TITLE OF INFORMATION COLLECTION: Registrations for Annual Center for Cancer Training (CCT) Courses and Workshops (NCI)

PURPOSE:

NCI CCT wishes to collect registration details from participants of courses and workshops to ensure that candidates meet basic eligibility requirements as intramural trainees. The trainees participate in annual courses and workshops throughout the year to learn a variety of scientific and professional topics that improve their career development.

The registrations for all the workshops and training listed will be held annually until September 2025. These courses and workshops are essential to the scientific and professional development of trainees across NCI:

Our Fall Courses:

- Translational Research in Clinical Oncology (TRACO) – 14 Sessions per year
- Preparing for Science-Based Non-Traditional Careers (PSNC) – 6 Sessions per year

Our Spring Courses:

- Statistical analysis of research data (SARD) – 4 Sessions per year
- Teaching in Medical Education (TIME) – 1 Session per year
- K grant writing workshop – 9 Sessions per year

Our Summer Courses:

- Statistical tutorial (ST) – 1 Session Per Year
- Scientific management training (SMT) – 1 Session Per year

DESCRIPTION OF RESPONDENTS:

NCI and NIH trainees (e.g., postdocs, postbacs, clinical fellows), staff and clinician scientists, and students to assist in developing those training in basic, clinical, and translational research at the bench beyond.

If you are conducting a focus group, survey, or plan to employ statistical methods, please provide answers to the following questions:

The selection of your targeted respondents

Do you have a customer list or something similar that defines the universe of potential respondents, and do you have a sampling plan for selecting from this universe?

[X] Yes [] No

If the answer is yes, please describe both below (or attach the sampling plan). If the answer is no, please describe how you plan to identify your potential group of respondents and how you will select them.

These courses are advertised through NIH/NCI and NCI Frederick listservs, individual labs and committee members, GovDelivery, and cancer.gov websites. Registration is first come, first served. Registration is capped at the number of respondents indicated on page 2 for each course/workshop, and no further registrations are allowed once the maximum number is reached. The online registration site does not allow additional registrations once the cap has been reached.
