More Info Section

Q. I want to request more time to get the services delivered and/or installed.

Complete this section if you wish to extend the deadline for service delivery and installation for non-recurring services or to complete Category One special construction and light the new fiber. For most non-recurring services, applicants have three additional months after the end of the funding year (null September 30 deadline if the applicant fails within at least one of four designated circumstances: (1) applicants whose FCDLs are issued by the Administrator on or after March 1 of the funding year for which discounts are authorized; (2) applicants who receive service provider change or service subtitution authorizations from the Administrator on or after March 1 of the funding year for which discounts are authorized; (2) applicants whose receive provider change or service subtitution authorizations from the Administrator on or after March 1 of the funding year for which discounts are authorized; (2) applicants whose receive provider change or service providers are unable to complete implete installation because funding disbursements are delayed while the Administrator investigates their applicants for program compliance. USAC automatically extends the service delayery deadline for enter; (3) or (4). Applicants may request a extension of the September 30 deadline for either (3) or (4). Applicants may request a one-year extension of the June 30 deadline to complete applicants from services if construction is complete, and the fiber is lit, by June 30 of the funding year. Applicants may request a one-year extension of the June 30 deadline to complete applicants the discount charges if construction is complete, and the fiber is lit, by June 30 of the funding year. Applicants may request a one-year extension of the June 30 deadline to complete applicants from the Administrator intersection and light the fiber if they demonstrate that construction is complete, and the fiber is lit, by June 30 of the funding year. Applicants may request a one-year extension of the June 30 deadline to complete applicants from the A

Equipment Transfer Notification

Complete this section if you are transferring equipment from a closed entity to other eligible entities within three years of the date of purchase. Schools and libraries are prohibited from transferring eligible services and the equipment components of eligible services to other schools within three years of their purchase. even without receiving money or other consideration in return, with one exception. If the school or library that orders the eligible services or equipment permanently or temporarily closes, then that school ribrary can transfer any services and equipment components of eligible services to another school or library, and must notify USAC of the transfer. Both the transfer or a period of at least 10 years or whatever retention period is required by the rules in effect at the time of the transfer.

If respondents use the FCC Form 500 to change the service start date, they will be prompted to provide additional information in the below screens in EPC.
