With regard to transmission, we recommend that the potential lessee(s) review the report entitled "Strategic Options for Investment in Transmission in Support of Offshore Wind Development in Massachusetts," dated January 8, 2010; [http://www.analysisgroup.com/uploadedFiles/Publishing/Articles/Strategic\\_Options\\_Offshore\\_Wind\\_12-01-09.pdf](http://www.analysisgroup.com/uploadedFiles/Publishing/Articles/Strategic_Options_Offshore_Wind_12-01-09.pdf).

It is critical that you submit a complete indication of interest so that BOEMRE may proceed with the commercial wind leasing process offshore Massachusetts in a timely manner. If BOEMRE reviews your indication of interest and determines that it is incomplete, BOEMRE will inform you of this determination in writing. This letter will describe the information that BOEMRE determined to be missing from your indication of interest, and that you must submit in order for BOEMRE to deem your submission complete. You will be given 15 business days from the date of the letter to submit the information that BOEMRE found to be missing from your original submission. If you do not meet this deadline, or if BOEMRE determines this second submittal to be insufficient as well, then BOEMRE retains the right to deem your indication of interest invalid. In that case, BOEMRE would not move forward with your indication of interest submitted in response to this RFI.

#### Protection of Privileged or Confidential Information

BOEMRE will protect privileged or confidential information that you submit as required by the Freedom of Information Act (FOIA). Exemption 4 of FOIA applies to trade secrets and commercial or financial information that you submit that is privileged or confidential. If you wish to protect the confidentiality of such information, clearly mark it and request that BOEMRE treat it as confidential. BOEMRE will not disclose such information, subject to the requirements of FOIA. Please label privileged or confidential information "Contains Confidential Information" and consider submitting such information as a separate attachment.

However, BOEMRE will not treat as confidential any aggregate summaries of such information or comments not containing such information. Additionally, BOEMRE will not treat as confidential (1) the legal title of the

nominating entity (for example, the name of your company), or (2) the list of whole or partial blocks that you are nominating.

*Section 304 of NHPA (16 U.S.C. 470 et seq; 1966, as amended)*

BOEMRE is required, after consultation with the Secretary, to withhold the location, character, or ownership of historic resources if determination is made that the disclosure may, among other concerns, risk harm to the historic resources or impede the use of a traditional religious site by practitioners. ## DEPARTMENT OF THE INTERIOR

### Bureau of Land Management

#### Notice To Amend an Existing System of Records; Privacy Act of 1974; as Amended

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice of amendment to an Existing System of Records.

**SUMMARY:** Pursuant to the provisions of the Privacy Act of 1974, as amended, the Department of the Interior (DOI) is issuing public notice of its intent to amend the Bureau of Land Management's (BLM) Range Management System—Interior, LLM-2 notice. The amendment includes changes to "System location," "Disclosures outside the Department of the Interior," "Storage," "Retrievability,"

“Safeguards,” “Retention and Disposal,” “System Manager(s) and Address,” “Notification Procedures,” “Record Access Procedures,” and “Contesting Record Procedures.” The category “Security Classification” has been added. The amended system of records is captioned “Interior-LLM-2” and is titled “Range Management System.”

**DATES:** Comments must be received by February 7, 2011.

**ADDRESSES:** Any person interested in commenting on this amendment may do so by submitting comments in writing to the BLM Privacy Office, 1849 C Street, NW., 725 LS, Washington, DC 20240; hand delivering comments to the BLM Privacy Office, 1620 L Street, Suite 700, Washington, DC 20036; or e-mailing comments to [privacy@blm.gov](mailto:privacy@blm.gov). Before including your address, telephone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

**FOR FURTHER INFORMATION CONTACT:** Robert Roudabush, Division Chief, Rangeland Resources, Bureau of Land Management, 1849 C Street, NW., Room 201 LS, Washington, DC 20240, phone number 202-912-7222, or e-mail [Rob\\_Roudabush@blm.gov](mailto:Rob_Roudabush@blm.gov).

**SUPPLEMENTARY INFORMATION:** The BLM maintains the Range Management system of records. The purpose of this system is to (1) maintain an orderly record of grazing permittee information, allotment information, historical allotment or grazing permittee information used to manage authorized grazing and grazing related activity on public land; (2) maintain support documentation to manage authorizations; (3) maintain billing and collections information; (4) maintain grazing decisions; (5) maintain correspondence related to grazing authorizations and allotments; (6) document unauthorized use; (7) enable the BLM to effectively administer livestock grazing and associated activities on public lands; and (8) provide information to state, local and tribal governments, and other Federal agencies, businesses, organizations, and individuals to assist in transparency and promote the orderly administration of livestock grazing on public lands.

For the purposes of this document a grazing permittee is an individual or business authorized to graze livestock

on public land, an applicant for an authorization to graze livestock on public land, or a base property owner.

These amendments are in accordance with the recent decision in *Western Watersheds Project v. Bureau of Land Management*, Case No. CV 09-482-CWD, Memorandum Decision and Order (D. Idaho Sept. 13, 2010). In this case, the Court found that any privacy interest grazing permittees have in their names and addresses are minimal and the public interest in disclosing the names and addresses of permittees is substantial. Therefore, the Court held that the disclosure of the names and addresses of permittees would not constitute a clearly unwarranted invasion of personal privacy, and that the Department’s reliance on Exemption 6, under the Freedom of Information Act for withholding this information, was not justified.

