Section A - Case or Control

- 1. Is this a case or control farm? [During the interview, verify the farm name and address printed on the label are correct for this farm.] t101
 - O₁ Case farm [Go to Item 2.]
 - O₃ Control farm [Go to Item 3.]

2.	If t	nis is a case farm,					
	a.	The following is the 14-day reference period for this farm:					
		t102/t102a – mm/dd/yy – mm/dd/yy					
In 1	this	questionnaire, we will ask many questions about a 14-day reference period. The "reference					
pe	riod	" for your farm is the 14 days between [Insert the dates listed in Item 2a above]. This is the					
14	day	s before the detection of HPAI on this farm.					
	b.	How many turkeys were on this farm on the last day of the reference period? t103# turkeys					
	C.	During the 2022 HPAI outbreak, how many of the barns on this farm were confirmed or were					
		suspected to be infected with HPAI?# barns					
[G	o to	Section B.]					
3.	If tl	nis is a control farm,					
	a.	The tentative 14-day reference period for this farm is:					
		1105/t105a – mm/dd/yy – mm/dd/yy					
	b. Did you have turkeys for the entire 14-day period between the dates in Item 3a above? $t106$						
		O ₁ Yes					
		O ₃ No					
If Y	es,	the "14-day reference period" for your farm is [Insert the dates listed in Item 3a above]. We					
		er to this as the "reference period" throughout the questionnaire. [Proceed to Item 3c.]					
If N	Jo k	nelp the producer identify the closest 14-day period to the reference period from Item 3a					
		which they had turkeys on the farm and enter that period into the fields below. This period					
		pe during 2022.					
	Fn	ter the selected 14-day period here: t107 Start datemm/dd/yy					
	L11	(Finish date = start date + 14 days) tio/ Start datemm/dd/yy					
Λ II	auc	estions regarding the "reference period" refer to the 14 days selected above. We will refer to					
		the "reference period" throughout the questionnaire.					
[If	the	farm did not have turkeys during 2022, go to Section L.]					
	C.	How many turkeys were on this farm on the last day of the reference period? t109# turkeys					

Section B – Premises Description

1.	What stage(s) of turkey production is on this farm?		
	a. Broodert201	O ₁ Yes	O ₃ No
	b. Grower	O ₁ Yes	O ₃ No

8.	How many barns are on this farm?	t218	_# barns
	a In the last year, how many of these harns housed hirds?	+210	# harns

For the remainder of the questionnaire, some questions will ask about practices for the entire farm, and other questions will ask about practices for a "selected barn."

INSTRUCTIONS for selecting a barn:

Case farm: Select the first barn on this premises that was confirmed to be HPAI positive. If more than one barn was confirmed to be HPAI positive on the same date, choose one barn. Answer questions for the 14 days prior to the onset of clinical signs or increased mortality (the reference period).

[Section A, Item 2a]

Control farm: Randomly select one barn to be the "**selected barn**." Choose one that had birds during the 14-day reference period [Section A, Item 3]. Use this barn to answer all questions about the "**selected barn**."
