

CET – Annotated Questionnaire (Wave 75)

Note: The questions below are the proposed questions for the 75th wave of the Weekly Current Events Tracker (CET). Questions highlighted in yellow will be asked every week; questions highlighted in blue will be rotated into the survey on a monthly basis; and questions highlighted in green are meant to be asked in this wave only or are being asked again to update data on a variable of interest. We will be fielding questions about updated boosters, CDC guidance, and children's vaccines.

For the next section we would like to talk about current events.
