Subject: Review Synopses Questionnaire

Dental Director/Program Manager-

Thank you for submitting ASTDD's 2021 Synopses questionnaire. All of the data has been entered and I am in the process of creating a datafile that will be submitted to CDC for the synopses data portal.

Please take a few minutes to review your submission (attached) and let me know if you would like to make any changes/edits. Please submit your changes/edits before May 15.

NOTE: If a field is coded as -1, that information is missing.

Kathy
