

**Justification for Non-Substantive Changes for
RSI/DI Quality Review Case Analysis - Sampled Number Holder;
Auxiliaries/Survivors; Parent; Stewardship Annual Earnings Test
OMB No. 0960-0189**

We are revising the information collection within a year of the OMB approval date, to update the Privacy Act Statement, and to make a minor correction on Form SSA-4659, Stewardship AET Workbook, and update the Privacy Act Statement on the form. SSA was unable to make these changes prior to the previous submission of the clearance package because the Privacy Act Statement was updated after submission to OMB, and we did not note the need to update the language on page #3 of the form until after we received approval on 7/28/22.

Revision to Form SSA-4659:

- **Change #1:** We are revising the language on page 3, under Consolidated Review
 - **Old Language:** Resolve any difference between desk review & field review
 - **New Language:** Resolve any difference between desk review & phone review

Justification #1: We are revising the language, because Stewardship only conducts phone interviews.

- **Change #2:** We are revising the Privacy Act Statement on this form.

Justification #2: SSA's Office of the General Counsel is conducting a systematic review of SSA's Privacy Act Statements on agency forms. As a result, SSA is updating the Privacy Act Statement on the form.

These changes do not affect the public reporting burden.

SSA will implement these minor revisions to the form upon OMB approval.
