Subject: FW: Question about Privacy Clearance and OMB--Do we need it again for the individual OMB submission or are we covered?

Here's the clearance that we received.

Thanks,

Valerie

Hi Valerie,

So sorry! I meant to email you this morning.

After reviewing "Message Testing of Spanish-Language Drug Overdose Prevention, Harm Reduction, and Treatment and Recovery Communications for Hispanic and Latinx Populations", we have determined the Privacy Act does NOT apply.

Please let us know if you have any questions.

Anusha

Anusha,

I know these can take a while to review. Just checking back on this, I was just curious about the timeline on when we would hear back about this? Our contractor is asking who is putting together our OMB package as you know time is always of the essence. Hope you are having a good week!

Best,

Valerie

Anusha,

Sorry about that. Please find the updated message testing plan attached for review. Let me know if you need any additional information.

Best,

Valerie

Hi Valerie,

Karen Angel usually reaches out to us to get approval for privacy.

Please send along any documents you have related to the package. We'll review it and let Karen know our decision.

Thanks!

Anusha

Danny,
We are about to submit an OMB package for our drug overdose campaign work. What do we need to provide you and your team to get a statement on the applicability of the privacy? I've attached the latest overview of the message testing plan.

Thanks,

Valerie

Valerie

No this will not work, you will need to get from Danny's team an statement on the applicability of the Privacy to your project.

Thanks
KAngel

Subject: Question about Privacy Clearance and OMB--Do we need it again for the individual OMB submission or are we covered?

Karen,

We had a question come up that I hoped you could help me with. I had to get the privacy clearance for contract 11264 Drug Overdose Campaign research (it is attached). As you know, we are about to submit an OMB package to do health formative research for both the online survey monkey surveys and the in depth interviews we will be conducting with Latinx and Hispanic individuals and their care networks (parents, friends, family members) to find out their knowledge/attitudes/ and beliefs about drug use so that we can appropriate message them to help prevent opioid use. The question is do we need to do an additional privacy clearance for OMB submission or are we covered with this one we had to do when we put the contract into place?

Thanks,
