

Sabbatical in Clinical Research Management - 2019: Course Evaluation Form

OMB # 0925-XXXX
Expiration Date: XX/XXXX

Public reporting burden for this collection of information is estimated to average 10 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: IPRA (0925-xxxx). Do not return the completed form to this address.

Please respond to each statement:

1. As a result of my participation in this course, I am familiar with the basic study design methods involved in clinical research.

- None or not at all
- Very Little
- Moderately
- Considerably
- Completely

2. As a result of my participation in this course, I am able to discuss the ethical and legal issues, and regulations involved in human subjects research, including the role of IRBs in clinical research.

- None or not at all
- Very Little
- Moderately
- Considerably
- Completely

3. As a result of my participation in this course, I am familiar with the principles and methods in monitoring clinical research and in data management.

- None or not at all
- Very Little
- Moderately
- Considerably
- Completely

4. As a result of my participation in this course, I am familiar with the principles and methods involved in data management

- None or not at all
- Very Little
- Moderately
- Considerably
- Completely

5. As a result of my participation in this course, I am able to discuss the infrastructure required in performing clinical research.

- None or not at all
- Very Little
- Moderately
- Considerably
- Completely

6. As a result of my participation in this course, I am able to understand the steps involved in developing and funding research studies.

- None or not at all
- Very Little
- Moderately
- Considerably
- Completely

7. The topics available during the sabbatical were useful to me.

- None or not at all
- Very Little
- Moderately
- Considerably
- Completely

8. The material covered in the course was useful to me.

- None or not at all
- Very Little
- Moderately
- Considerably
- Completely

9. The overall quality of the instruction process was an asset to the program.

- None or not at all
- Very Little
- Moderately
- Considerably
- Completely

10. Participation in this activity enhanced my professional effectiveness.

- None or not at all
- Very Little
- Moderately
- Considerably
- Completely

Comments and Feedback:

11. What were the major strengths of the sabbatical experience?

12. What were the weaknesses?

13. Are there topics you had wanted to cover but were not able to during your sabbatical time at NIH?

14. Are there new topics you would like to have covered in this activity or in a related activity?

15. What was your overall impression of the NIH staff you met with in terms of content knowledge of the topics discussed? (Be specific.)

15. What was your overall impression of the NIH staff you met with in terms of content knowledge of the topics discussed? (Be specific.)

16. Do you have additional comments to enhance the utility or impact of the sabbatical experience?
