*Abstract:* “Payments in Lieu of Taxes” (PILT) are Federal payments to local governments that help offset losses in property taxes due to non-taxable Federal lands within their boundaries. The original law is Public Law 94–565, dated October 20, 1976. This law was rewritten and amended by Public Law 97–258 on September 13, 1982, and codified at Chapter 69, Title 31 of the United States Code. The law recognizes the financial impact of the inability of local governments to collect property taxes on federally owned land.

The PILT Act requires the Governor of each State to furnish the Department of the Interior with a listing of certain revenue sharing payments disbursed to local governments by the States on behalf of the Federal Government under 12 statutes described in Section 6903 of 31 U.S.C. The Department of the Interior uses the amounts reported by States to calculate PILT payments to units of general local governments. If such listings were not furnished by the Governor of each affected State, the Department would not be able to compute the PILT payments to units of general local government within the States in question.

In fiscal year 2004, administrative authority for the PILT program was transferred from the Bureau of Land

Management to the Office of the Secretary of the Department of the Interior. Applicable DOI regulations pertaining to the PILT program to be administered by the Office of the Secretary were published as a final rule in the **Federal Register** on December 7, 2004 (69 FR 70557). The Office of the Secretary, Office of Budget, is now planning to extend the information collection approval authority in order to enable the Department of the Interior to continue to comply with the PILT Act.
