BAA CONSUMER POST-CAMPAIGN SCREENER [ALL]

Consumer Audiences

- Healthy adults who visit urgent care (ages 18-64 for participants who live in TN and IA and ages 19-64 for participants who live in NE)
- Community dwelling older adults, 65+
- Family caregivers (18+ for participants who live in TN and IA and 19+ for participants in live in NE) of nursing home (long-term care) residents

General Instructions for Programmer

- 1. Hide all subheadings of sections and questions from respondents.
- 2. Hide all programmer's instructions from respondents.
- 3. For questions with the "Select all that apply" option, do not allow respondents to select any other option if they select "Prefer not to say," "Do not know/cannot recall," "Not sure," "Nothing," or "None of the above."
- 4. Terminate also means ineligible.
- 5. Terminate all eligible respondents immediately.
- 6. Present the "Ineligibility Message" whenever a response terminates the survey.

Thank you for participating in this survey. The results will help the Centers for Disease Control and Prevention (CDC) refine its ongoing campaign to improve antibiotic use by helping CDC staff understand the public's response to the campaign and its key messages.

Programmer: Include one question per page. Screener should terminate as soon as the respondent selects an option that deems him/her ineligible.

1.	May we ask you some questions to see if you are eligible to take this survey?
	□ Yes
	□ No [INELIGIBLE/TERMINATE]
Pr	ogrammer: If "No" to Q1, TERMINATE. If "Yes," proceed to Q2.
2.	In what ZIP Code and State do you live?
	Programmer: Targeted states include Iowa (IA), Nebraska (NE), and Tennessee (TN).
	Programmer: Approved ZIP Codes include XXXXX, XXXXX, XXXXX, etc. If not within one of the target states and approved ZIP Codes, TERMINATE, otherwise, proceed to Q3.

Public reporting burden of this collection of information is estimated to average 20 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering, and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB Control Number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Reports Clearance Officer, 1600 Clifton Road NE, MS D-74, Atlanta, Georgia 30333; ATTN: PRA 0920-XXXX

3.	□ Prefer not to answer [INELIGIBLE/TERMINATE]							
	If the respondent is a resident of Nebraska and under 19 years of age, TERMINATE and present the INELIGIBILITY message.							
	For all other target States, If the respondent is under 18 years of age, TERMINATE and present the INELIGIBILITY message.							
	If "Prefer not to answer," TERMINATE.							
	If the respondent is eligible based on age, proceed to Q4.							
4.	What sex were you assigned at birth, on your original birth certificate? ☐ Male ☐ Female ☐ Refused ☐ I don't know							
5.	Do you currently describe yourself as male, female, transgender? ☐ Male ☐ Female ☐ Transgender ☐ None of these							
6.	What language do you primarily use at home (i.e., when speaking with friends or family)? □ English □ Spanish □ English and Spanish equally □ Another language, please specify: □ Prefer not to answer							
7.	What language do you primarily use when looking for, reading, or communicating about health information? □ English □ Spanish □ English and Spanish equally □ Another language, please specify:							

8. Have you visited an urgent care clinic to receive medical care at least once in the past 12 months for yourself (not for the care of a loved one)? Urgent care clinics are freestanding clinics that treat

-	walk-in infections or injuries but DC considered urgent care clinics), a stor	1 ,	
Programmer: If the respoto Q9.	ndent selects "No" or "Not sure" t	to Q8, proceed to Q11, else	proceed
9. When you visited an urgent cold, flu, or COVID-19?☐ Yes☐ No☐ Do not know/cannot ren	care clinic, did you do so for a respi	ratory infection, such as a co	ommon
10. How would you rate your o ☐ Excellent ☐ Very good ☐ Good ☐ Fair ☐ Poor	verall physical health?		
11. Are you the primary caregive facility?☐ Yes☐ No	ver of a family member who is in a n	ursing home or long-term ca	are
Programmer: Q12 is for a	dults aged 65+ only		
12. What is your current living □ By myself □ With family members □ In a nursing home or lor □ Other, please specify:	ng-term care facility		
13. Do you, your spouse or partwork for or at:	tner, or any other member of your ho	usehold (currently or in the	past)
		Yes No	0
focus groups, interviev	npany (involved in doing surveys, vs to understand trends, etc.)		
b. An advertising agencyc. The media (TV/radio/r	or public relations/marketing firm		

d.	A healthcare setting or a health and wellness organization	
	(e.g., doctor's office, clinic, hospital, health department,	
	fitness center)	
e.	A healthcare professional (e.g., doctor, nurse, pharmacist,	
	physician assistant, medical assistant, dietician, aid, sitter,	
	social worker)	

