

IPPCR Final Course Evaluation - V2

2024-2025 2025

Introduction to the Principles and Practice of Clinical Research (IPPCR) - TEST

Please report back to the collection of education in your portfolio as well as the program experience, including the time for teaching content, learning and teaching content, and teaching and learning from the collection. We hope to improve our content and program and expand to other units, and we would appreciate your feedback. We will use your comments to inform our planning. We are committed to providing a high-quality experience for all participants, and we will continue to work on this. We will use your comments to inform our planning. We are committed to providing a high-quality experience for all participants, and we will continue to work on this.

Please rate each statement below:

1. As a result of my participation in this course, I can better understand the methods involved in clinical research.

- None or not at all
Very little
Moderately
Considerably
Completely

2. As a result of my participation in this course, I can better understand the statistical methods involved in clinical research.

- None or not at all
Very little
Moderately
Considerably
Completely

3. As a result of my participation in this course, I can better understand the principles involved in the ethics of clinical research, the legal issues involved in clinical research, and the regulations involved in human subjects research, including the role of IRBs in clinical research.

- None or not at all
Very little
Moderately
Considerably
Completely

4. As a result of my participation in this course, I can better understand the principles and issues in conducting patient-oriented research.

- None or not at all
Very little
Moderately
Considerably
Completely

5. As a result of my participation in this course, I can better understand the principles and issues in teaching data management.

- None or not at all
Very little
Moderately
Considerably
Completely

6. As a result of my participation in this course, I can better understand the selection criteria for performing clinical research and understand the steps involved in developing and funding research studies.

- None or not at all
Very little
Moderately
Considerably
Completely

7. The organization of the lecture was useful to me.

- None or not at all
Very little
Moderately
Considerably
Completely

8. The material covered in the lecture was useful to me.

- None or not at all
Very little
Moderately
Considerably
Completely

9. The overall quality of the lecture process was an asset to the program.

- None or not at all
Very little
Moderately
Considerably
Completely

10. Participation in this activity enhanced my professional effectiveness.

- None or not at all
Very little
Moderately
Considerably
Completely

11. The discussion was useful to me.

- None or not at all
Very little
Moderately
Considerably
Completely

12. The educational objectives were useful to me.

- None or not at all
Very little
Moderately
Considerably
Completely

13. The content was useful to me.

- None or not at all
Very little
Moderately
Considerably
Completely

14. The technical level of the course was:

- Appropriate
Too High
Too Low

15. The pace of the course was:

- Appropriate
Too Fast
Too Slow

16. The length of the course was:

- Appropriate
Too Short
Too Long

17. Did you perceive any commercial bias?

- Yes
No

Enter your comments:

Please provide any comments on the following: the program, the content, the teaching, the evidence-based practice, the research, the faculty, the time, and the overall experience. We would appreciate your feedback. We will use your comments to inform our planning. We are committed to providing a high-quality experience for all participants, and we will continue to work on this.

Comments and Feedback:

18. What were the major strengths of the course?

19. What were the weaknesses?

20. Are there more topics you would like to have covered in this course?

21. What was your overall impression of the faculty in terms of teaching ability, depth of topic coverage and general knowledge of the subjects we have covered? (Be specific.)

22. Do you have additional comments to enhance the activity or impact of the course?
