

IPPCR Final Course Evaluation - V2

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, reviewing and collecting the data, and reviewing and collecting the data. Send comments regarding this burden estimate or any aspect of this collection of information, including suggestions for reducing this burden, to Washington Headquarters Service, Paperwork Project (0154-0001), Washington, DC 20503-2941.

Please rate each statement below:

- 1. As a result of my participation in this course, I can better understand epidemiologic methods involved in clinical research.
2. As a result of my participation in this course, I can better understand statistical methods involved in clinical research.
3. As a result of my participation in this course, I can better understand the principles involved in the ethics of clinical research, the legal issues involved in clinical research, and the regulations involved in human subjects research, including the role of IRBs in clinical research.
4. As a result of my participation in this course, I can better understand the principles and issues in monitoring patient-oriented research.
5. As a result of my participation in this course, I can better understand the principles and issues in treating data management.
6. As a result of my participation in this course, I can also discuss the selection criteria for performing clinical research and understand the steps involved in developing and funding research studies.
7. The organization of the lecture was useful to me.
8. The material covered in the lecture was useful to me.
9. The overall quality of the lecture process was an asset to the program.
10. Participation in this activity enhanced my professional effectiveness.
11. The discussion was useful to me.
12. The educational objectives were useful to me.
13. The content was useful to me.
14. The technical level of the course was:
15. The pace of the course was:
16. The length of the course was:
17. All your questions are answered here?

Yes
No

Comments and Feedback

18. What were the major strengths of the course?
19. What were the weaknesses?
20. Are there more topics you would like to have covered in this course?
21. What was your overall impression of the faculty in terms of teaching ability, depth of topic coverage and general knowledge of the subjects we have covered? (Be specific.)
22. Do you have additional comments to enhance the utility or impact of the course?