Programmer: If the respondent selects "Yes" to any option of Q13, TERMINATE.

Categorize Respondents

Programmer: Categorize respondents.

Categorize respondents as "Healthy adults who visit urgent care, 18-64" for all target states except NE. For target states NE categorize as "Healthy adults who visit urgent care, 19-64."

- Q2 = If the respondent's age is 18+ AND
- **Q8** = **Yes AND**
- **Q9** = **Yes AND**
- Q10 = Excellent, very good, OR good

Categorize respondents as "Community-dwelling older adults, 65+"

- Q2 = 65 + AND
- Q12 = By myself or with family members

Categorize respondents as "Family caregivers of nursing home (long-term care) residents"

• Q11 = Yes

Programmer: If a respondent does not fall into one of the above categories TERMINATE and display the "Ineligibility Message," else display the "Proceed to Survey Message."

Eligible/Proceed to Survey Message

Thank you for answering the screening questions. We have determined that you are eligible to proceed with this survey. If you have any questions, please contact [name] at [email address] or call phone number XXX-XXXX or XXX-XXXX.

Please click on "**Proceed to Survey**" and answer the questions to the best of your ability.

Ineligibility Message

Thank you for your willingness to participate in this survey. Unfortunately, you are not eligible to proceed with the survey. If you have any questions, please contact [name] at [email address] or call phone number XXX-XXXX or XXX-XXXX.

Thank you for your time. Please click on "Exit Survey" to exit.

BAA CONSUMER POST-CAMPAIGN SURVEY

EXPOSURE TO CAMPAIGN [ALL]

Programmer: Include one question per page.

Now, we would like to ask you about a CDC campaign on improving antibiotic use that you may or may not have seen or heard about **in the past 2-3 months**.

14. Please indicate below whether you have seen or heard any of the following campaign names or slogans in the past 2-3 months.

Programmer: Rotate Q14 (a - e), the column named "Campaigns" among respondents.

CAMPAIGNS	Yes	No	Do not know/ cannot recall
a. Get Ahead of Antibiotics			
b. Flip the Script			
c. Be Antibiotics Aware			
d. Get Smart About Antibiotics			
e. Don't Miss-take Antibiotics			

15. In the past 2-3 months , did you	ı see this logo or hear the slogan ("Be
Antibiotics Aware," "Smart Use	e, Best Care") anywhere?

☐ Yes ☐ No

☐ Do not know/cannot recall

Programmer: If the respondent selects "Yes" to Q14c and "Yes" or "Do not know/cannot recall to Q15, classify as "Exposed" and proceed to the FREQUENCY AND CHANNEL OF EXPOSURE section.

If the respondent selects "Do not know/cannot recall" to Q14c and "Yes" to Q15, classify as "Exposed" and proceed to the FREQUENCY AND CHANNEL OF EXPOSURE section.

If the respondent selects "No" or "Do not know/cannot recall" to Q14c and "No" or "Do not know/cannot recall" to Q15, classify as "Unexposed" and proceed to KNOWLEDGE section. After the quota of unexposed has been met for each target group then TERMINATE.

FREQUENCY AND CHANNEL OF EXPOSURE [EXPOSED ONLY]

Programmer: Include one question per page.

You indicated that you had seen or heard the campaign name, *Be Antibiotics Aware*, or seen the campaign logo **in the past 2-3 months**.

16. In the past 2-3 months, approximately how often did you see CDC's *Be Antibiotics Aware* campaign messages, campaign name, or logo in ...?

Programmer: Rotate the media options (Poster, Fact sheet, Brochure, etc.).

