

Instrument 3. Child care provider survey

Consent information for landing page of REDCap Survey (respondents will have seen all these details earlier in the outreach materials).

We are inviting you to take part in our research on child care licensing. This one-time, voluntary online survey should take no more than 30 minutes to complete. The survey should be completed by the person who is primarily responsible for ensuring the child care program is meeting licensing regulations. If you are eligible for the survey, you will receive a \$20 gift card, which will be sent to you after completing the survey.

You can skip any question, and you can stop the survey at any time. There are no right or wrong answers to any of our questions. There is a chance that you may feel uncomfortable answering some questions. Although there are no direct benefits to you for completing this survey, we hope that the information you provide will benefit the licensing system and providers.

The information in this survey will be used only for research purposes and in ways that will not reveal who you are. You will not be identified in any publication from this study. We will share some of the data we collect with qualified individuals for research purposes.

Personally identifying information (PII), such as your name, can only be accessed for the study's research purposes by the project team and authorized personnel associated with the project, on a need-to-know basis. Your answers to the survey questions will be used only for research purposes.

If you would like a copy of this information or have questions, please email us at licprov@childtrends.org, or contact the IRB at irbparticipant@childtrends.org or by phone at 1-855-288-3506.

The Paperwork Reduction Act Statement: This collection of information is voluntary and will be used to better understand the child care and early education (CCEE) licensing system as well as CCEE providers' perceptions, challenges, and ideas for improving CCEE licensing systems. Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB number and expiration date for this collection are OMB #: 0970-XXXX, Exp: XX/XX/XXXX. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to Child Trends, 1516 Franklin Street, Suite 205, Chapel Hill, NC 27514, Attention: Kelly Maxwell.
