

U.S. DEPARTMENT OF HOMELAND SECURITY U.S. COAST GUARD	Certificates of Compliance, Boiler/Pressure Vessel Repairs, Cargo Gear Records, Shipping Papers, and NFPA 10 Certificates	OMB No. 1625- 0037 Exp: 11/30/2022
---	---	--

<b>Who must comply?</b>	Owners and operators of commercial vessels.
<b>What is this collection about?</b>	This information collection affects owners and operators of commercial vessels. The information is necessary for the proper administration and enforcement of the commercial vessel safety program for these vessels.
<b>Where do I find the requirements for this information?</b>	Title 33 CFR Chapter I and Title 46 CFR Chapter I, are available at— <a href="https://www.eCFR.gov">https://www.eCFR.gov</a> , select TITLE 33 – NAVIGATION AND NAVIGABLE WATERS or select TITLE 46 – SHIPPING, and follow to Chapter I.
<b>When must information be submitted to the Coast Guard?</b>	For an owner or operator of a vessel seeking to repair a boiler or pressure vessel, the information must be submitted to the Coast Guard (CG) Officer in Charge, Marine Inspection (OCMI) in advance of the repair. The OCMI may direct that information is sent to the CG Marine Safety Center (MSC) for technical review. For a Certificate of Compliance (COC), Cargo Gear Record, or Shipping Papers, the information is not submitted to the CG, but rather maintained on board the vessel and made available to the CG for inspection. Vessel owners or operators would be required to keep on file a copy of the NFPA 10 certificate for the individual conducting the annual maintenance when performed in-house. The certificate must be produced upon request by a CG marine inspector.
<b>How is the information submitted?</b>	In writing or electronically via e-mail or phone. Information may be submitted to the CG Officer in Charge, Marine Inspection (OCMI) at the local Sector Office, or the CG MSC. Contact info for CG OCMI's can be found at— <a href="https://www.uscg.mil/Units/Organization/">https://www.uscg.mil/Units/Organization/</a> . For information on submitting information to the CG MSC, go to— <a href="https://www.dco.uscg.mil/msc">https://www.dco.uscg.mil/msc</a> .
<b>What happens when complete information is received?</b>	The CG will review the boiler/pressure vessel information and determine if the proposed repair is acceptable. If it is acceptable, the CG will notify the owner or operator of the commercial vessel.
<b>For additional information, contact--</b>	Your local CG Sector Office or the CG MSC. <ul style="list-style-type: none"> <li>• A list of Coast Guard sectors, as part of a comprehensive list of Coast Guard units, can be found at <a href="https://www.uscg.mil/Units/Organization/">https://www.uscg.mil/Units/Organization/</a>.</li> <li>• The MSC contact info is at— <a href="https://www.dco.uscg.mil/msc">https://www.dco.uscg.mil/msc</a>.</li> </ul>

An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a valid OMB control number.

The Coast Guard estimates that the average burden per response for this report varies per information collection—about 4 minutes for NFPA 10 certification recordkeeping; 10 minutes to report a boiler/pressure vessel deficiency; 10 minutes for cargo gear recordkeeping; 10 minutes for Certificate of Compliance recordkeeping; up to 15 minutes for shipping papers recordkeeping. You may submit any comments concerning the accuracy of this burden estimate or any suggestions for reducing the burden to: Commandant (CG-CVC), U.S. Coast Guard Stop 7501, 2703 Martin Luther King Jr Ave SE, Washington, DC 20593-7501 or Office of Management and Budget, Paperwork Reduction Project (1625-0037), Washington, DC 20503.