PRINTED MEDIA	1-2 times a day	Once a week	1-3 times a month	Less than once a month	Never	Do not know/cannot recall
Poster						
Fact sheet						
Brochure						
Graphic						
Newspaper/magazine advertisement						
Flyer						
Other print media, please specify:						

17. In the past 2-3 months, approximately how often did you see CDC's *Be Antibiotics Aware* campaign messages, campaign name, or logo on ...?

Programmer: Rotate the media options (Facebook, Instagram, Twitter, etc.).

SOCIAL MEDIA	1-2 times a day	Once a week	1-3 times a month	Less than once a month	Never	Do not know/cannot recall
Facebook						
Instagram						
Twitter						
LinkedIn						
YouTube						
Other social media, please specify:						

18. In the past 2-3 months, approximately how often did you see or hear CDC's *Be Antibiotics Aware* campaign messages, campaign name, or logo in...?

Programmer: Rotate the media options (Online/Internet Media).

ONLINE/INTERNET MEDIA	1-2 times a day	Once a week	1-3 times a month	Less than once a month	Never	Do not know/cannot recall
Health websites/resources (e.g., WebMD, Mayo Clinic)						

ONLINE/INTERNET MEDIA	1-2 times a day	Once a week	1-3 times a month	Less than once a month	Never	Do not know/cannot recall
Website advertisements						
Online news articles						
Streaming TV/video services (e.g., Hulu, Netflix, [Amazon] Prime Video)						
Streaming Internet radio						
Blogs						
Advertisements on mobile phone (including mobile apps)						
Search engines (e.g., Google)						
Other websites, please specify:						

19. In the past 2-3 months, approximately how often did you see or hear CDC's *Be Antibiotics Aware* campaign messages, campaign name, or logo on...?

TV AND RADIO MEDIA	1-2 times a day	Once a week	1-3 times a month	Less than once a month	Never	Do not know/cannot recall
Television (cable, satellite, or antenna)						
Broadcast radio						
Other media formats, please specify:						

20. In the past 2-3 months, approximately how often did you see CDC's *Be Antibiotics Aware* campaign messages, campaign name, or logo on...?

Programmer: Rotate the media options (Public Places).

PUBLIC PLACES	1-2 times a day	Once a week	1-3 times a month	Less than once a month	Never	Do not know/cannot recall
Billboards			0			

Bus, train, or subway stations				0
On buses or taxi cabs				
Advertisement in a shopping center or parking lot			0	0
Advertisement in a mall				
Advertisement in a grocery store			0	
Advertisement in a pharmacy (retail or hospital)			0	D
Other public locations, please specify: —	0	0	0	0

21. In the past 2-3 months, approximately how often did you see CDC's *Be Antibiotics Aware* campaign messages, campaign name, or logo in …?

HEALTHCARE SETTINGS	1-2 times a day	Once a week	1-3 times a month	Less than once a month	Never	Do not know/cannot recall
Videos/commercials shown						
at doctor's offices and/or						
healthcare facilities						
Other campaign						
placements at healthcare						
facilities, please specify:						

22. In the past 2-3 months, approximately how often did you see CDC's *Be Antibiotics Aware* campaign messages, campaign name, or logo in ...?

Programmer: Rotate the media options (Other Media).

OTHER MEDIA	1-2 times a day	Once a week	1-3 times a month	Less than once a month	Never	Do not know/cannot recall
Emails or e-newsletters						
Podcasts						
Webcasts or webinars						
Live events						
Other media, please specify:						

Programmer: If the respondent selects "Never" and/or "Do not know/cannot recall" as responses to ALL options from Q16-Q22, proceed to Q23 (open-ended question), else skip Q23.

23. You indicated that you saw or heard the campaign name, *Be Antibiotics Aware*, or saw the campaign logo in the past 2-3 months. Where did you see or hear it?

[open-ended response]

Programmer: If the respondent selects "Never or "Do not know/cannot recall" for ALL options in Q16-Q22, and left Q23 blank, reclassify these respondents as "Unexposed" and proceed to KNOWLEDGE section.

