

The NCI CCT Office of Training and Education announces a course in Teaching in Medical Education (TIME)

Overview: Many postdoctoral fellows are considering an academic career at a medical school. In addition to conducting research, new faculty must learn effective teaching methodologies. The course will focus on good teaching practices including basic strategies for developing and organizing a course.

The purpose of TIME is to increase the scientist's ability to teach in medical education. The course will provide basic knowledge in teaching methods, course planning, writing a syllabus and developing examinations.

The registration deadline is January 28, 2023. There is no registration fee. Note, the TIME course is limited to 50 registrants. For more details about the course and program contacts, please visit the [TIME website](#).

Please fill out this form to register for this event.

OMB No.: 0925-0740
Expiration Date: 09/30/2025

Public reporting burden for this collection of information is estimated to average 5 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. **An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.** Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0740). Do not return the completed form to this address.

Teaching in Medical Education
