needs some more thought.

LOGIC MODEL OUTPUTS & OUTCOMES	
Logic Model Outputs Progress	**Identify progress towards each**

Colleen Mahar-Piersma:
One option is to include the elements of the SF-PPR that DRA wants to retain (challenges, perhaps) here, so that the SF-PPR is no longer used.

Logic Model Outcomes Progress	Identify progress towards each Ou

Colleen Mahar-Piersma:
For instructions - not new enrollments, just people who were still on the rolls from previously or were enrolled during the year.

Colleen Mahar-Piersma:
This should be the same as the number in 4.B.

Colleen Mahar-Piersma:
The group discussed having a few high-likelihood options listed here. I just put this in as examples; Megan/Kelly may find different high-likelihood options from review of work plans.

Colleen Mahar-Piersma:
Note that projects will not be currently tracking this information and can't be expected to have it for Y1 (if it is even included).

Colleen Mahar-Piersma:
A narrative description of progress and action steps taken toward developing and maintaining relationships with partners and stakeholders

Colleen Mahar-Piersma:
Instructions: put an x in the relevant reporting period. We'll need to add rows or allow for them to do so.