If the respondent selects "1-2 times a day," "Once a week," "1-3 times a month," or "Less than once a month" for any of the options in Q16-Q22 and filled in Q23 with more than just N/A or NONE, classify as "Exposed" and proceed to KNOWLEDGE section.

KNOWLEDGE [ALL]

Next, we would like to ask you a few questions about antibiotics.

Programmer: Include one question per page. RIGHT/WRONG responses have been indicated but do not disclose to respondents.

24. W	√hich	types	of	infections	do	antibiotics	treat?
-------	-------	-------	----	------------	----	-------------	--------

- □ Certain infections caused by viruses, including the one that causes COVID-19. **[WRONG]**
- ☐ Certain infections caused by bacteria. [**RIGHT**]
- ☐ Certain infections caused by bacteria and viruses. [WRONG]
- ☐ Do not know [WRONG]
- 25. Which of the following infections do antibiotics treat? Select all that apply.

	know" as is.
	 □ Common cold [WRONG] □ COVID-19 [WRONG] □ Influenza (flu) [WRONG] □ Pneumonia (caused by bacteria) [RIGHT] □ None of the above [WRONG] □ Do not know [WRONG]
	Programmer: For Q25, if the respondent selects "Do not know" or "None of the above," do not allow them to select the other responses.
26.	When antibiotics are not needed to treat your infection, taking antibiotics will still help. □ True [WRONG] □ False [RIGHT] □ Unsure [WRONG]
27.	Taking antibiotics can lead to side effects that could cause harm. □ True [RIGHT] □ False [WRONG] □ Do not know [WRONG]
28.	Which of the following are common side effects of antibiotics? Select all that apply. Programmer: Rotate response options; keep placement of "None of the above" and "Do not know" as is. Rash [RIGHT] Nausea [RIGHT] Diarrhea [RIGHT] Yeast infections [RIGHT] None of the above [WRONG] Do not know [WRONG] Programmer: For Q28, if the respondent selects "None of the above" or "Do not know", do not allow them to select the other responses.
29.	Which of the following statement(s) is/are true about antibiotic resistance? Select all that apply. Programmer: Rotate response options; keep placement of "None of the above" and "Do not know" as is.
	 □ Anytime antibiotics are used, they can contribute to antibiotic resistance. [RIGHT] □ Infections caused by antibiotic-resistant germs are always easy to treat with antibiotics. [WRONG] □ Antibiotic resistance happens when germs no longer respond to the antibiotics designed to kill them. [RIGHT]

None of the above [WRONG] Do not know [WRONG] Programmer: For Q29, if the respondent selects "None of the above" or "Do not know" do allow them to select the other responses. Select all that apply Programmer: Rotate response options; keep placement of "None of the above" and "Do not know" as is. I should take my antibiotics exactly as my healthcare professional prescribed. [RIGHT] It is okay if I skip doses of my antibiotics. [WRONG] It is okay to share my leftover antibiotics with a family member or friend who is not feeling v [WRONG] None of the above [WRONG] Do not know [WRONG] Programmer: For Q30, if the respondent selects "None of the above" or "Do not know" do allow them to select the other responses. Which of the following can help you feel better when you have a cold? Select all that apply. Programmer: Rotate response options; keep placement of "None of the above" and "Do not know" as is. Drink plenty of fluids. [RIGHT] Ask my HCP for an antibiotic. [WRONG] Use a clean humidifier or cool mist vaporizer to relieve congestion. [RIGHT] Use honey to relieve cough for adults and children at least 1 year of age or older. [RIGHT] None of the above [WRONG] Do not know [WRONG]		□ When antibiotics are needed, the benefits usually outweigh the risks of antibiotic resistance. [RIGHT]
Do not know [WRONG] Programmer: For Q29, if the respondent selects "None of the above" or "Do not know" do allow them to select the other responses. 30. When taking antibiotics,		
allow them to select the other responses. 30. When taking antibiotics,		
Programmer: Rotate response options; keep placement of "None of the above" and "Do not know" as is. I should take my antibiotics exactly as my healthcare professional prescribed. [RIGHT] It is okay if I skip doses of my antibiotics. [WRONG] I can save leftover antibiotics for later. [WRONG] It is okay to share my leftover antibiotics with a family member or friend who is not feeling to [WRONG] None of the above [WRONG] Programmer: For Q30, if the respondent selects "None of the above" or "Do not know" do allow them to select the other responses. 31. Which of the following can help you feel better when you have a cold? Select all that apply. Programmer: Rotate response options; keep placement of "None of the above" and "Do not know" as is. Drink plenty of fluids. [RIGHT] Ask my HCP for an antibiotic. [WRONG] Use a clean humidifier or cool mist vaporizer to relieve congestion. [RIGHT] Use honey to relieve cough for adults and children at least 1 year of age or older. [RIGHT] None of the above [WRONG] Do not know [WRONG]		Programmer: For Q29, if the respondent selects "None of the above" or "Do not know" do no allow them to select the other responses.
know" as is. I should take my antibiotics exactly as my healthcare professional prescribed. [RIGHT] It is okay if I skip doses of my antibiotics. [WRONG] I can save leftover antibiotics for later. ATTITUDES AND BELIEFS [ALL EXCEPT FAMILY CAREGIVER]