The amendments to the Range Management system of records will be effective as proposed at the end of the comment period (the comment period will end 40 days after the publication of this notice in the **Federal Register**), unless comments are received which would require a contrary determination. The DOI will publish a revised notice if changes are made based upon a review of the comments received.

**Annette Cathcart,**  
*Acting BLM Privacy Act Officer.*

#### **INTERIOR/LLM-2**

##### **SYSTEM NAME:**

Range Management System—Interior, LLM-2.

##### **SECURITY CLASSIFICATION:**

Unclassified.

##### **SYSTEM LOCATION:**

Grazing case files in paper medium are maintained and can be accessed at the local field office where the grazing authorization is issued and managed. A grazing authorization consists of a permit, lease, or exchange of use agreement. Paper records can be viewed at the local field office, but are not consolidated by the Bureau of Land Management (BLM) and must be viewed at individual field offices. The Range Management system database called the Rangeland Administration System (RAS) is maintained and can be accessed at the U.S. Department of the Interior, Bureau of Land Management, National Operation Center, Denver Federal Center, Building 50, Denver, Colorado 80225. The records in RAS can also be accessed from the BLM Headquarters Office in Washington, DC

and from all BLM state and field offices, and in all of the BLM public rooms.

##### **CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:**

Records are maintained on individuals and businesses that are authorized to graze livestock on lands administered by the BLM, applicants for grazing authorizations, base property owners, and lien holders that have notified BLM. Only records reflecting personal information of individuals (*i.e.* citizens of the United States or aliens lawfully admitted for permanent residence) are subject to the Privacy Act. This system contains records which are not subject to the Privacy Act.

##### **CATEGORIES OF RECORDS IN THE SYSTEM:**

The paper records may contain the grazing permittee’s name, address, telephone number; BLM assigned case file number and operator number; grazing allotment description; grazing applications; grazing preference summary and history; signed grazing authorization with all terms and conditions (including permits, leases and exchange of use agreements); grazing fee and service charge billing statements; evidence of ownership or control of base property; notice from lien holder with lien holder’s name and address; corporate or partnership documentation; affiliate documentation; notice of authorized representative with authorized representative’s name, address and phone number; livestock control agreements; copies of brand registration; closed unauthorized use case records; Cooperative Range Improvement Agreements; Range Improvement Permits; Assignment of Range Improvements; grazing decisions; correspondence to, or received from, the grazing permittee; and status of National Environmental Policy Act (NEPA) documentation. Information is provided by an applicant, grazing permittee, lien holder, and persons or businesses such as realtors or consultants, representing the grazing permittee. Information is provided either at or to a BLM facility. Some information, such as information related to permit compliance, is collected by BLM personnel. Paper records may contain information (*e.g.*, correspondence, signed authorization) that is not stored in the electronic record.

The electronic record may contain the grazing permittee’s name, address, telephone number; BLM assigned case file number and operator number; grazing allotment description and information; current grazing application; grazing preference summary; terms and conditions of the

current grazing authorization; grazing fee and service charge billing statements; reports regarding compliance with terms and conditions of permits; notice of lien holder; and notice of authorized representative. Information is provided by the grazing permittee, lien holder, and persons or businesses representing the grazing permittee, such as realtors or consultants. Information is provided either at or to a BLM facility. Some information, such as information related to permit compliance, is collected by BLM personnel. Information is entered into the RAS by an authorized BLM employee or contractor. Information that is available on the RAS public Web site is available in the paper records and may be available at the local office on request.

**AUTHORITY FOR MAINTENANCE OF THE SYSTEM:**  
43 U.S.C. 315, *et seq.*

**ROUTINE USE OF THE RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:**

The primary uses of the records are:

- (1) To provide the BLM, the DOI or state, local and tribal governments, and Federal agencies with relevant information about grazing authorizations, including decisions to authorize grazing on public lands, to allow BLM to administer livestock grazing on public rangelands, and to allow other government agencies to manage activities related to BLM's grazing program in accordance with applicable laws and regulations,
- (2) To ensure that grazing permittees and interested members of the public have appropriate opportunity to be informed about the public land grazing program administered by the BLM,
- (3) To print statements of grazing preference, grazing authorizations, billings for grazing fees, and to generate reports, and
- (4) To provide grazing information, including allotment and pasture boundaries, to the public through an external Web site.

The publicly accessible Web site makes a number of reports available to the public. The reports are generated from the information in RAS. The BLM will provide personal and corporate names and addresses of grazing permittees on the publicly accessible Web site. Telephone numbers of individuals with a grazing authorization will not be made available on the publicly accessible Web site. Any personal financial information also will not be made available on the publicly accessible Web site. After the system amendment is published in the **Federal**

**Register**, BLM will notify permittees of a 60 day opportunity to provide an alternate mailing address before providing access to names and addresses of individuals through the RAS public Web site.
