

# ASPA COVID-19 PUBLIC EDUCATION CAMPAIGN

A campaign to increase vaccine acceptance and reinforce basic prevention measures

## CET – Annotated Questionnaire (Wave 70)

Note: The questions below are the proposed questions for the 70<sup>th</sup> wave of the Weekly Current Events Tracker (CET). Questions highlighted in yellow will be asked every week; questions highlighted in blue will be rotated into the survey on a monthly basis; and questions highlighted in green are meant to be asked in this wave only or are being asked again to update data on a variable of interest. We will be fielding questions about chronic conditions, parents' conversations with pediatricians about COVID vaccines, perceptions of reformulated boosters, BA.5 variant concerns, and monkeypox.

For the next section we would like to talk about current events.