Programmer: Include one question per page. Do not allow participants to go back and change their answer to a previous question. Remove ATTITUDES AND BELIEFS subcategory headings from tables after programming (e.g., "Perceived Susceptibility", "Perceived Severity", etc.).

Keep the following text on the same page as Q32.

Next, we are going to ask you some questions to learn more about your perspective on antibiotics. Please give us your honest responses. There are no right or wrong answers to any of these questions.

We would like to provide you with a definition of a few key terms to assist you in answering the following questions:

<u>Antibiotic resistance</u> happens when germs no longer respond to the antibiotics designed to kill them. That means the germs are not killed and continue to grow. It does not mean your body is becoming resistant to antibiotics.

<u>Clostridioides difficile</u> (often called C. difficile or C. diff) is a germ (bacterium) that causes severe diarrhea and colitis, or inflammation of the colon. C. diff infection can lead to severe colon damage and death.

32. Please indicate the extent to which you agree with the following statements, from strongly disagree to strongly agree.

PERCEIVED SUSCEPTIBILITY	Strongly Disagree	Disagree	Neither Agree nor Disagree	Agree	Strongly Agree
a. I believe that I may have taken antibiotics when I didn't need them over the last 12 months.					
b. I believe that I could get an antibiotic-resistant infection.					
c. I believe that any time people take antibiotics, it contributes to antibiotic resistance.					
d. I believe that my healthcare professional(s) may have given me prescriptions for antibiotics when they were not necessary.					
e. I believe that anyone taking antibiotics can experience side effects, such as rash, nausea, and/or diarrhea.					
f. I believe that taking antibiotics can lead to serious side effects, including <i>Clostridioides difficile (or C. diff)</i> infection, life-threatening allergic reactions, or antibiotic-resistant infections.

BEHAVIOR [ALL EXCEPT FAMILY CAREGIVER]

Programmer: Include one question per page.

44. Think about the visits you had with a healthcare professional for a respiratory infection over the past 12 months. These include both in-person and telehealth visits. During these visits, how often did you speak with your healthcare professional(s) about the following?

Programmer: Include "Did not visit healthcare professional for a respiratory infection in the past 12 months" as one option for all of a-d (merged cell).

		Never	Rarely	Sometimes	Often	Always	Do not know/cannot recall	Did not visit healthcare profession al for an infection in the past 12 months
	a. If antibiotics were or were not needed to treat my infection.							
	b. How to feel better when I was sick without taking antibiotics.							
	c. The risks of taking an antibiotic (e.g., antibiotic resistance, side effects) when I was sick.							
	d. The benefits of taking antibiotics when I was sick.							
45.	Programmer: If response to Q44 a, b, c, and d is "Did not visit healthcare professional for an infection in the past 12 months", skip to Q60 (SOURCES OF INFORMATION). For any other response, proceed to Q45. 5. In the past 12 months, how often have you expected—but not directly asked—a healthcare professional to prescribe you antibiotics? □ Always □ Often □ Sometimes							
	□ Rarely□ Never□ Do not know/cannot re	ecall						
46.	In the past 12 months, did prescribe you antibiotics b	-		-	for a	healthcare	professional to	
	 □ Yes, I had COVID-19 and expected antibiotics □ No, I had COVID-19 but did not expect antibiotics 							

 \square No, I have not had COVID-19 in the past 12 months

☐ Do not know/cannot recall

47.	antibiotics?
	□ Always □ Often □ Sometimes
	□ Rarely
	□ Never □ Do not know/cannot recall
	Do not know/cannot recan
48.	In the past 12 months, did you directly ask a healthcare professional to prescribe you antibiotics because you had COVID-19?
	 □ Yes, I had COVID-19 and directly asked a healthcare professional to prescribe antibiotics □ No, I had COVID-19 but did not directly ask a healthcare professional to prescribe antibiotics □ No, I have not had COVID-19 in the past 12 months □ Do not know/cannot recall
49.	In the past 12 months, did a healthcare professional prescribe you antibiotics? ☐ Yes ☐ No
	□ Do not know/cannot recall
50.	In the past 12 months, did a healthcare professional prescribe you antibiotics because you had COVID-19?
	Programmer: For Q50, if the respondent selects, "I did not take the antibiotics at all" or "Do not know/cannot recall," do not allow them to select the other responses.
	□ Yes
	□ No □ I did not take antibiotics at all
	□ Do not know/cannot recall
	☐ I have not had COVID-19 in the past 12 months
51.	In the past 12 months, did you ever take leftover antibiotics previously prescribed to you or someone else by a healthcare professional?
	Programmer: For Q51, if the respondent selects, "No, I did not take leftover antibiotics previously prescribed to me or someone else" or "Do not know/cannot remember", do not allow them to select the other responses
	allow them to select the other responses. ☐ Yes, I took leftover antibiotics previously prescribed to me
	☐ Yes, I took leftover antibiotics previously prescribed to someone else
	 □ No, I did not take leftover antibiotics previously prescribed to me or someone else □ Do not know/cannot remember
	□ Not applicable/I was not sick during this time

52.	In the past 12 months, did you ever take leftover antibiotics previously prescribed to you or someone else by a healthcare professional because you had COVID-19? Programmer: For Q52, if the respondent selects, "No, I did not take leftover antibiotics previously prescribed to me or someone else" or "Do not know/cannot remember", do not allow them to select the other responses.								
	allow them to select the other responses. ☐ Yes, I took leftover antibiotics previously prescribed to me because I had COVID-19 ☐ Yes, I took leftover antibiotics previously prescribed to someone else because I had COVID-19 ☐ No, I did not take leftover antibiotics previously prescribed to me or someone else ☐ Do not know/cannot remember ☐ I did not test positive for COVID-19 in the past 12 months

USE OF CAMPAIGN MATERIALS [EXPOSED ONLY]

Programmer: POSTTEST ONLY: include image of below chart, "Viruses or Bacteria –What's got you sick?" and each question from Q64 through Q66 on same page.

Viruses or Bacteria What's got you sick?

Antibiotics are often prescribed when they are not needed for respiratory infections. Antibiotics are only needed for treating certain infections caused by bacteria. Viral illnesses cannot be treated with antibiotics. When an antibiotic is not prescribed, ask your healthcare professional for tips on how to relieve symptoms and feel better.

Common Respiratory	Co	Are		
Infections	Virus	Virus or Bacteria	Bacteria	Antibiotics Needed?
Common cold/runny nose	~			No
Sore throat (except strep)	~			No
COVID-19	V			No
Flu	~			No
Bronchitis/chest cold (in otherwise healthy children and adults)*		~		No*
Middle ear infection		~		Maybe
Sinus infection		~		Maybe
Strep throat			V	Yes
Whooping cough			~	Yes
* Studies show that in otherwise healthy children and adults, antibiotics for bronchitis won't help patients feel better.				

To learn more about antibiotic prescribing and use, visit www.cdc.gov/antibiotic-use.
